$569,169 Project

Route 66 About Finished

Workers are applying finishing touhes to 2.3 miles of Route 66 in Hancock County, widened and improved after 17 months of construction.

Two sections of the road stretching between Newell and New Cumberland are shown. At the top, the new roadway is seen stretching over the crest of a grade just outside of New Cumberland. The picture was taken from the old section of Route 66, the scene of one of the sharpest hairpin curves in the state before the W. A. Wilson & Sons Construction Co. of St. Marys relocated the road to a lower level near the Crescent Brick Co.

The other view shows the road descending on a grade leading into Congo, south of Newell.

The project, started in May 1957 and costing $569,169, is expected to be fully completed within the next two weeks. Workers are installing guardrails and preparing to paint center lines. On new grades, the road will be 36 feet wide with 2 lanes for traffic heading north and one lane for descending traffic. Between grades, the roadway will be 24 feet wide.

Traffic moving north to Waterford Park was re-routed over secondary roads during the summer and for the last two months. The project was financed under the federal improvement system with the state.

Only One Known To Survive

30 Die As British, Italian Planes Collide In Midair

U.S. Escorts May Resume To Quemoy

Dulles Nears End Of His Talks With Chiang Kai-shek

TAIPEI, Formosa (AP)—Secretary of State Dulles' visit to President Chiang Kai-shek neared an end today. The chief result visible so far was a new warning that the United States will resume escorting supplies to Quemoy if that becomes militarily necessary.

The top American commander on Formosa, Vice Adm. Roland N. Smoot, followed up with an announcement that convoy operations have not been resumed.

A spokesman for the U.S. Defense Command explained that the command didn't think resumption of convoying was necessary yet because the Nationalist islands just off the China mainland now are well supplied.

Asst. Secretary of State Walter Robertson, who had accompanied Dulles to Formosa, told reporters the secretary and Chiang had made "very definite gains . . . in clarifying some of the confusions that existed in our country and in China." He added there had been "no rift of any kind."

Observers anticipated that at the most the meetings would produce a better understanding, and a joint declaration of continued cooperation.

Robertson denied that the offshore islands were being held by the Nationalists as a base for future invasion of the mainland.

"There isn't anyone above the intelligence of a military moron who thinks for one moment these islands are a base for an attack on the mainland," he declared.

"The forces are there in strength (about 100,000 men) not for an offensive but for defensive purposes."

Until the Reds ended the cease-fire, Dulles reportedly had hoped to get Chiang to withdraw a large number of them as evidence he did not plan to use the islands as the jumping-off point for an invasion. Dulles had hoped this would induce the Communists to make their cease-fire permanent.

Woman Hurt Slightly

2 Officers Face Quizzing For Cruiser-Auto Wreck

Acting Police Chief Clyde W. Boso is scheduled to conduct a hearing this afternoon at 2 at headquarters into a smashup late Tuesday afternoon at Pennsylvania Ave. and Virginia Ave. that damaged a cruiser heavily and injured a woman driver slightly.

Headed downtown in response to a radio message to report to headquarters, a cruiser driven by Patrolman Howard Bosworth, 22, was involved in a crash with a 1953 sedan driven by Mrs. Jean A. Russell, 38, of 1151 Ohio Ave., police reported.

Mrs. Russell was released after treatment at City Hospital for bruises of the elbow and knees. Bosworth and his companion, Patrolman N. W. Blatchford, escaped unhurt.

In the hearing into the crash, the acting chief said he will talk with the two officers who were in the cruiser and any other officers or individuals who have direct knowledge about the mishap.

The crash smashed the left front of a 1957 Plymouth four - door sedan which was donated to the city for police work by American Legion Post 4. It damaged the left rear fender, bumper, deck lid and tail light of the private car, police said.

Both cars were westbound on Pennsylvania Ave. when the crash occurred about 5:25 p. m. police said. Boso said the cruiser was moving about 35 miles an hour with its siren and warning red light in operation because the officers had been told by radio to report to City Hall "in a hurry."

The police accident report said the woman's car "was sitting in the middle of the street, preparing to make a left turn onto Virginia Ave. when she stopped the turn and pulled toward the right hand curb."

Boso said the cruiser operator originally intended to pass the woman's auto on the right because she was making a left turn, but when she pulled toward the right there was not enough clearance to pass. Bosworth said he applied the brakes on the cruiser but they "gave out." He said he swerved toward Virginia Ave., but did not have enough clearance to avoid striking Mrs. Russell's car.

The group called to the meeting

(Turn to CRUISER, Page 7)

SMASHED CRUISER. This police car was damaged heavily late Tuesday afternoon when it was involved in a collision with a private auto at Pennsylvania and Virginia Aves. while en route downtown in response to a radio message from headquarters. Acting Police Chief Clyde W. Boso has scheduled an investigation into the crash, in which a woman driver was hurt slightly.

Officials Say Skies Clear Over Anzio

Pilot Of Military Jet Only Survivor, 'Chutes To Safety

ANZIO, Italy (AP)—A British airliner and an Italian military jet collided over Anzio today.

Police said 30 persons were killed—the passengers and crew of a British European Airways Viscount. It plunged into an Italian army artillery range.

The pilot of the military plane parachuted to safety. Police said he was the only known survivor.

The pilot, Capt. Giovanni Savorelli, was rushed to a hospital at Nettuno.

BEA said its airliner was carrying 25 passengers and 5 crew members.

The wing of the airliner was reported to have snapped off in the collision.

The plane was on a flight from London to Naples and Malta.

Anzio is a small fishing port where British and American troops landed in World War II.

Crash crews from Rome's Ciampino Airfield, 30 miles from Anzio, rushed to the scene.

The British plane was due at Naples at about 1 p.m. The collision occurred at about that time.

Airline officials first had reported the collision came in a fog. But Ciampino Airport officials said the weather was reported clear over all central Italy.

The military plane continued its flight for a second after the collision, then nosed over as the pilot bailed out.

The four-engine turboprop airliner headed into a dive.

The last serious crash involving a BEA plane on the continent was in February when an airliner carrying the Manchester united football team crashed on takeoff at Munich, killing 23 people.

Cuban Plane Missing With 11 In Rebel Area

HAVANA, Cuba (AP)—A Cuban DC3 airliner carrying 11 passengers was missing today in the rebel infested country of eastern Cuba.

Jose A. Vilaboy, manager of the Compania Cubana de Aviacion, said the plane was flying in bad weather and may have made a forced landing. The plane left Santiago Tuesday for the Preston sugar plantation near Amoa.

Vilaboy said he had asked the U.S. Navy base at Guantanamo Bay to send out search planes but bad weather had prevented flights.

The zone where the DC3 is missing is situated in the northern part of Oriente province, territory held by Raul Castro, one of Cuba's rebel cheiftains.

Rebel radios had warned Cubans not to use the airline,declaring it to be too closely connected with the government of President Fulgencio Batista.

Tripleheader A-Test Slated By U.S. Today

ATOMIC TEST SITE, Nev. (AP) —The first blast of a scheduled atomic tripleheader lit up the mottled, predawn sky in a brilliant yellow flash today.

The yellow gradually dissolved into a pink afterglow visible for several minutes in Las Vegas some 90 miles away.

The blast, from beneath a balloon 1,500 feet above Yucca Flat, was described by the Atomic Energy Commission as about half nominal in yield. That means it had the power of about 10,000 tons of TNT — or about half the destructive force of each of the bombs dropped on the Japanese cities of Haroshima and Nagasaki at the end of World War II.

The shot, nicknamed Socorro, was the first of three blasts set for today, weather permitting. All of the tests have been postponed at least once and one of them eight times.

2 Contracts Awarded For Water Projects

The Midland Municipal Water Authority Tuesday evening awarded contracts for a replacement of a 500,000-gallon water tank and extension of water lines in the borough.

The contract for the new tank was awarded to the Hammond Iron Works of Warren, Pa., on the low bid of $24,200. A contract for 3,800 feet of 8-inch water line was awarded to the Crown Construction of Pittsburgh on a low bid of $39,172.19.

Construction of the water improvements should take about five months. No starting date has been given but it should be completed by spring.

The new line will serve parts of Ohio Ave., Railroad St. and Wood Ln. between 3rd and 6th Sts., tying in with existing lines.

To Make TV Speech Tonight

President Takes Vote-GOP Offensive Into Chicago

By The Associated Press

President Eisenhower carried his vote-Republican offensive into the Midwest today after raking the Democrats in a California foray. Former President Truman said Eisenhower and Vice President Nixon are jittery over election prospects

Eisenhower flew to Chicago Tuesday night from San Francisco, where he blamed Democrats in Congress for preventing enactment of his proposals to "fumigate" corruptly run labor unions.

The President also said Democrats have given impetus to what he called a "dangerous drift toward centralization" of government.

He was billed to make a coast-to-coast televised speech from Chicago tonight on behalf of Republican candidates for Congress.

Truman was due in Wilmington, Del., to beat the drums for Democratic candidates.

In a speech prepared for a rally at the Delaware city, Truman scoffed at Eisenhower's talk of running a sound government.

He said, "A 'sound' government to the Republicans is the kind of government in which the President makes nice sounds while the vice president snarls."

Truman said the Eisenhower administration was responsible for heavy unemployment, record living costs, a drop in farm income, a big federal deficit, dangerous delays in defense buildup and what he called "a decay of our world position through blunder, bluster, and brinkmanship."

The former President has cautioned Democrats to run scared. But he seemed to ignore his own advice Tuesday night. He told a party dinner at New Castle, Pa., that the Nov. 4 election will bring the biggest Democratic landslide since 1932.

Truman said he had been asked if the Democrats had the jitters because Eisenhower and Nixon were on the campaign trail. It's Eisenhower and Nixon who have the jitters, the 74-year-old Democratic leader said.

Nixon, whose stumping has taken him across the country, was bound for New England today, with stops scheduled in Hartford, Conn., Burlington, Vt., and Providence, R.I.

Speaking in Baltimore Tuesday night, Nixon moved to woo what he described as Democratic moderates who back Eisenhower foreign policies. He singled out for special mention Sen. Lyndon B. Johnson of Texas, the Senate Democratic leader.

Nixon said he distinguishes between Democrats of the Johnson type and "the leadership which presently controls the Democratic National Committee, which is radical in its approach to economic problems and . . . bitterly partisan in its criticism of the Eisenhower foreign policy."

The vice president's remarks about moderate and radical Democrats came amid a row between Democratic National Chairman Paul M. Butler and some Southern Democrats over the civil rights issue.

Republican National Chairman Meade Alcorn took a somewhat different tack in a statement today commenting on the Butler-Dixie dispute. He described as "most revealing" Butler's "recognition of the Southern Democrat

(Turn to IKE, Page 7)

Vandals Or Saboteurs Cited As Train Jumps

METHUEN, Mass. (AP) — A track switch opened by vandals or saboteurs sent a Boston & Maine Railroad train hurtling into two standing freight cars late Tuesday night.

Nineteen of the 47 persons aboard the passenger train were injured, none seriously.

A spokesman for the railroad and Methuen Police Chief Cyril Feugill both said the two-car Budd liner passenger train had swerved onto a side track when it came to a switch opened in an act of vandalism or sabotage.

The train hit the two empty freight cars, then came to rest at a tilt against a grain shed.

The train was bound for Boston from Rockingham Horse Race Track at Salem, N.H., after a night program of harness horse racing.

Singapore Clamps Ban On Red Publications

SINGAPORE (AP) — The Singapore government today banned the import, sale and circulation of all publications from 53 publishing houses in Red China and Hong Kong.

The chief secretary also revoked permits of several local "mosquito" newspapers — 4 to 8 page papers published at intervals of one to three weeks—because they consistently published material "harmful to the security of Malaya or to public morals."

Java Quake Kills 7 And Injures 1,856

JAKARTA, Indonesia (AP) — Reports reached Jakarta today of an earthquake in central and east Java which killed seven persons and injured 1,856 in the town of Blitar.

The quake earlier this week destroyed 95 houses.

U.S. Eligible Voters Placed At 76,145,600

Official, Unofficial Figures Record For Midterm Election

WASHINGTON (AP) — Official and unofficial estimates today placed the nation's eligible voters for the Nov. 4 elections at 76,145,600. This is a record for a midterm election.

Despite scattered reports of voter apathy, the same sources estimated the probable total vote in the 48 states at 48,131,226, including the 284,226 already officially recorded for Senate candidates in Maine Sept. 8. This also would be the highest for any non-presidential year.

The Associated Press tabulation is based on estimates gathered from state officials, party chairmen and in a few instances from veteran political writers.

It showed a gain of 1,266,454 qualified voters over the record established in the last midterm election in 1954. However, it is about four million under the total of eligibles for the 1956 presidential election.

The estimated vote represents an increase of 3,683,730 over the previous midterm highest vote in 1954. That total of 44,447,496 was reached by adding the top vote in each state whether for senator, governor or combined House vote.

The 1954 official vote for representatives was 42,582,927, including 22,366,386 for Democratic candidates and 20,016,809 for Republi-

(Turn to VOTERS, Page 7)

Beaver Woman Killed

BEAVER — Mrs. Margaret R. Richards, 68, of Brighton Township was killed Tuesday evening when her husband's car and another collided near Staunton, Va. The Rev. Nicholas F. Richards, 72, former Beaver Methodist minister, is in Stanton Hospital with lacerations and bruises. The other driver suffered cuts and bruises.

2 Americans Kidnaped By Cuban Rebels

HAVANA (AP)—For the second time in four months, the U.S. Consulate in Santiago today sought the release of Americans kidnaped by rebels in eastern Cuba.

The American Embassy in Havanna said Ambassador Earl E. T. Smith had instructed Consul Park Wollam "to take a firm position in his contact with the rebels."

Two Americans and seven Cubans were abducted from a Texaco refinery near Santiago Monday and taken to rebel hide-outs in the jungled mountains. The rebels told the Texaco manager they would be returned shortly, the embassy said.

The Americans are Charles R. Bennett, 35, the refinery supervisor of maintenance and construction, whose wife and year-old son live in Santiago; and Kenneth H. Drewes, 40, of Joliet, Ill., machine shop foreman, whose wife also lives in Santiago.

It was not immediately learned whether the kidnapings were ordered by rebel leader Fidel Castro, who has been waging guerilla warfare against President Fulgencio Batista for the last two years from jungle camps in the Sierra Maestra Mountains west of Santiago.

Work Right Discussion Tonight Will Be Public

The International Brotherhood of Operative Potters emphasized today that the public is invited to a meeting tonight at 7:30 at Westgate School auditorium at which the "right - to - work" proposal will be discussed by Frank Trainor of Youngstown, executive secretary of United Organized Labor of Mahoning County.

The meeting was arranged by the new educational committee of the IBOP, of which Frank Dales, an international vice president, is chairman. A similar discussion on the proposed law has been scheduled Thursday night in Sebring by the IBOP.

City Will Ask Federal Aid In Sewer Project

$33,000 Proposed For Construction Of Carpenters Run Line

East Liverpool will seek $33,000 in federal aid to help finance reconstruction and relocation of the Carpenters Run trunk line sewer, Mayor Fred P. Lawrence said today.

The section of the big line nearest the city limits probably will be relocated in connection with construction of a four-lane freeway into West End, which is scheduled to start in 1959, the mayor explained.

The remaining section of the line, which follows the course of the run, must be reconstructed because it is broken badly and allows the waste to escape into the stream, he said.

Although the trunk line comprises part of the city's sewage system, the cost of its repair and relocation was not included in the contracts for the disposal plant and interceptor sewer system.

The $33,000 for which the city expects to apply represents the difference between the maximum of $242,000 for which it has been declared eligible and the $209,000 it expects to receive, based on the completed cost of the sewage project. If the Carpenters Run project is declared eligible for federal aid, the city can expect to receive the $33,000 difference between the $209,000 and the $242,000 maximum.

City officials are scheduled to meet Friday with the engineering firm of Michael Baker Jr., Inc., at Rochester, which has been preparing plans for the Carpenters Run project. If the plans and estimates are advanced to a point where they can be studied by the federal government, they will be forwarded to the Chicago regional office of the U. S. Public Health Service, along with the request for aid.

The request for aid would cover the section of the line that must be reconstructed. The Baker con-

(Turn to SEWAGE, Page 7)

3 More Face Charges For Tax Violation

Charges were filed against three more East Liverpool residents Tuesday afternoon in Municipal Court, alleging that they failed to file declarations of estimated income in compliance with the city income tax ordinance before the deadline July 15.

The defendants are Robert Anderson, 1013 Monaca St., William F. Azdell of Harding Ave., and Leslie Bell, 1232 Chaffin St.

Summons have been prepared directing each to report at 9 a. m. Saturday in Municipal Court.

The charge is the same in each case, alleging that the three have income that is not subject to withholding at the source, but that they "failed, neglected or refused" to file an estimate of 1958 income with the city income tax office before the deadline.

The affidavits were signed by Frank Blakeley, director of the tax office.

The cases bring to five the number of prosecutions under the tax law, which went into effect May 1.

East Liverpool Review, published daily (evening) except Sunday at 210 East Fourth St., East Liverpool, O. Entered as second class matter at the post office at East Liverpool, O.

Traffic Crash Hurts Woman

Occupants Unhurt In Truck-Car Wreck

A Bellaire woman was injured slightly in one of two traffic mishaps on Route 45 between Wellsville and Lisbon Tuesday, the State Highway Patrol at Lisbon reported.

A station wagon driven by Edward S. Phillips, 41, of Warren veered off a curve about 5 miles north of Wellsville last night at 8:30 and went over an embankment.

A passenger, Kathryn Bachman, 43, of Bellaire, suffered a bruised forehead and abrasions of the knee. Phillips was cited for reckless operation as officers said he was traveling too fast for conditions and lost control.

No one was injured in a collision between a truck driven by Paul Gallie, 44, of West Point and the car of Dolly Brown, 47, of Mingo Junction, officers said.

Gallie swung wide to make a right turn about a mile south of West Point yesterday afternoon, and the woman, thinking he was about to make a left turn, attempted to pass the truck on the right.

Damage was minor, according to officers, who still are investigating.

Forestry Group Plans Tour Of Elkton Farm

LISBON — Demonstrations will be presented on selective tree cutting, thinning and pruning practices in a youth and adult forestry tour Saturday at 9:30 a. m. (DST) at the D. V. Beede farm near Elkton.

The Beede farm, recently selected as an outstanding tree farm in Northeast Ohio by the Ohio Forestry Association, is located 2 miles east of Elkton on County Rd. 419.

The tour is sponsored by the Columbiana County Forestry committee.

Plea Of Guilty Closes Hassle Over Tickets

A long - drawn - out hassle over a man's right to park in a restricted zone in front of his own home came to an apparent end today in Municipal Court when Lewis Varner, 106 W. Drury Ln., pleaded guilty to two charges filed by Meter Maids in connection with 12 disputed tickets.

Judge George L. Brokaw decreed a fine of $5 and $6 costs for Varner on each of the two charges, which dated back to March 17 and May 3. He also threatened Varner with a $5 fine for contempt of court for calling a Meter Maid "a liar" during the court session.

The case came to a head as a result of another hearing last week, in which Varner was fined $5 and $6 costs on an overtime violation. Attached to the affidavit were 12 other tickets Varner had received for parking in the alley in front of his home.

The judge declined to act on the other citations unless the city filed formal charges, explaining that "the law must yield to a man's right to park in front of his own property for necessary business." That brought filing of two charges on which Varner was in court today.

In the hearing this morning, Meter Maid Margaret McIntosh told the court Varner cursed and swore at her one one occasion when she told him to move his car or it would be ticketed.

"You're a liar," Varner said. That's when the judge decreed the additional $5 fine for contempt.

In the proceedings, Varner also apologized to Meter Maid Catherine Martin, his neighbor, for the charge he made last week that she ticketed him frequently in the morning before he could move his car. He said he checked the tickets and found she had issued only two of the dozen.

Hancock First In Faculty Pay

State Says Salaries Trail National Trend

Hancock County sets the pace for public school teachers' salaries in West Virginia.

Aaron Rapking Jr., research director of the West Virginia Education Association at Charleston, dug up the statistics in a breakdown of salaries by counties, but concluded that teachers in the state will slip farther behind their colleagues elsewhere.

The average salary paid a West Virginia teacher will jump $100 to about $3,700 a year, Rapkind said, but the national average will increase $300 to almost $5,000 per year.

Almost half of the state's 16,700 public school teachers received pay raises ranging from $90 to $225 this year.

Hancock County pays its beginning teachers with bachelor's degrees $3,765, while Kanawha ranks second at $3,510.

Hancock probably ranks highest because of nearby competition from Ohio and Pennsylvania, he said.

The county pays its qualified teachers with maximum experience $5,365 a year, which is $1,873 more than state law requires.

More than 80 per cent of West Virginia's teachers live in the 33 counties which kick in local supplements to increase salaries. Salaries in the 22 other counties begin at $2,790 for a teacher with a bachelor's degree. After 13 years experience, a teacher can make $3,492 in those counties, the maximum guaranteed by the state.

19 Students Examined At Clinic At Hillcrest

Nineteen first grade students at the Hillcrest School in Yellow Creek Township were examined and given immunization treatments at a clinic held Tuesday by the Columbiana County Health Department.

Dr. C. S. Palmer, health commissioner, was assisted by Mrs. Mary Alice Rumberger and Mrs. Violet Peterson, county nurses, along with Mrs. Dorothy Rardin and Mrs. Joanne Downard of the school.

A clinic will be held at the No. 16 School also in Yellow Creek Thursday at 9:30 a. m.

Ohio 5-Day Forecast

Temperatures will average six to eight degrees above normal. Normal high 59 north, 65 south. Normal low 40-43. Only minor temperature changea indicated through Monday. Precipitation will average one to two tenths of an inch in most sections in a few showers Thursday and again about Sunday or Monday.

5 Teachers Introduced At Taft Meeting

Mrs. Lester Armstrong, principal of Taft School, introduced the teachers at the first fall meeting of the Taft Parent - Teacher Association Monday night at the school.

Teachers are Mrs. Robert Hoover, Mrs. John Thompson, Mrs. Ernest Pletcher, Mrs. Hugh Wood and Miss Eleanor Whitehill.

The session was conducted by David Beatty, president.

Mrs. Robert Bernstorf reported that the City Federation of Parent-Teacher Organizations will hold meetings the second Monday of each month. Members of the Taft group were asked to attend.

Beatty introduced the speaker, Safety - Service Director Dan Maggianetti, who discussed the "City Income Tax."

Miss Whitehill played a selection, "On Top of Old Smokey" on the auto harp.

The president gave the invocation.

The next meeting will be Dec. 15, with a Christmas program by the pupils featured.

Show Champ Bull

KANSAS CITY, Mo. (AP)—Mr. and Mrs. C. E. Knowlton, Bellefontaine, Ohio, showed the champion polled Hereford bull at the America, Royal Livestock Show here Tuesday.

Wellsville GOP Women To Join In 'Coffee Clubs'

The Wellsville Republican Women's Club announced plans today for participation in the national "coffee club" program of the party.

The National Federation of Republican Women through the state federation and individual clubs is sponsoring the operation.

Republican candidates in this area will meet with the public at the Wellsville Carnegie Library next Wednesday at 8 p. m. The program is being held to give candidates a more personal contact with the voters.

Mrs. Mary Clark of Wellsville, county chairwoman, will be in charge. She said Mrs. Claudia Cunningham of Columbiana, Columbiana county operation chairman, will be present.

Refreshments will be served.

The East Liverpool club is holding its "coffee club" Thursday at party headquarters on Market St. The headquarters will be open all day and during the evening shopping hours.

Killed In Mishap

GALLIPOLIS, Ohio (AP)—Walter Wise, 69, a service garage operator, was killed Tuesday when the truck he was repairing fell off a jack on U. S. 35, about a mile west of here.

The Presidential Philharmonic Orchestra in Turkey is 126 years old.

Seek Strike Peace

NEW YORK (AP)—Negotiators for the United Auto Workers and the Mack Truck Co. have begun around - the - clock bargaining sessions to try to end a strike that began Sunday. A joint statement issued by both sides Tuesday indicated further progress has been made but no settlement has been reached. Mack has plants in four states including one at Sidney, Ohio.

No One Knows But The Voters

There are beginning to be uneasy doubts about some of the sweeping guesses which have been made about the intentions of voters this year.

Cautious guessers are remembering the presidential election in 1948 when what supposedly was going to be a cut-and-dried election went contrary to pre-election guesswork.

They are warning that it could happen again in 1958.

Though there is no line of division this time as sharp as the line that separated Harry S. Truman and Thomas E. Dewey, the separation of voters into conflicting camps of opinion could upset many prevailing forecasts.

These have been running against Republican candidates, generally speaking, and in favor of Democratic candidates, particularly those candidates who claimed strong backing by the political departments of labor unions.

REPUBLICANS, it has been pointed out by the pollsters and sages, are suffering from organization apathy. They do not have the theoretical benefit that Democrats have, it is reasoned, because they lack the funds and the disciplined efforts of the labor unions' Committee on Public Education.

Republicans, themselves, have felt they were at a disadvantage in this respect. Both President Eisenhower and Vice President Nixon have gone on the political stump for the express purpose of overcoming Republican defeatism.

Their success will be unknown until the votes are counted. But whether or not they have substantial effect as individuals, there could be an upsurge on Nov. 4 that would serve the same purpose.

It could be an upsurge of silent voters—the kind who do not talk. It could be a surprise demonstration in a state like Ohio of the previously proved fact that there is no such thing as a labor vote; that men and women who work for wages vote as they please, taking no orders from anyone.

It could be a turnout at the polls of thousands of voters who did not have to be registered through an intensive registration drive, because they never have let their registration lapse.

It could be some unpredicted division of opinion over an emotional issue that came to the fore in the closing days of the campaign.

It could be the manifestation of last-minute determination to upset the applecarts of candidates and backers who were visibly overconfident.

IN CONTESTS and showdowns where the issue was presented in a way to make it appear that union leadership at the national level was qualified to take over political leadership, it could be a grim resolve not to give union leadership a mandate to take over anything until it had purged itself of its Fifth Amendment faction.

Or it could be the age-old instinct to stand up for the underdog when the odds are stacked against him.

No one knows but the voters what is going to happen at the polls on Nov. 4, just as no one but the voters can know how the ballots were marked when the polls were open.

Autos Finally Get Green Light

There are 124 United Auto Workers units with which General Motors had to make local settlements before it could get an advantage from its master settlement with the union on Oct. 2.

The world's largest corporation finally is seeing the light on the long-drawn-out process of getting into production. Ford, which reached its master settlement Sept. 17, has now reached a respectable rate of momentum in its production.

Chrysler, which made its master settlement Oct. 1, one day before the General Motors settlement, has been lagging, though not so disastrously as the lag in General Motors, which was unable to produce a single car for two weeks this month.

Perhaps the long interval between general and local settlements is to be expected and must be considered normal at the beginning of a contract that will run for three years.

Perhaps the creation of scarce supply at the outset of an automotive year that is expected to bring a significant surge in new orders is good psychology.

But there also is the possibility that a new element has been introduced to collective bargaining under the hard-bitten policy of Walter Reuther, UAW president.

It may be that the trend toward nationwide bargaining now has been reversed for UAW strategical purposes and that employers who put up a common front against national unions for their own protection, as the Big Three of the auto industry did this year, will be nibbled to distraction by local pecking.

If this is a new device of big unionism, it will show up next summer in the negotiations that must take place to give the steel industry a chance to continue its comeback.

Here, too, the strategy has been to put up a common front of principal producers against the United Steelworkers. But if a master contract is going to be followed by weeks of local negotiations before production will be permitted by the unions, the comeback could be delayed at a critical point in its development.

For Once There's No Disagreement

Alcoholism is a serious problem in the Soviet Union. For once, there can be no disagreement anywhere with Premier Khrushchev, who has ordered that something that can be done about it.

His point of view is in agreement with the point of view of everybody who has tried to understand what causes alcohol to be abused. It is not alcohol, itself, that is at fault, but people who abuse it. Khrushchev, himself, has abused alcohol.

The problem in Russia, like the problem in pioneer America, is aggravated by a desperate search for some way to lighten the burden of human hardship. England had this aggravation in the early period of its industrial revolution. Aldous Huxley referred to it in last week's Saturday Evening Post as the universal problem of people who cannot bear to live with themselves on the terms of their daily existence. Alcohol and narcotics have been the favored means of escape.

The most recent escape is via tranquilizing drugs, which Huxley believes may become the means of reducing both alcoholism and drug addiction. But pending some breakthrough of this nature, every society has searched for ways to enforce moderation through government restrictions. Among the Chinese, opium is the problem. Elsewhere, it is betel nuts. In Russia, it's vodka.

Let's not make fun of a Russian premier who proposes to restrict its sale in public, in the hope of reducing alcoholism among people whose hard lives have stimulated interest in alcohol as an escape from reality. Every society has the same problem in one form or another, and no society has conquered it, including our own.

The Once Over

By H. I. Phillips

Official news of how things are going with the race horse presented to Khrushchev is lacking, but we hear horse has been named "SPUTNAG." (Original idea was to call him "Big Red" but this was vetoed by reminder name had been given to Man O'War, a capitalist steed.)

Nikita's skinner is reported the most nervous animal in world. He knows what bad morning trials could mean. "Sputnag" will be trained under the "Or Else" system, with frequent suggestions from Pravda. We can see Nikita now, watching the workouts.

If the beetle does well, okay. If not he will be escorted back to barn by police, with subsequent investigation and confessions by horse and trainer.

Our information is that Sputnag will be pointed for Moscow Futurity and Minsk-Pinsk Derby, under a three-year plan. You can imagine the Soviet Derby, with jocky bidding farewell to relatives and friends, just in case. Post parade will be tense, especially for bettors revealing wagers on another plug.

Then the cry of "They're off" in Russian, causing suspense in all the capitals of the earth. If his horse wins Khrush may put a mouse in its saddle and enter it in the first Orbit Sweepstakes, hoping to send the first thoroughbred around the world, carrying 134 pounds.

If a loser, the horse will wind up hauling salt in Siberia. The jockey will face a firing squad. (Hope photo finish can be avoided showing Khrush's hag second. Who wants a race official track photographer bumped off?)

There is always the chance Russia will demand that horse testing cease. To question, "How can a crooked horse be detected?" Khrushchev replied, "The way mine runs there is time enough to check by slow mail."

Possible chart summary:

There was delay getting horses to paddock because of the slight lameness of Sputnag, charged to an imperialistic plot. Horse worked out of it and seemed fit going to post, except for feverish mood. Break was good. Sputnag was off well, but was challenged by Ivan's Boy and Volga Boatman, who didn't realize what they were doing. Ural Knight took lead at far turn, but jockey jumped off to escape consequences. Coming into stretch Sputnag was all by himself in interest of peace and non-violence. At the wire Sputnag was winner by two orbits. Other horses had leaped the fence and decided to become jumpers, showing genuine equine smartness.

SCHOOL DAZE

("Use of tranquilizers on problem pupils in New York schools debated"—News item.)

Teacher's happy, school-life's sweet;
All the kids are fast asleep;
If they wake, give pills anew,
And let teacher take some, too.

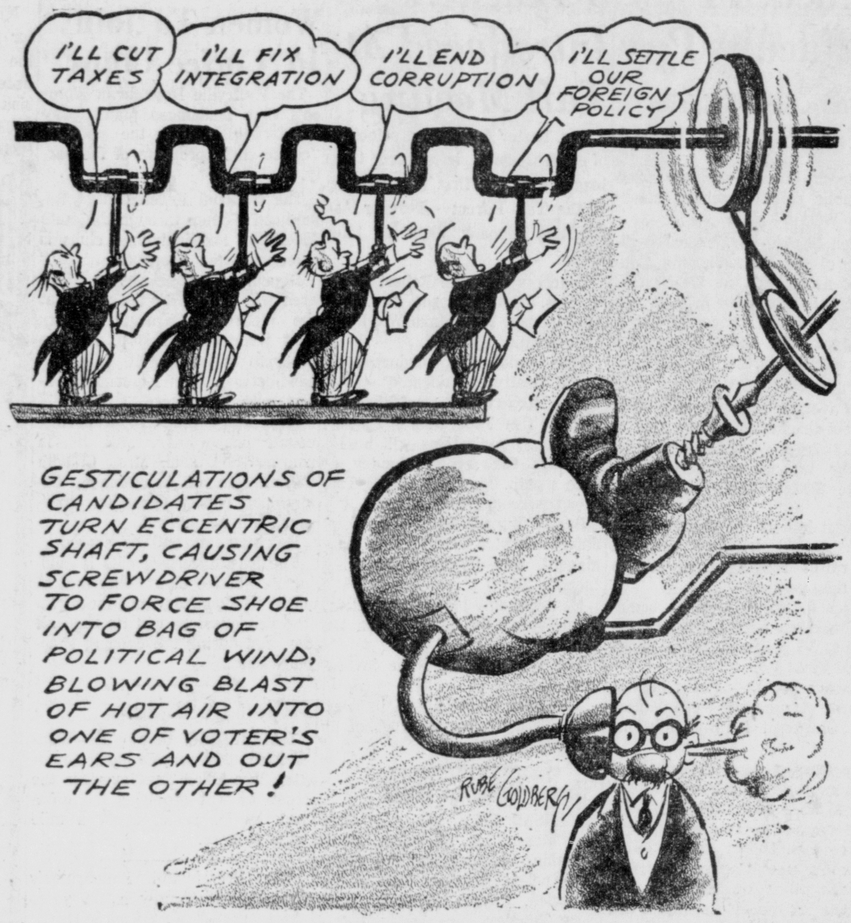

Casey Stengel got a new contract at $100,000 per year. Fred Haney made him seem worth every penny of it. How about a poem, "Casey At The Safety Deposit Vault"?

A big brewery having 200 shareholders and a capitalization of 2,000,000 proposes a 250 to 1 split and a boosting of capitalization to 75,000,000. That's what we call taking the beer out and "putting a head" on it. The current stockholder, asking for a vote on proposal, will sing "Drink to me only with thine ayes."

Although they are air-breathing mammals, the National Geographic Society says that porpoises can outswim most fish — despite the fact they can remain under water no longer than three minutes and usually come up for air every 30 to 45 seconds.

A new method of growing mushrooms in vats raises them from spores in 72 hours instead of the 60 days it takes nature.

Time To Get Going

The Republicans Come To Life

By David Lawrence

Reports that Democratic party leaders are beginning to revise downward their previous estimates about a "landslide" victory in the coming congressional elections are unwittingly a stimulus to Republican workers.

David Lawrence

Until recently, the tendency privately among Republicans was to predict a big defeat. Before President Eisenhower and Vice President Nixon started to campaign, defeatism was rampant among Republicans.

What, then, has prompted Democratic leaders to grow a little less confident than they were a few weeks ago? One thing undoubtedly has been the healthy sentiment generally about an upturn in business.

Economic conditions are improving right along. Businessmen exude a feeling of confidence that, so far as recession is concerned, the worst is over and a boom is in sight.

Politically speaking, Republicans have improved their chances of winning back many congressional seats they lost in 1956 by reason of the drop in farm income. Most of these districts are in the West.

Republican congressmen in the agricultural areas who were defeated two years ago lost by narrow margins. It is conceivable that these seats will be regained. Where Democrats had hoped to pick up seats in the Middle West and Far West, they may not make as many gains. This probably, is the real reason for the revision of their estimates.

AS ECONOMIC conditions improve, the city vote of the Republicans should also show less of a deviation from normal. This, together with Republican strength in rural areas, should enhance the position of Republican candidates for the Senate in such states as New York and Wisconsin.

There are strenuous efforts being made by Republican organizations to win back disgruntled Republicans. On the success of this effort is dependent whether Democrats are going to gain the seats they have for several months been looking forward to capturing.

The campaign, indeed, is beginning to show some signs of life on the Republican side. The change started when the President and Mr. Nixon got into the battle. Their efforts have stimulated the party workers.

Democrats have the advantage of the big labor-union organizations on their side. The precinct workers of the labor groups are so numerous that no regular political party organization can match them.

Their only handicap is that they are concentrated in the cities. If Republicans work hard in small towns and rural areas and persuade large numbers of apathetic or indifferent voters to go to the polls to offset Democratic city votes, Republican chances will be immeasurably improved in statewide contests.

FOREIGN POLICY may have more of an impact on the campaign, now that the Red Chinese have resumed their shelling of offshore islands.

Those Democrats who have been advocating a species of surrender are encountering a growing resentment from voters, generally. The country is beginning to understand how dangerous it would be to accept the advice of those Democrats who want America to betray the Nationalist Chinese by forcing them to give up the offshore islands.

One prominent newspaper actually has advocated that the 43,000 Chinese living on Quemoy and Matsu be given an opportunity to vote whether to remain there, accepting Communist rule, or to move to Formosa. This is a choice between living under the murderous rule of the Red Chinese, with the reprisals they would certainly impose, or accepting exile from their homes.

Oddly enough, those who advocate such a course are not insisting that the enslaved people on the mainland be given a chance, by plebiscite or otherwise, to choose whether they want the Communist regime or some other leaders to rule them. The idea seems to be to sacrifice the people living in freedom on the offshore islands.

The whole issue is one that is beginning to be understood by the American people. The offshore islands are a symbol of freedom. To give them up is to announce to the entire free world that America is retreating and surrendering.

SECRETARY DULLES had asked for a "dependable cease-fire," but the Communists now have given an example of capricious behavior which serves to emphasize the difficult course which the President has to steer in trying to keep Far East developments from dragging America into a large war.

The obvious purpose of the on-again-off-again tactics of the Communists is to produce, if possible, some embarrassment for the Eisenhower administration during the current political campaign.

But the American people are standing behind the President and those few Democratic spokesmen who would like to see delicate issues of an international nature kept out of the campaign.

Letters To The Editor

Of late, everyone who is backing the so-called right-to-work law is taking punches at the unions. I would like to do some punching myself.

How often do you hear of a lawyer who is crooked? Quite often. Or a doctor who has committed a crime against his fellowman or any number of professional men who went crooked. But, still you cannot condem them all for the sake of a few. That happens in all walks of life.

But if they outlaw the union shop it will hurt every one in the state of Ohio from the governor on down, because as soon as it is possible the man who hires will do so at the smallest wages he is compelled to pay by law.

And there goes all the hard work of several years down the sewer just to please a bunch of greed hungry men who think the working man is a slave. And if that happens, we, the public, will be slaves. For the people won't ever have enough to buy the things they really need to keep body and soul alive.

But I for one am not going to sit by idly and let someone knock me down and then kick me for falling without putting up a fight—and I do mean fight. And if the working class of people has the spunk I believe it has, it will toss this right-to-work law clear out at the November election by a landslide.

I wonder how many people realize that if this so-called right-to-work law passes how much revenue the state stands to lose. Or how the old age pensions will suffer or any number of state hospitals will have to cut down on the treatment for the needy.

Just as soon as the worker gets less money for his labor, the less he has to spend. And that is where it will start.

The backers of this law won't pay the balance in order to keep Ohio one of the finest states in the union.

And don't forget Mr. and Mrs. Voter, in order to defeat the city income tax law, vote "yes" on all three parts. It sounds funny, but it is due to the way it is worded that you must vote yes to defeat the income tax law on all three parts.

VICTOR DORRELL
810 Cadmus St.

Lest we forget, soon the people who vote will have the opportunity to decide about two very important subjects.

It will be decided whether or not you have to pay a city income tax — whether you live within or outside the city limits. I wonder how the person feels about this tax, not being able to vote here, but being taxed here.

It amounts to taxation without representation. I believe, if I remember history correctly, a war was fought once because of this.

Voters please read your ballots very carefully on this subject because you might want to vote against it and you will be voting for the tax, so please take your time.

Also, the working class must not make a mistake by voting for the so-called right-to-work law. There are many openings in this bill which, if passed, would represent a multitude of sins for union labor. Please be careful of the quirks in the right to work.

C. A. BOLEY
1049 Peake St.

Bouquets to a darn good football team. What our boys lack in weight and speed, they make up in, to put it plainly, guts.

Thanks, boys, for a very exciting game last Friday night.

A hat tip also to a splendid performance by the band.

MRS. JUNE GEORGE
866 Baxter St.

Down Through The Years

From The Review Files

THIRTY YEARS AGO—Twelve candidates for street commissioner took the civil service examination in the municipal courtroom here.

Some 100 attended a Halloween party held by the Sisterhood of B'Nai Israel Temple.

TWENTY YEARS AGO—John Talbot, justice of the peace, warned youngsters in Newell against Halloween pranks.

Dr. Francis R. Harrison was named by Dr. John A. Murphy as acting health commissioner while the latter was on vacation.

Approximately $625 of the needed $950 was collected for the installation of a two-way radio system for the Wellsville police department.

TEN YEARS AGO—One hundred thirty-six guests attended the annual school of instruction of District 35, Rebekah Assembly, in the East End Legion Hall.

The Crucible Steel Co.'s multimillion-dollar expansion program in Midland passed the first stage as a new battery of 63 coke ovens was put into operation.

Eight members of the East Liverpool Chamber of Commerce attended the 55th annual meeting of the Ohio Chamber in Cincinnati.

The Indian chief of the Shawnees, "Blue Jacket" was really a white man who was captured and adopted by the Indians when 17 years old. "Blue Jacket" never returned to his own people and even fought against them in battle.

It's All Been Said Before

By James Marlow

Campaign Oratory Again Fills The Air

WASHINGTON

This is not going to be one of the most memorable political campaigns. If there's any excitement, it comes from the orators.

In this campaign there have been the usual exaggertion, the usual gas, some stumbling, and a division within the parties.

Most unusual feature: the Eisenhower administration's apparent uncertainty on what strategy to use.

In the field of exaggeration: former President Truman's crack that some of Eisenhower's advisers—"the big boys"—apparently "deliberately planned to bring this recession about."

In the gas field: the long-overworked Republican cry that a Democratic victory meant socialism. Republicans have been crying that for more than two decades.

But when they had a chance—after President Eisenhower's first victory—to try to wipe out New and Fair Deal legislation, they embraced most of it and expanded on it.

Some examples of divisions within the parties:

1. Truman took a stand against partisan attacks in the field of foreign policy right after his former secretary of state, Dean Acheson, made foreign policy a major issue. A whole swarm of Democrats followed Acheson, not Truman.

2. There's division between the conservative and more liberal Republicans and even between Republican candidates in one state. For example, take California's Gov. Goodwin Knight and Sen. William F. Knowland.

3. Truman and the Democratic national chairman, Paul Butler, not unaware of the big Northern Negro and liberal vote, castigated some of their own party, Southern Democratic supporters of public school segregation.

4. Dulles and Eisenhower seemed unsure what to do about letting foreign policy get into the campaign. At first they were in agreement with Truman on keeping it out. Dulles, in fact, said he agreed with Truman.

He even rebuked Vice President Nixon for tearing into the Democrats' handling of foreign affairs when they were in charge. Eisenhower seemed to rebuke him too. The President said: "I realize that when someone makes a charge, another individual is going to reply. I deplore that."

But Nixon wouldn't shut up or backtrack. News surveys indicated the Republicans were in for a real beating in the November elections. While Eisenhower sat at home with an above-the-strife attitude, Nixon was out campaigning hard.

It was he who was providing the campaign leadership, not Eisenhower. He made it plain he wouldn't stop talking on foreign policy. This could have meant a split between him and Eisenhower.

Faced with this prospect, both Eisenhower and Dulles melted, switched around and gave Nixon a go-ahead.

If Eisenhower gave the appearance of being uncertain what strategy to use, he brought it on himself. On Oct. 6 he called Republican leaders to the White House to "combat complacency and apathy" among Republican voters.

After leaving Eisenhower, the leaders issued a blazing statement full of political cliches, attacking the Democrats. Because they did this right after leaving the President, some people interpreted it as meaning he blessed the statement.

It seems he didn't. On Oct. 15, asked at a news conference if he approved, Eisenhower replied: "It was not my statement, it was theirs, and I think politicians do love to make things very positive."

A few days later he started out on the campaign trail himself, landed in California, and with the help of some speech writers, made his own blazing attack on the Democrats.

Whether at this late date in the campaign anything any of the politicians say can swing a vote is, for them, only a hope and a guess. But anyone who's been around a few years has heard it all before.

Serving Two Masters

By David Barnett

WASHINGTON

Congress will try next year to make sure government employes do not serve two masters.

Rep. Emanuel Celler (D-NY), chairman of the House Judiciary Committee, has instructed the committee staff to prepare for a legislative campaign to revise existing "conflict of interests" statutes.

On the Senate side, the confusing aspects of current law on the subject may be emphasized when Lt. Gen. James H. Doolittle comes up for confirmation of his presidential appointment to the Advisory Council of Aeronautics and Space Exploration.

Gen. Doolittle is board chairman of Space Technology Laboratory, a California company that does practically all its 30-million-dollar-year business with the Air Force.

ON THE SURFACE, the possibilities for a conflict-of-interest in the Doolittle case are obvious: the advistory council will play a large part in deciding what space projects will be assigned to the military and thus to the Air Force. The amount of business that Space Lab gets from the Air Force thus will depend on decisions made by the space agency.

Gen. Doolittle himself is aware of the conflict-of-interest potential of the situation, but has told friends that he would give up the government appointment, which carries no salary, rather than resign his position with the Space Lab, which he considers of public as well as of private importance.

A survey of present conflict-of-interest laws, made by the staff of the House Judiciary Committee, indicates that there is no specific law that would cover the Doolittle case. It is a situation that must be settled by the Senate when it takes up confirmation of the appointment January.

IN A PRELIMINARY survey of the problem, the House committee staff concluded that "existing conflict-of-interest law comprises overlapping, inconsistent and incomplete provisions, which not only differ among themselves with respect to the classes of persons covered, but are also subject to numerous general and special exemptions."

In general, the law prohibits government employes from:

1. Receiving or agreeing to receive pay from private sources for services on matters pending before federal agencies.

2. Participating in the prosecution of claims against the government.

3. Sitting on both sides of the bargaining table in conducting the government's business.

The law also prohibits former government employes from prosecuting claims against the government on matters in which they were involved as government workers for two years after leaving the federal service.

The purpose of a revision, the house staff report says, "would be to assure the federal service of maximum security against unethical practices on the part of its employes without at the same time undermining the dignity of the service or making such service repugnant to able men and women."

Invaders From Space

By Eric Downton

TORONTO, Canada

Space missiles returning to earth may bring dread new diseases to mankind.

Eminent doctors on both sides of the Iron Curtain have been privately discussing this likelihood, according to Canadian specialists recently in Europe.

News that the American Pioneer moon missile was carefully disinfected before launching to eliminate possible carriage to the moon of human diseases illustrates in reverse the line of speculation now causing concern among the medical profession.

Many doctors fear that missiles, components or instruments successfully returned to earth from outer space will bring sources of infection totally unknown to doctors.

"We just don't know what lies ahead," said a prominent Canadian research professor. "We could be on the brink of terrible challenges. Medicine may have to fight new diseases as bad or worse than bubonic plague, smallpox and cholera. Possibly we shall be compelled into a while new field of virus research.

"Some scientists think outer space travel will tend to be antiseptic. We all hope so. But we have nothing definite yet to work on. It is logical to assume that objects returning from farther space and eventually from other planets could carry agents pernicious to human and animal life here and totally resistant at first to our present methods of immunication."

Doctors from many parts of the world in recent months have speculated on the problem. They hope there can be full international cooperation, untrammeled by political barriers, in the early stages of space travel to enable doctors to pool their knowledge on the problems of health resulting from interplanetary communication.

County School Staff Receives Increased Pay

Board Sets Budget Of $41,003 For '59, For Hike Of $1,052

LISBON — Salary increases for staff members of the Columbiana County school system were granted by the Board of Education Tuesday night when a budget of $41,003 for 1959 was approved. The budget shows an increase of $1,052 over the 1958 budget of $39,951.

County Supt. James L. McBride was given a $500 increase, making his salary $9,100, including a $50 a month travel allowance.

A $400 hike was granted Mrs. June Ingraham, clerk making her salary $4,000, and a $100 raise was granted Fred Lohman, attendance officer, increasing his salary to $2,830 for nine months, and with a $50 monthly travel allowance.

Lorin Ruff, elementary counselor, was given an increase of $418, making his annual pay $7,970 which is paid by the state. It includes a $60 a month travel allowance.

The state's section of the budget totaled $15,523 compared to $14,212 last year. Salaries of elementary and high school counselors are paid by the state.

The county's section of the budget totaled $25,480 compared to $25,739 of last year.

Expenses other than staff salaries under the county section, with last year's figures in parenthesis, are:

Extra clerical help, $600 ($500); expenses, $500 ($550); communications, $450 ($450); postage $350 ($300); office equipment, $700 ($700); supplies, $1,500 ($1,250); printing, $600 ($500); office equipment repair, $100 ($100); teacher retirement, $2,000 ($1,835); employes' retirement, $600 ($550); other expenses, $1,500 ($1,500) and service fund, $500 ($500). A balance of $2,359 is expected from the current budget, Supt. McBride said.

Discussion was held on naming a new board member to replace Harry Greenwood, who resigned, but no action was taken. A special meeting may be called to act on the appointment.

The board refused to pay for medical examinations of bus drivers for Southern Local Schools. The board said the school districts had been advised such examinations would be given by the County Health Department.

The board then adopted a ruling that bus drivers failing to take advantage of the examinations offered by the health department would pay for examinations by private physicians.

In answer to a question from Mrs. Paul Talbott of Hillcrest, as to whether the Hillcrest petition to merge with Wellsville has been referred to the State Board of Education, Supt. McBride read a letter from the State Board acknowledging receipt of the petition. The letter was dated Sept. 19, three days after the county board rejected the petition.

Atty. Donald Elliott of Rogers, vice president, was in charge in the absence of Ben Weingart, president, who is ill. The next regular meeting will be Nov. 18.

Chamber Issues Reminders On Unordered Merhandise

The Chamber of Commerce issued a series of reminders today to guide East Liverpool district residents who receive unordered merchandise through the mail, followed by duns for payment.

The unethical promotions sometimes are linked with charitable causes, hitting their peak in the holiday season, the Chamber warned. Among the items of unwanted merchandise persons may expect to receive this season are ballpoint pens, religious medals, Christmas cards and a variety of small gift items, it added.

In some cases, if the recipient fails to respond, he may receive a follow-up letter or postcard urging either that he remit or that the merchandise be returned.

A bulletin from the National Better Business Bureau, with which the Chamber is affiliated, gave seven pointers to guide persons who receive unordered merchandise through the mail:

1. Recipients of unordered merchandise are not obliged to acknowledge receipt. Persons receiving such material should ignore any suggestions in the accompanying literature that a reply is required or necessary.

2. Persons who receive such merchandise are not required to return it. The lierature accompanying the merchandise and follow-up letters and postcards may hint or suggest that the recipient must either pay or send it back, but this is not the case.

3. Unordered merchandise need not be paid for unless it is used. Recipients should understand that if they plan to use the merchandise it should be paid for. However, if they do not want the merchandise, payment is not necessary provided the item is laid aside and not used.

4. Persons who received unordered items are not required to give it any "particular or unusual care." The merchandise should not be deliberately abused, but the recipient is under no obligation to take particular pains regarding its general upkeep or preservation.

5. The recipient is not required to keep the merchandise beyond a "reasonable" time. After it has been kept "a reasonable period of time," it may be thrown away or destroyed.

6. If the sender of the unordered merchandise, or his agent, calls in person at the home of the recipient and requests the merchandise, the recipient is obliged to surrender it. In doing so, the recipient may demand payment for storage charges before giving up the merchandise.

7. When unordered merchandise is mailed by a charitable organization, recipients who believe in giving wisely may wish to ascertain essential facts about the organization before making payment. Information may be obtained from the Chamber before a donation is made.

Boys To Get Hearing

LISBON — Hearings are slated in Juvenile Court Monday for William Charles Wendell, 19, of Salem R. D. 2 and a 16-year-old New Garden boy who were apprehended Tuesday near New Garden after stripping a car owned by Wilford Gamble of Route 172.

3 Police, 2 Bystanders Help Subdue Prisoner

The combined efforts of three police and two bystanders were required to subdue and arrest an East Liverpool man Tuesday night at 8:30 on Market St. after a policeman intervened in a brewing sidewalk fight.

The prisoner, Robert Salsberry of Baum St., forfeited a $106 bond today in Municipal Court on a charge of resisting arrest and another $16 on an intoxication charge.

Patrolman Milton L. Fowler said he spotted Salsberry on Market St. attempting to start a fight with another man. The parolman said he told Salsberry "to move on and stay out of trouble," but he refused. He said he placed Salsberry under arrest and placed his hand on the prisoner's arm, but Salsberry jerked away and attacked the other man.

Fowler said two or three bystanders helped him in the struggle until two more officers arrived and aided in subduing Salsberry and taking him to headquarters.

Theft Of Auto By Man Touches Off Wild Chase

CINCINNATI (AP)—A hotel bus boy stole an automobile on a downtown street here Tuesday night and it brought on a wild two-hour chase by as many as 75 policemen over city streets and through fields.

Even firemen were in on the act with big searchlights when Jerry Singleton, 27, finally was captured at the rear of a home.

Singleton was taken to a hospital suffering from a bullet wound in a finger, a severe head cut suffered when he wrecked the stolen car and scratches and bruises he got as he fled through fields.

Motorcycle Patrolman Charles Black suffered a slight bullet wound on one hand. He apparently was shot with his own gun as he fired at the fleeing Singleton while operating his motorcycle at high speed.

More Polio In Detroit

DETROIT (AP)—Four new polio cases were reported in Detroit Tuesday bringing the city's epidemic case load this year to 602 with 19 deaths. Wayne county, outside Detroit, recorded two new cases for a total of 186, with one death.

OH, MY ACHING BACK

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain —you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Enjoy a good night's sleep and the same happy relief millions have for over 60 years. New, large size saves money. Get Doan's Pills today!

Evangelistic Visits Made

Lay Group Assists Fairfield Campaign

EAST FAIRFIELD—A house-to-house evangelistic visitation by laymen of the Methodist Church is under way.

The program started Monday and will continue through Oct. 31.

A series of evangelistic services will be held Nov. 6 through Nov. 16 with the Rev. Mark George, pastor, in charge.

Mr. and Mrs. Ivan Insko of Wilmore, Ky., will be the music evangelists and youth workers.

Friday night at 7:30, a United Nations program will be held at the church.

Ted Pfeiffer will speak on the U. N. Mrs. George will conduct devotions.

A male quartet will sing and other special music will be provided.

Rev. George will preach at the 10 a. m. worship Sunday. Church School is at 11 a. m.

The King's Herald Class will meet at 7:30 p. m.

Children of the church will participate in the UNICEF trick-or-treat program Halloween night. Money is collected instead of treats for children overseas.

Cites Funds Deficit

TOLEDO, Ohio (AP) — Roland Olen, acting administrator of Maumee Valley Hospital, reported Tuesday night that the institution will be $117,000 in arrears by the year's end on its payments to the state to cover employes' retirement benefits. Olen said unless additional financing is arranged, the hospital cannot continue operating as a public Lucas County hospital. Trustees will discuss the emergency Monday night.

Nurse And Board President Speakers For Wellsville PTA

The work of the Youngstown Heart Association and the need for the 3-mill levy for teachers' salaries in Wellsville schools were topics of speakers at the meeting of the McKinley Parent - Teacher Association Monday night. Jack Lanam, president, presided.

Mrs. Ann Gruber of Negley told of her work in Columbiana County schools as a nurse for the heart association. She said that her duties include a check on rheumatic fever, heart cases and throat cultures for strep throat. She screened films on rheumatic fever among children, coronary thrombosis, strokes and high blood pressure and said these films are available to any group wishing to show them.

Mrs. Gruber pointed out that the heart association provides nurses for Columbiana, Mahoning and Trumbull Counties and that she would go to any school in the county when called.

Earl A. Bake, president of the Board of Education, spoke on the levy while Donald Wellington and David Brookman, board members, offered comments. Sheets with local teachers salaries compared with those of other schools of nearby towns were distributed.

Miss Isa Anderson, principal, was program chairman. Devotions were conducted by the Rev. Phillip Fletcher of the First Presbyterian Church, who used Prov. 2 and led the group in prayer.

During business, Mrs. Everet Bunfill, ways and means chairman, reported on a recent rummage sale and announced a bake sale for Nov. 15 at MacLean's insurance office. The telephone committee is expected to contact mothers regarding it. The program committee distributed booklets for the year. The PTA voted to furnish cookies and orange drink for the school Halloween party Oct. 31 and three prizes for each grade. The president expressed appreciation to members who assisted in the canvass for the Boy Scout fund drive. The group will purchase a new electric hotplate for use by the homeroom mothers.

The attendance banner was won by the fourth grade of Miss Anderson. It was announced that Mrs. Helen Frontone has been added to the list of the first grade homeroom mothers. Refreshments were served by Mrs. Dean Gates, Mrs. Donald Lowe, Mrs. Earl Steffen and Mrs. Anthony Angelone.

Conference Planned With School Drivers

LISBON—The Columbiana County Board of Education will hold a conference for school bus drivers and mechanics Tuesday at 8 p.m. at Fairfield High School.

County Supt. James L. McBride said there will be consultants from various parts of the state in the fields of bus transportation and maintenance.

The State Highway Patrol will have a representative from headquarters at Columbus.

School administrators and board members working on school transportation problems are invited, McBride said, and the city and exempted village schools also may send representatives.

Increasing Vandalism Results In Warning

LISBON — Sheriff Russell J. VanFossan said there is an increasing amount of Halloween vandalism and that youths caught in destructive or harmful mischief will be prosecuted.

Parents of juveniles will be held responsible for any damages, the sheriff warned.

Ex-Stalinist Dictator Of Hungary Near Death

VIENNA (AP)—The independent Vienna newspaper Die Presse reported today that Matyas Rakosi, Stalinist dictator of Hungary until 1956, is dying in a Russian sanatorium.

Quoting diplomatic sources, the paper said his doctors have given up hope for Rakosi, 66, who reportedly suffered a heart attack recently after a long period of failing health.

A new 25-man life raft is now available for planes on overseas flights. They can be inflated in nine seconds

Wellsburg Boy Falls Off Dad's Truck, Dies

STEUBENVILLE, Ohio (AP)—A two-year-old boy of near Wellsburg, W. Va., died in a hospital here Tuesday of injuries suffered when he tumbled out of a pick-up truck driven by his father.

Albert Shreve Jr. was rushed to the hospital here by police authorities. The Brooke County, W. Va., sheriff's office said that the boy was riding next to the door of the truck with his father and an older brother.

The deputies quoted the victim's father as saying he was driving about 45 m.p.h. when the boy opened the door and fell out.

Didn't Want Parents To See Report Cards?

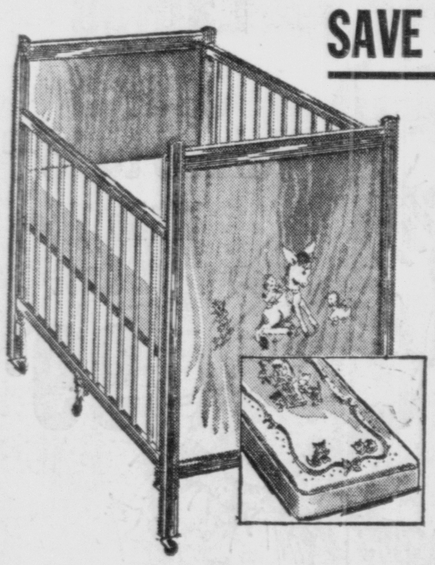

DALLAS (AP) — Police started checking up on the children with poor grades in the sixth grade of a local school.

Tougher education laws? Nope. Someone had broken in and stolen all the report cards.

Open Every Wednesday until 5 p. m.

Cruiser

(Continued from Page One)

at the chief's office includes an auto wrecker operator who examined the brakes on the cruiser after the crash, Boso said. Mrs. Russell will be unable to attend this afternoon because she is employed at Midland, he added.

The chief said the cruiser was ordered downtown "in a hurry" to investigate a boy's complaint that some money had been stolen from him by a larger youth. The words "in a hurry" added to the order meant that the cruiser should report to headquarters immediately instead of completing the patrol in the area where it is working, which it would do otherwise, he explained.

Another woman driver was injured in one of three other mishaps reported to police.

Mrs. Betty Wood, 28, of 1719 Cleveland Ave. was treated at City Hospital for contusions of the nose, face, left leg and knee that were suffered about 2:45 this morning when her car struck an embankment and overturned on the Pennsylvania Ave. "Hill Rd."

Her 1951 auto was damaged extensively, police said. Mrs. Wood told police she fell asleep at the wheel.

Hit - skip drivers were blamed for the two other crashes.

Charles Norman, 44, of 216½ Young St., East Palestine, told police the right front of his 1950 sedan was damaged by a hit - and-run vehicle at 10 p. m. Tuesday on Avondale St. at Minerva St. The other driver ignored a stop sign on Minerva St., hit the East Palestine man's auto and continued without stopping, officers said. Police traced the ownership to a W. 8th St. man.

Judson Allison, 1526 Wyoming Ave., said his car was damaged in a hit - skip crash at 5:56 p.m. on E. 9th St. He said he halted when he saw another car coming directly at his auto. The second car swerved to the left while passing and hit the left rear fender of Allison's, he said. The ownership of the second auto was traced to a Florence St. man.

Voters

(Continued from Page One)

cans. The remainder went to independent and small party candidates. The largest presidential vote was more than 62 million in 1956.

The estimate of 76,145,600 eligibles for this year compares with a Census Bureau estimate of 104,600,000 "potential" voters for the coming election (civilians 21 years of age and over; 18 and over in Georgia and Kentucky). The potential vote has gained 4,377,000 over 1954.

Twenty-seven states show gains over 1954 in the estimated number of persons who have registered, paid poll taxes, or otherwise have met state voting requirements for the elections Nov. 4. The biggest gains are in California, 867,000, and Iowa and North Carolina, 200,000 each.

Nine states have qualified fewer voters than in 1954, although in some instances election officials said their estimates four years ago were too high. The nine states: Illinois, Indiana, Michigan, Missouri, New Mexico, Ohio, South Carolina, Tennessee and West Virginia.

Estimated registrations for 12 states remained about the same as 1954.

States showing gains of 200,000 or more in estimated vote, over 1954's combined House vote, are California, Massachusetts, New York, Ohio and Texas.

Jury In Assault Case Visits Wellsville Home

A jury seated to try Anthony Desenze, 1137 Buckeye Ave., Wellsville, visited his home today before hearing testimony in his Common Pleas Court trial for assault with intent to rape and taking undue liberties with a minor female.

The alleged assault occurred at the home. The case may be completed Thursday afternoon.

The jury sworn in this morning by Judge Raymond S. Buzzard includes Robert L. Byrne, Helen Vess, Marietta Heffner, Dorothy Boley, Mary A. Burkhart and Gertrude Blevins of East Liverpool; Miriam Gordon, Genevieve Hill and Edwin A. Dawson of Salem; Virgil Kornbau of Wellsville, Roy H. Rowland of East Palestine and Clarence Shontz of Columbiana. Meredith Lane of East Palestine is the alternate.

Hammondsville

Mrs. Earl Tice and Mrs. Charles Oliver entertained a group of 60 Saturday night in the American Legion home in honor of Mr. and Mrs. Edwin Tice, newlyweds.

She is the former Miss Margaret Thomas, daughter of Mr. and Mrs. W. H. Thomas of Orlando, Fla., and resided with the W. T. Young family. The couple is residing on Avondale St., East Liverpool.

City Crew Investigates Dresden Water Break

One-way traffic was in effect today on outer Dresden Ave. at the city limits as a water department crew made an excavation in pavement in the northbound lane to check for a suspected water line break.

Two police were directing traffic around the site on busy Routes 7 and 30. The water department decided on the investigation after learning that a large volume of water seeped onto the pavement in the last few days. After discounting the possibility of seepage from the nearby hillside, the department decided to check for a possible line break.

Sewage

(Continued from Page One)

cern is preparing two alternate plans for the project — one calling for a gravity flow sewer which would require extensive tunneling under the W. 8th St. area and the other proposing a lift station and a force main that would allow the line to be located near the surface of the ground cutting excavation costs.

The decision to seek federal aid was discussed when city officials met Tuesday afternoon with federal officials making a periodic inspection of progress on the disposal project. The federal officials indicated the city's next installment of aid toward the work will be $77,400, explaining that not more than 90 per cent of the permissible grant can be paid until a final audit of costs is made.

Blind Man Masters Toothpaste Technique

DES MOINES (AP)—Robert R. Moore, rehabilitation counselor for the Iowa Commission for the Blind, who has been blind all his life, was asked how he manages to squirt toothpaste onto his toothbrush with any accuracy.

The answer: He doesn't. Moore says he squirts the toothpaste onto his tongue, then puts it on the brush He says the tip of the tongue is sensitive enough to tell you how much toothpaste you're getting.

Dispatching Chicken For Pot Not Pleasant

RAWSON, N. D. (AP)—Dispatching a chicken for the pot isn't a pleasant job.

Take the case of Duane Evanson, who swung a hatchet to decapitate a rooster, but missed.

Well, not entirely. He served the tip of a finger on the hand with which he was holding the fowl.

Ike

(Continued from Page One)

stranglehold on committee power in any Democrat Congress."

"A vote for a Democrat anywhere is a vote to return Southern Democrats like Sen. James Eastland of Mississippi to positions of great committee power," Alcorn said.

"If the GOP organizes the next Congress, the Eastlands will go back where they belong, at the side of the committee table instead of its head."

One of Eisenhower's aims in going to California was to bring harmony back to the GOP ticket there. However, Gov. Goodwin J. Knight told newsmen "nothing has changed" to close the breach between him and Sen. William F. Knowland. Knight is seeking the Senate seat Knowland is vacating to run for the California governorship.

Poisoning Coyotes 'A Howling Success'

LA CUEVA, N. M., (AP)—Col. William Salman, rancher-farmer in New Mexico's Mora County, says he believes in complementing the work of nature rather than trying to rock nature's boat.

"My neighbors wanted me to go in with them on poisoning the coyotes, and against my better judgment, I did," he says. "Now we don't have coyotes, but boy, do we have rabbits!"

Blasted Bank

MONTICELLO, Ky. (AP) — The Monticello Bank had its windows blown out by a dynamite blast. Burglars weren't involved — only workmen next door who used too much explosive in digging a basement.

Decorative Degree

COLUMBUS, Ohio (AP) — Richard Auerbach will graduate from Ohio State University here with all the trimmings. Or rather, because of all the trimmings. He paid for his college education by working as a cake decorator at a local restaurant.

Widowville, on a country road, east of Mansfield, Ohio, was so named because so many women, widowed by the Civil War, settled there.

Advertisement
Do FALSE TEETH Rock, Slide or Slip?
FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

Man Absorbs Beating On Defending His Wife

ALBUQUERQUE, N. M. (AP) — The cost of defending his wife ran high for Leonard Shephard of Albuquerque.

When two men in a car insulted Mrs. Shephard, the Albuquerque man went to admonish them. He was struck with a bottle, one man grabbed his arms and closed the window on them, and the car dragged him two blocks while they continued striking him with a bottle. They released him in front of City Hall, firing a shot at him as they sped away.

Oklahoma State U. Has Traveling School

STILLWATER, Okla. (AP)—A mobile physics laboratory—sponsored by Oklahoma State University—will permit 270 students in south-central Oklahoma to take physics for the first time this fall. The university pioneered a traveling chemistry laboratory in 1957 and will continue it this year.

The services are for small schools without adequate resources and physical facilities to teach the science courses.

'Rocky' Motoring Due For American Drivers

DENVER (AP)—There is a possibility that American motorists soon may run their cars on gasoline obtained from rock.

The Denver Research Institute at the University of Denver says a process has been developed which can produce oil from the vast oil shale deposits in the Rocky Mountains at a price competitive with petroleum.

"OLD? I HAVEN'T FELT SO GOOD IN YEARS!"*

You don't have to be young, to *feel* young. Science proves today that many folks who just drag along could feel vital, alive—IF—

The Social -:- Notebook

"The American Woman Studies Finances" was the subect for the meeting of the Monday Literary Club at the home of Mrs. H. Russell Smith of Dairy Ln. Mrs. Arthur A. Wells was in charge of the program.

She pointed out that women control the pocketbook today and that 51.6 per cent of total stock is held by women.

She concluded the program with a quotation from Benjamin Franklin, "The investment that paid the best dividend was your own knowledge'."

Mrs. Starkey presided at the tea table, which was decorated in a fall theme. Nineteen members were present.

The next meeting will be Nov. 3 at the home of Mrs. R. L. Cawood of Park Blvd. "The American Craftsman" will be the subject by Mrs. Cawood.

⁂ ⁂ ⁂

Two tables of 500 were in play at the meeting of the Octette Club Friday night at the home of Mrs. Edward Custer, 229 California Ave., Chester.

Winners were Mrs. Robert Tittle and Mrs. John Webb and Mrs. Joseph Chadwick.

Lunch was served by the hostess, assisted by Mrs. Alan Emmerling and Mrs. Tittle.

The next meeting will be Nov 7 at the home of Mrs. Tittle of Highland Dr., Calcutta.

⁂ ⁂ ⁂

Mrs. Phyllis Hupp of Canton St., Gardendale, was hostess to the Aces Wild Club Monday night.

A prize was won by Mrs. Janet Johnson. Mrs. Norma Ollis received a birthday gift from her secret pal and Mrs. Betty Davis an anniversary gift.

Mrs. Willma Hupp assisted the hostess in serving lunch.

A Halloween party will be featured at the meeting Oct. 31 at the home of Mrs. Mary Anne Shaw of the Sub-station Rd.

⁂ ⁂ ⁂

Mrs. Marian Zelasko of Main St., Wellsville, entertained the Gay Comediennes Club Monday night. Two tables of 500 were in play.

Winners were Mrs. Mary Lou Cunningham, Mrs. Helen Anderson and Mrs. Vivian Taggart, a guest.

The hostess was assisted in serving lunch by Mrs. Dorothy Putnam.

Mrs. Osie Flegos of Market St. will entertain Nov. 3.

⁂ ⁂ ⁂

A masquerade party was featured at the meeting of the Welcome Class of the Boyce Methodist Church Monday night at the Boyce Auditorium. Twenty - three were present.

Fred Kane led devotions and read the Scripture from Ps. 100. The Rev. Gail McQueen led in prayer.

Various fund raising projects were discussed. A bake sale was planned for Saturday at the home of Mrs. Robert Hammond of Globe St.

Plans were made to prepare Thanksgiving boxes for the Emma Rest Home.

Mrs. Jean DeLong displayed assorted table napkins which members took home to sell.

A game, "Point to the Donkey," was played under the direction of Robert Dray.

Black and orange was used in the table and hall decorations and a Jack o'lantern was the centerpiece with black and orange tapers on both sides.

Guests were Mr. and Mrs. Donald Perkins, John McQueen and Cindy and Randy Kane.

The November meeting will be held at the home of Mr. and Mrs Chester Channels of Calcutta.

⁂ ⁂ ⁂

Plans for the anniversary dinner Nov. 10 were made at the meeting of the Women of the Moose Chapter 642 Monday night at the Moose Home. Mrs. Ruth Lister, senior regent, who conducted the meeting, is in charge of reservations, which are to be in by Nov. 3.

The audit report was read by the chairman, Mrs. Mildred Springer, and the report on sick members by Mrs. Betty Kilmer.

Reports read and approved were on publicity, Mrs. Polly Ann Higgins; child care, Mrs. Mary Schell; homemaking, Mrs. Gladys Saling, and Mooseheart, Mrs. Stella Strauss.

A formal initiation will highlight the next meeting Nov. 3. Mrs. Helen Sours will be in charge of the program.

⁂ ⁂ ⁂

Twenty-one members attended the Esther Bible Class meeting Monday night at the home of Mrs. C. M. Metsch of Park Blvd. Roll call response was with interesting facts about the Scandinavian countries. Miss Gertrude VanMeter was in charge. The hostess showed slides of her recent trip to those countries.

Business was conducted by Mrs. Charles Thomas, president, when donations were made to the Community Fund and Child Counseling Center.

Refreshments were served by the hostess, assisted by Misses Jessie Henry and Eva Stoddard.

The next meeting will be Nov. 17 in the social rooms of the First Methodist Church. Membership of the Bible Literary Club and others will be guests.

Hostesses will include Mrs. Sidney Bloor, Mrs. C. M. Mayberry, Mrs. L. W. Patterson, Mrs. James W. Crooks, Mrs. June M. George and Miss VanMeter.

⁂ ⁂ ⁂

The Ohio Valley Business College Fellowship was re-organized at a meeting Monday night in the social rooms of the school.

Howard Graham and Mrs. Marie Stier, co-owners, are sponsors.

Officers were elected, including Donna Jean Nalley, president; John Calcott, vice president; Ruth Peterson, secretary; Carol Sowards and John Witherow, treasurers, and Raymond Kinne, press correspondent.

The first fall party will be held on Saturday night at 8 o'clock in the social rooms. All students, former students and friends are invited.

⁂ ⁂ ⁂

Past Commanders Honored At Dinner Of Navy Mothers

Past commanders were honored at the anniversary dinner of the East Liverpool Navy Mothers Club 197 Monday night at the YMCA.

Mrs. Mary Deringer, Mrs. Mildred Prince, Mrs. Martha Lashley, Mrs. Ann Burgess, Mrs. Ida Conkle and Mrs. Burdene Chase were aiso presented corsages.

Mrs. Helen A. Jones, Mrs. Marie A. White and Mrs. Margaret McAdoo, gold star mothers, were honored and given corsages.

Three fathers, Gus Burgess, Boyd Chase and Theodore Lashley, were among guests.

The program was under the supervision of Mrs. Lashley, who read "The Old Five and Ten."

Mrs. Lashley introduced Dan Maggianetti, safety - service director, who discussed the city income tax.

The welcome address was given by Mrs. Mary E. Wines, commander.

Three Girl Scouts who sold the most in a recent Tag Day, Barbara Ann Yager, Jane Manypenny and Pat Brennan, were presented checks.

Miss Manypenny and Miss Brennan sang "Bell Bottom Trousers" and "Anchors Away."

The tables were decorated in Navy colors — blue and gold — and each place setting was marked with "sailor boy" favors. A large cake and fall flowers completed the setting.

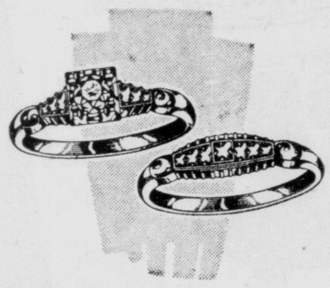

Following dinner, business was conducted by the commander.

Two members were received—Mrs. Nellie Morrow and Mrs. Katheryn Prodonovich. Mrs. Deringer was reinstated.

The club donated $10 to the Community Fund and $5 to the Cleveland Navy Mothers Club 26 for the purchase of coupon books for the Brecksville Veterans Hospital.

Members were asked to bring Christmas - wrapped articles at the next meeting Nov. 11 for the Philadelphia Navy Hospital. The meeting will be held at the Manufacturers Light & Heat Co. for a cooking demonstration.

Mr. And Mrs. James Ward Return From Wedding Trip

Mr. and Mrs. James Ward have returned from a wedding trip to Niagara Falls and Canada and are residing with her parents, Mr. and Mrs. Orin Allison, 906 Commerce St., Wellsville.

She is the former Miss Janet Allison and the bridegroom is the son of Mrs. Delvin Ward of Main St., Wellsville, and Roy Ward of Pittsburgh.

Their marriage was solemnized Sept. 27 at 7 o'clock in the First Presbyterian Church by the Rev. Philip Fletcher in a double - ring ceremony. Open church was observed.

White gladioli and white mums, palms and lighted tapers in candelabras adorned the altar. Mrs. David Brookman played a half-hour recital of organ music and Miss Joann McConnell sang preceding the nuptials.

The bride's waltz - length gown of French imported Chantilly lace was fashioned with a square scalloped neckline scattered with iridescent sequins and seed pearls. It had a fitted bodice with a full skirt of lace and nylon tulle and an underskirt of ruffles.

Her veil of nylon tulle was held in place by a sequin and pearl tiara. She wore pearls, a gift of the bridegroom, and carried a white Bible with an orchid and lilies of the valley cascaded with satin streamers. She was given in marriage by her father.

Miss Jean Ann Sabbato, in a poudre blue net and lace gown, was maid - of - honor and Miss Carrie Ann Fitzgerald, dressed in pink net, and Mrs. Mary Jane Patterson, wearing yellow net, were the bridesmaids. All gowns were floor length and their identical headpieces of a crown with veil matched their formals. They carried Colonial bouquets of tinted carnations in contrast to their gowns.

Janice Tuft of Beaver Falls, a niece of the bride, was flower girl and was dressed in midnight blue and white with a crown of white roses.

The bride's mother wore a sapphire blue dress and matching accessories and a pink rosebud corsage. A Navy blue dress and duster with accessories to match was worn by the bridegroom's mother. Her corsage was of yellow rosebuds.

Howard Downard of Highlandtown was best man and William Patterson and Pete Simballa were ushers.

Immediately following the ceremony, a reception for 150 guests was held in the church dining-room. A four - tier wedding cake topped with a miniature bridal couple and encircled by pink rosebuds decorated the table with pink tapers. Mrs. Clara Michaels and Mrs. Anna Allison, aunt of the bride, were aided in serving by Mrs. Mary McElhaney and Misses Carol and Joan Allison, all cousins of the bride. Prayer was offered by the Rev. Thomas Tuft of College Hill, Beaver Falls, the bride's brother - in - law.

For her going - away costume, the bride wore a poudre blue wool dress with her bridal orchid and black accessories.

A 1957 graduate of Wellsville High School, she is a receptionist for Dr. W. G. Jones. The bridegroom was graduated in 1958 and works at Baker's Food Market.

Out - of - town guests were from Adrian, Mich., Bowling Green, Pemberville, Canton, Hurricane, W. Va., Pittsburgh, Midland, Hookstown, Beaver Falls and Chester.

Music Program Presented At PTA

HAMMONDSVILLE — A music program was presented when the Parent - Teacher Association met Monday night. Thirty attended and Mrs. Eva Parsons, president, conducted business.

Miss Carol Skeen presented two accordion solos, Miss Sherrill Lysle gave two trumpet solos and the school's ABC Band also participated. Frank Gruszecki was program chairman.

"Policies and Procedures" was the topic of a talk given by Mrs. Betty L. James of Alliance, district director. Named delegates to the Jefferson County PTA Council were Gruszecki and Mrs. Juel Lawrence. Mrs. Joann Wilson and Mrs. Shirley Grafton were chosen alternates.

Devotions were led by McKinley Crook, and the attendance banner was presented to Mrs. Ura Bradley's third and fourth grades. Mrs. Bradley was also named chairman to make plans for a carnival to be held at a later date. A set of by - laws were read and approved.

Refreshments were served by Mrs. Parsons, Mrs. Wilson and Mrs. Beulah Young. The next meeting will be Nov. 17.

Elkton

ESTHER WILLIAMS TO ESTABLISH DISTRIBUTORSHIP IN EAST LIVERPOOL & WELLSVILLE

1959 Distributor Appointment Program Just Starting

The International Swimming Pool Corporation, world's leading manufacturer of home and motel swimming pools, has just launched the largest new distributor appointment program in the Company's history. International is the exclusive manufacturer of the famous Esther Williams Pools and is expanding manufacturing, service and training facilities in order to serve an additional 500 communities.

Backed by the biggest swimming pool publicity and advertising campaign ever announced in the industry, the new distributor appointment program is scheduled to be completed within six weeks.

This market has been selected by International's Marketing Committee for one of the new distributorships. An Esther Williams marketing executive will personally consult with home owners and motel owners and consider applications for the Esther Williams distributorship in this area (see box below).

DISTRIBUTOR QUALIFICATIONS

Good character, a successful business background and a desire to build your own business are the prime qualifications for an Esther Williams distributorship.

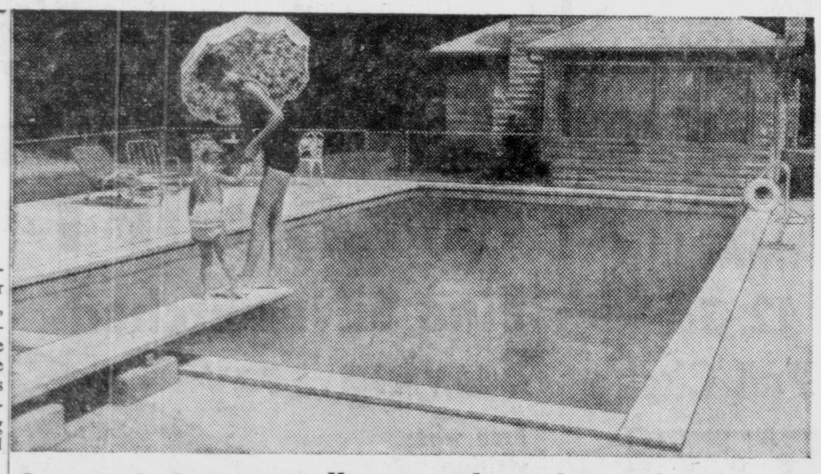

The home and motel swimming pool business has become one of America's fastest growing new industries. The Esther Williams Pool is the undisputed leader in this new industry, accounting for 30 to 40% of all the permanent-type pool business.

Industry sales have more than doubled every year for the past three years. Trade experts, however, point out that pool sales have not yet reached boom stage. Sales on a gigantic scale are expected to begin in 1959 and continue for many years to come.

No franchise fee is required of a new Esther Williams distributor. Distributor appointed will be expected to make a modest investment in self-liquidating inventory with big profit potential. Construction experience is not a requirement.

ATTENTION HOME OWNERS

If you have an acquaintance who is interested in the exclusive Esther Williams distributorship in this area, contact the Division Marketing Manager at the address or telephone in box at right. If your recommendation is appointed, you will be entitled to an Esther Williams Family Swimming Pool *at dealer cost!*

America's Largest-Selling Family and Motel Pool To Be Available In This Area

Esther Williams, glamorous president of International Swimming Pool Corporation and world famous authority on swimming and swimming pools.

At a recent distributor conference, Esther Williams observed that, "It is truly amazing how quickly a community becomes swimming pool conscious following the appointment of the distributor for our complete line of family and motel pools."

Many swimming pool authorities credit Miss Williams as being the major influence in speeding up the trend to family swimming pools—a trend that is sweeping across America and making the backyard family pool a sound investment, as well as the new and accepted adjunct to American family living.

At the same conference Miss Williams also explained, "I believe there are four basic reasons why the Esther Williams Pool is outselling all others by a wide margin.

"First, it's the safest pool with the exclusive safety walk all around, the flat play area and the safety cover. These features give parents peace of mind. Being the mother of three energetic children, I can assure you these wonderful features give me peace of mind.

"Secondly, an Esther Williams Pool is built to last because of the rigid construction standards established by our Engineering Department—poured concrete, steel reinforced throughout and covered with exclusive Perma-Seal Poolskin which eliminates costly painting expenses.

"The third basic reason is that an Esther Williams Pool is complete in every respect for convenience, maximum family fun and the most economical maintenance—everything including filter, underwater light, stainless steel ladder, laminated diving board and 10 other items. There are no hidden extras to buy.

"And, the fourth reason more people from coast to coast are buying this complete pool than any other is the integrity on the part of Esther Williams distributors to provide the finest possible pool at lowest cost."

The Division Marketing Manager for Esther Williams Pools,

EDWIN A. HAMALA

Is in Lisbon, Ohio to consult with home owners interested in home pools and to talk with distributor applicants for this area. For an appointment call or write him at the address or number below:

Deaths and Funerals

Death Claims Widow At 82

Rites To Be Friday For Mrs. Betsy Cook

Mrs. Betsy F. Cook died suddenly at the home of a son, Harold Cook, 131 Gaston Pl., Tuesday at 4:10 p. m. She was 82.

Widow of Ephriam Cook, she was born Dec. 15, 1875, in Fenton, England. She had resided in East Liverpool since 1910. A former employe of the Homer Laughlin China Co., Mrs. Cook was a member of the IBOP. She also was a member of St. Stephen's Episcopal Church.

Besides her son, survivors, include three daughters, Mrs. Harold Salsberry, Mrs. Homer Fetty and Mrs. Joseph Allmond, all of East Liverpool, and 20 grandchildren and 4 great - grandchildren.

Services will be held Friday at 2 p. m. at the Dawson Funeral Home by the Rev. Theodore Whitney of the Episcopal Church of Our Savior at Salem. Burial will be in Columbiana County Memorial Park.

Friends may call at the funeral home any time Thursday.

Ralph Lee

Services will be held Thursday at 2 p. m. at the Martin Funeral Home for Ralph Lee, 48, of 1829 Smithfield St., who died Monday at 10:10 a. m. at City Hospital. Burial will be in Columbiana County Memorial Park.

Survivors include his father, Edward Lee of East Liverpool. Friends may call at the funeral home this afternoon and tonight.

Mrs. Flora Rice

Mrs. Flora W. Rice of Yellow Creek Township died of complications Tuesday at 5 p. m. (EST) at the home of a daughter, Mrs. Robert E. Taggart, 1927 Clark Ave., Wellsville. She was 81.

Mrs. Rice had been ill about three months. She was born in the Scotch Settlement, a daughter of the late Daniel and Eugenia Fife McIntosh. She was married to the late Alvero Rice Sept. 7, 1899. She was a member of the Yellow Creek Presbyterian Church.

Survivors include another daughter, Mrs. Gladys Kiley of Galena; eight sons, Forest E. Rice of Columbiana, Daniel H. Rice of Wellsville, Kenneth Rice of Detroit and Velmond E. Rice, Cecil G. Rice, Alvero Rice, Roland S. Rice and Walter N. Rice, all of Yellow Creek Township; two sisters, Mrs. Margaret Kesler of Leetonia R. D. 1 and Mrs. Almira Harley of St. Petersburg, Fla.; two brothers, Noah McIntosh of Salineville R. D. 1 and Edwin McIntosh of Cleveland, and 33 grandchildren and 14 great - grandchildren.

Services will be held at the Haugh Funeral Home in Wellsville Friday at 2 p. m. (EST) by the Rev. Richard S. Beidler. Burial will be in the family lot in Yellow Creek Cemetery.

Friends may call at the funeral home Thursday afternoon and night.

Bert Wallace

Bert Wallace, 65, former Bergholz and Lisbon resident, died Tuesday at Chagrin Falls after a short illness.

A horseshoer who served tracks in Florida, Louisiana, Ohio and in the West, Mr. Wallace was staying at a Chagrin Falls boarding house when he died about 2 a. m. yesterday.

A son of the late Daniel and Lucy Hutson Wallace, he was born at Bergholz June 17, 1893. He was once president of the Ohio Association of Horseshoers.

Survivors include a daughter, Mrs. Walter McDevitt of Lisbon R. D.; a son, Gale Wallace of Lisbon R. D.; a brother, Ray Wallace of Barberton, and two grandchildren.

Services will be held Friday afternoon at 2 at the Robbins Funeral Home at Bergholz by the Rev. Clarence Ross of the Christian Church. Burial will be in Mooretown Cemetery near Bergholz.

Friends may call tonight at the funeral home.

Ellsworth Judy

Services will be held Thursday at 3:30 p. m. at the Martin Funeral Home for Ellsworth Judy of Sprucevale Rd. who died Tuesday morning at the Oakland Veterans Hospital in Pittsburgh following a long illness. He was 60.

The Rev. Russell Owens of the Second Presbyterian Church will be in charge. Burial will be in Calcutta United Presbyterian Cemetery.

Friends may call at the funeral home this afternoon and tonight.

Otto Gehley

Otto Herman Gehley of Racine, Pa., died Tuesday morning at Providence Hospital in Beaver Falls. He was 67.

Mr. Gehley was born in Wilkinsburg March 28, 1891. He was a retired baggageman for the Pennsylvania - Lake Erie Railroad. He was a member of the Koppel Methodist Church.

Survivors include his widow, Mrs. Isabel Gehley at home; two sons, Eamile Gehley and Otto James Gehley, both of Darlington R. D. 1; five daughters, Mrs. James Margaret Creger and Mrs. John Eleanor Long, both of East Liverpool, Mrs. David Ann Dean of Beaver, Mrs. Thomas Elizabeth Steif of New Brighton and Mrs. George Evelyn Poff of Beaver Falls; two step-sons, Thadeus Long of Beaver Falls R. D. 1 and Edward Hahn of West Bridgewater and 18 grandchildren.

Services will be held at the Lutton Funeral Home in Beaver Falls Thursday at 2 p. m. by Capt. Mark R. Koehler of the Salvation Army. Burial will be in Clinton Cemetery.

Friends may call any time at the funeral home.

Carl Crowl

EAST PALESTINE — Carl W. Crowl, 103 N. Main St., Columbiana, former city resident, died Tuesday morning at Salem City Hospital, where he was admitted earlier for a heart ailment. He was 64.

Born Jan. 13, 1894, in Beaver County, he was a son of Mr. and Mrs. Charles Crowl. He was married in 1916 to the former Erna Cox of St. Marys, W. Va.

He resided here for a number of years, later moving to Columbiana where he was employed as a machinist at the National Rubber Co.

He was a member of the Columbiana Christian Church, the East Palestine Masonic Lodge and the Girard Eagles Lodge.

Besides his widow, he is survived by a son, Harold Crowl of East Palestine; three sisters, Mrs. Ola Cacotici of Cleveland, Mrs. Bernice Barele of Koppel and Mrs. Hazel Lindsay of Seattle, and a brother, Walter Crowl of Girard.

Services will be held Friday afternoon at 1:30 at the Warrick Funeral Home at Columbiana by the Rev. Frank Lillie. Burial will be in Glenview Cemetery.

Friends may call Thursday night at the funeral home.

Military Plane Reported Down Near Harrisburg

HARRISBURG, Pa. (AP) — Air Force officials today reported a C47 military aircraft bound for nearby Olmsted Air Force Base crashed a few miles south of here.

The base spokesman said the craft was en route from Youngstown, Ohio. He was unable to say how many persons were aboard.

He said the crash occurred near the old York Road about 2½ miles south of Harrisburg.

No details were available.

Bang, Bang

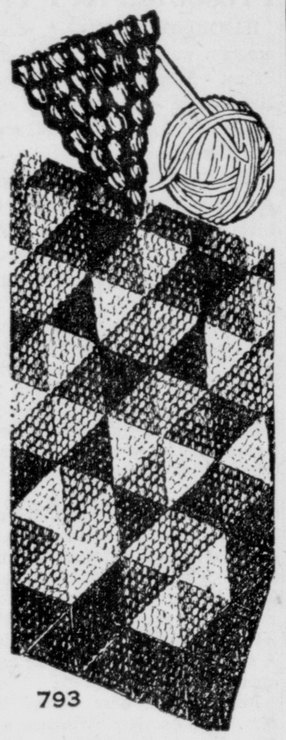

NORFOLK, VA. (AP) — Mrs. Grady D. Hendrix was wiping off a .22 automatic pistol she and her husband kept on a table in their trailer home. It went off and hit Hendrix in the ankle. The shock startled her so much that her hand tightened and the gun went off again. Hendrix was hit in the other ankle.

It's Big Gift

PORTSMOUTH, Va. (AP) — The Seaboard Airline Railroad presented its five - story general office building here as an outright gift to the city which plans to move city offices there. The railroad moved its general offices to Richmond.

Colorado has a new state law for the aged which guarantees the state's pensioners $100 a month, plus hospitalization and nursing home costs.

Needle Pattern

Calls Nixon 'Hatchetman'

Truman Labels Ike-Dulles Foreign Policy 'Blunder'

WILMINGTON, Del. (AP) — Harry S. Truman sought to label Eisenhower-Dulles foreign policy today as one of "blunder, bluster and brink of war."

The former President also dubbed Vice President Nixon the "chief hatchetman" for the Republicans. He said Nixon is trying to help the GOP candidates by using "verbal garbage."

Truman said this and more of Eisenhower and Nixon as he carried his Democratic campaign from Pennsylvania into Delaware.

In an address prepared for a Democratic rally, he spoke scornfully of Eisenhower's claim of running a "sound government."

"A 'sound' government to the Republicans," the 74-year-old Democratic campaigner argued, "is the kind of government in which the President makes nice sounds while the vice president snarls."

And he added the Republicans can't make up their minds whether to aim their campaign "at the reactionaries for their money or the liberals for their votes."

Nixon, Truman said, admits the Republicans are doomed to inevitable defeat unless they charge that the Democrats "are dedicated to socialism at home and warmongering abroad."

The voters, he said, "are not going to fall for that kind of verbal garbage again."

Truman was in top campaign form at a rally in New Castle, Pa., Tuesday night. He got a welcome there earlier in the day that rivaled some of his 1948 campaign appearances. He is flying into New York this afternoon to do some extra campaigning for Democratic Gov. Averell Harriman in his vigorously contested race for re-election against Nelson Rockefeller.

In his speech Tuesday night Truman again charged that President Eisenhower had "surrendered to the Communists" in reaching an armistice in the Korean fighting.

"We are paying the fiddler right now for doing it," he said.

Truman has contended he could have made the same agreement on the same terms years before. But he didn't do so, he said, because the knew what would happen—Red Chinese troops would be freed to exert pressures elsewhere.

The ex-President took note of differences between Sen. William F. Knowland (R-Calif), candidate for governor of California, and GOP Gov. Goodwin Knight, seeking Knowland's Senate seat—differences President Eisenhower has sought to patch up.

"In one state," Truman said, "the Republican candidate for the Senate is not even supporting the Republican candidate for governor."

8 County Registrants Face Delinquent Listing

Eight county men are slated to be placed on the delinquent list of the Columbiana County Draft Board 16 at Lisbon for failure to report change of address, unless the board is otherwise notified, Mrs. Elaine Griffith, clerk, announced today.

The men include Billy Echols, Harvey Jones Jr., Robert Charles McPeak, Edward John Meleski, Arthur Clinton Moore and Carol Eugene Stobart of either East Liverpool or Wellsville, and Henry Nelson and William James Bartholomew of Salem or Lisbon.

If found delinquent, their names will be referred to the U. S. attorney and director of Selective Service for action, the board said.

Fluno Quits As PTA Head

Chester Man Cites Illness In Leaving

The resignation of Frank Fluno Jr. as president of the Chester Central Parent - Teacher Association was accepted at a meeting Tuesday night. Fluno resigned due to illness.

Mrs. Jack Johnston, vice president, will head the group.

Plans were completed for the annual school carnival to be held Nov. 7 at the City Hall auditorium. Mrs. Guy Shilling, ways and means committee chairman, is in charge.

Homeroom mothers for the Central building and high school building were named by Mrs. Robert Welch and Mrs. Jed Spencer. Standish Miller reported on American Education Week to be observed Nov. 10-14, and invited parents to visit classrooms.

The attendance prize was won by the first grade taught by Mrs. Barbara Dofka.

Mrs. James Swearingen served as chairman of the meeting in the absence of the president and vice president. The next meeting will be held Nov. 13 instead of Nov. 18 as scheduled. Open house will be held and a movie will be screened.

William Paolisso of Weirton, Hancock County juvenile officer, was speaker. About 100 attended.

6 Seniors At Wellsville Take Scholarship Test

Six Wellsville High School seniors took a scholarship qualifying test of the College Entrance Examination Board Tuesday morning, William Menough, principal, said.

Finalists, those ranking in a small high percentage bracket, are eligible for an additional test in the spring.

Taking the exam were George McCready, Larry Lewis, Charlotte Urie, Shirley McDevitt, Sam D'Angelo and Joe Commarata.

Gone, Not Forgotten

CHARLESTON, S.C. (AP) — A destitute transient housed overnight by the Salvation Army here is gone—but not forgotten. Officials reported their "guest" made off with a 1½-ton panel truck.

Stevenson Says Russia Doesn't Want Any War

CHICAGO (AP) — Russia does not want war, says Adlai E. Stevenson, who several weeks ago returned from a visit to the Soviet Union.

"But Russians do evidence a fear of being ringed around with American bases and they suffer a sad ignorance of the West," Stevenson told a meeting of the Inland Daily Press Assn. Tuesday.

The two-time Democratic candidate for president also said that even after 40 years of hostile propaganda there is no "Hate America" psychosis among the masses in Russia.

Stevenson told the newspaper executives not to be fooled by reports of a rift between Red China and Russia.

He said Russia may be concerned about the growth and development of her Communistic partner, but that nothing he saw or heard indicated any crack in solidarity.

Woman Hurt Skating

EAST PALESTINE — Mrs. Betty Lambright of S. Market St. is in "fair" condition today at Salem City Hospital with a back injury suffered in a fall while skating at the Rollarena near Unity Tuesday night. Mrs. Lambright, a den mother for a Cub Scout Pack, was accompanying the pack on the skating trip.

Chester Colt Mothers Prepare For Banquet

Committees for the annual Chester Colt Football banquet Nov. 13 were named by Mrs. Anthony Tridico, president, at a meeting of the Colt Football Mothers Tuesday night at the high school.

Appointed were: Kitchen, Mrs. Sarah Reese; dining room, Mrs. Jack Johnson, and decorations, Mrs. Roy Cashdollar and Mrs. Raymond Sayre.

The father-son event will be held at 6 p. m. at the American Legion home. Final plans will be made during a meeting Nov. 10 at the high school.

Fiji, in the South Pacific, is a British colony of 250 islands. But, only 80 islands are inhabited.

Republicans Are Running Scared

Bricker Warns GOP To Get To Polls

By REED SMITH

COLUMBUS, Ohio (AP)—If you think Republicans aren't running scared in Ohio this year, take another look at the U.S. senatorial election race.

Sen. John W. Bricker, widely regarded as a good bet to win reelection against his Democratic opponent, former congressman Stephen M. Young of Cleveland, is campaigning harder than most candidates on the GOP ticket.

The former governor is dividing his time between appearances in vote-heavy cities and junkets into rural areas where he is admittedly strong.

"Only if Republicans get out to vote will we win; if they don't we won't," Bricker warns repeatedly. He asserts the warning is needed because Democrat voters out-registered Republicans this year.

Young is firing up the campaign by attacking the record compiled by Bricker during a dozen years as senator. "He consistently opposed those measures which work for the interests of all the people," Young insists. That theme runs through most of his speeches.

Bricker points with pride to the record that has made him a recognized leader of conservatives opposing waste in government and concentration of power.

That record, he says, shows consistent support for higher social security benefits, unemployment compensation, minimum pay, aid for the aged, workmen's compensation and similar welfare aids.

Just as consistently, Bricker says, he has opposed "give away programs" and welfare proposals he considers unrealistic. In the last Congress, Bricker says, he supported labor law amendments designed to give rank and file workers greater control over their unions.

Young, who boasts various labor endorsements, challenges Bricker's claims. The Clevelander opposes a proposal to regulate labor contracts that will be on Ohio ballots as state constitutional amendment issue No. 2. Bricker says he will vote for the issue.

Bricker hits farm controls and terms the economic balance between Ohio agriculture and industry the best of any state. Young favors price supports that he claims will give farmers their fair share of the nation's economic wealth.

Young blames Republican administration policies for the recession that Bricker says already has ended with rising employment. Young also criticizes the Eisenhower foreign policy that Bricker says brought peace with honor.

So goes the senatorial battle right down to election day, Nov. 4.

Young is an old hand at statewide campaigning. The 69-year-old attorney served four terms as congressman-at-large before Ohio began electing U.S. representatives only by districts. He was elected congressman-at-large in 1932, 1934, 1940 and 1948. Two years ago he was the Democratic nominee for attorney general. He was unopposed for his party's senatorial nomination this year.

Bricker, 65, began his Ohio political career in 1923 and has been in public office almost continuously since 1929. Besides three terms as governor and two as attorney general, he was the Republican vice president nominee in 1944. After two years in private law practice, Bricker won election to the U.S. Senate. He was re-elected in 1952 for a second six-year term.

Since 1947, Bricker has served on the Joint Atomic Energy Committee and recently was among those mentioned for Republican leader in the next Senate if re-elected.

Safety Ratings Given To Palestine Council

EAST PALESTINE — The need for a broader public safety program for the city was emphasized at a meeting of Council Monday night by Andrew Pavlik of the Ohio Department of Highway Safety.

Pavlik said a study of the safety program here rated the schools at 88 per cent, or good, but the public safety and education program was 33 per cent, or only fair.

The safety official also said a city of East Palestine's size should have eight police officers. There are at present only four regular officers, supplemented at times with special patrolmen.

In other action, Council authorized a month's delay in a report from George Bloomgren, city engineer, on a drainage survey. Bloomgren said he is using his normal facilities in the survey to keep costs down, and has been slowed. The report is expected in November.

A Real Gasser

ALBUQUERQUE, N. M. (AP) — Kirtland Air Force Base near Albuquerque is just one big filling station. The supply squadron's base petroleum section pumps about 30 million gallons of fuel each year.

74 Take Part In Scout Event

57 Boys In Weekend Session At Lisbon

A total of 74 — 57 Boy Scouts, 6 leaders and 11 dads — took part in the weekend program at the McKinley Reservation near Lisbon.

The Order of the Arrow had a good turnout for its Brotherhood Weekend and fall fellowship. Sunday afternoon, the Stone House was the center of activity for a den chief conference.

Troop 12 of East Liverpool took an eight-mile hike. The scoutmaster, Edward Zehnder, said that two new boys passed overnight camping-out for second class and 11 boys worked on their canoeing merit badges. Bernard Locke, assistant scoutmaster, took the boys on a night hike to initiate four new members. Church services were held Saturday evening at their cabin by Robert Kidd of the First Presbyterian church.

Troop 16 of Columbiana worked on scout skills and played football. The boys hiked to church in Lisbon.

Post 46 of Salineville hunted for treasure hidden by the adviser, Bob Edwards and found with compases. Services were conducted by the Rev. Tom Hammerton of the Lisbon Methodist Church.

Troop 25 of Canfield was a visiting troop from the Mahoning Valley Council. For the father and son outing, the dads led a hike and left papers for the boys to follow. They also cut wood for a camp good turn project. Services were conducted by the Rev. C. O. Armstrong of the United Presbyterian Church in Lisbon.

Hancock Schools Wait Consultant On Tests

A consultant from the World Book Co. will visit various schools in Hancock County Thursday to discuss with administrators the methods of giving National Standardized Achievement tests to pupils.

Following her visit, the County Principals' Association will meet Monday in the library of New Cumberland High School to discuss the recommendations, Carl Barker of Cove Junior High School in Weirton, president, announced.

125 Attend Meeting For West Point PTA

WEST POINT—Some 125 attended the West Point Parent-Teacher Association meeting Monday night with Mrs. Dorothy Smith, president, presiding.

Plans were completed for the fall festival to be held Thursday night at 7 at the school.

Games, a bake sale, bazaar, parcel post and talent show will be the entertainment. Talent wishing to enter may call Mrs. Charles Smith at West Point by Thursday morning.

George Van Horne, Beaver Local executive, explained the school bond issue and asked support. Principal Lee Kirkland spoke on the Beaver Local High School.

Mrs. Elsie Crawford's fourth grade gave a Halloween program and won the attendance banner.

The next meeting will be held Nov. 17.

WHY ARE LABOR BOSSES SO AFRAID OF RIGHT TO WORK?

They're afraid that Right to Work will force them to justify their activities to the rank and file. Afraid that Right to Work will put an end to their taking a free ride at the expense of the union members.

They're afraid that Right to Work will put a curb on corruption, rigged elections, racketeering, hoodlumism, goon tactics, and personal and political use of members' dues and union funds without an accounting.

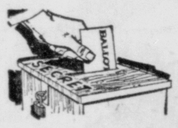

They're afraid that Right to Work will make it impossible for them to silence a member who asks too many embarrassing questions at union meetings—by forcing his employer to fire him.

They're afraid that under Right to Work their relatives and cronies may get tossed off the union payrolls.

They're afraid that Right to Work will make it possible for the captive membership of a corrupt or communistic union to walk out in a body and join an honest, patriotic union.

As union members, we especially salute the many, many thousands of union members—including unpaid committee men, committee women and officials—who, like ourselves, are fighting for the freedom of choice and against corruption and intimidation within unions.

Read the Amendment Judge for Yourself!

This is free America . . . Your Vote is Secret!

The Right to Work Amendment has one and only one purpose—to give wage earners Freedom of Choice to belong, or not belong, to a labor union.

"No employer or labor organization shall deny or abridge the right to work by requiring membership or non-membership in, or payment or non-payment of money to, a labor organization as a condition of employment or continued employment in this State. All agreements in conflict with this Section are, to the extent of such conflict, unlawful and of no effect in this State."

Union bosses are telling you they have ways to find out how you vote. This is intimidation in its most un-American form. Union bosses can never know how you vote on Right to Work.

Under Ohio law you vote alone in a closed booth • Your name does not appear on your ballot • There is no way to identify you • You do not write on your ballot—just mark X's • You fold your own ballot and drop it yourself into a locked and guarded box. If you vote by machine, there is no possibility of identification because your vote is recorded and counted mechanically.

U. S. Senator McClellan is asked:

"Can the Labor Racketeer be Stopped?"

Interview by Editor of U. S. News & World Report with Senator John L. McClellan, Chairman, Senate Investigating Committee, as published in issue of October 10, 1958.

Q. Senator McClellan, what are the principal abuses that have been uncovered by your Committee?

McC. One of the most important, I think, to union members is the misuse of their funds. The members are being exploited in many instances by union officials.

Q. How do they do that?

McC. By simply taking the money. They write checks to cash. There's no accounting for the money, no voucher for it.

Q. What do they usually do with it?

McC. Many times, I'm sure it's used in political campaigns. Many times the money is pocketed.

Q. How do those hoodlums get into the unions?

McC. Many of them are not elected. Many are appointed.

Q. Does labor union organization need to resort to these methods to be effective?

McC. In my opinion, no. I think the wholesomeness of unionism depends upon the free will of the people. I don't agree with compulsory unionism. I think that's wrong in principle.

Q. The public is puzzled about why the rank and file don't rise up in indignation. Can you answer that?

McC. I can't—except they are afraid.

Q. Do you see any hope of the rank and file throwing Hoffa out of the union?

McC. It is doubtful. They really have no control. In a union such as Hoffa runs, when you go to a meeting and try to make a protest . . . somebody is there to smash your head in or threaten your family.

Q. Are you for or against Right to Work laws?

McC. I believe a State should have the right to enact those laws. We have a Right to Work law in my State and I support it.

Council Given 'Inventory'

Wellsville Traffic Safety Program Improved In '57

Wellsville's traffic safety program and record improved 11 per cent in 1957 over 1956, according to the annual inventory of traffic safety activities presented Wellsville City Council Tuesday night by Andrew J. Pavlik of the Ohio Department of Highway Safety.

Pavlik reviewed the comprehensive report point by point. Earlier, Police Chief John Hephner was presented a plaque for the city showing an improved program and no traffic fatalities during 1957.

The analysis evaluated all phases of the city's program, covering accident records, traffic engineering, death and injury records, police traffic supervision, traffic court, school and public traffic safety education and organization for traffic safety improvement.

On the total program, barring records, the city's improvement represents an increase of 4 per cent over 1956. The only section where the percentage was lower than the previous year was police traffic supervision. Chief Hephner served as inventory coordinator.

Each section was filled out by the person in charge. The reports are then sent the National Safety Council which acts as the administrative agency for the inventory. The reports are then given advisory groups for study and recommendations for improvement.

Wellsville falls in Group 10, for cities with a population of 5,000 to 10,000. Wellsville's population is 7,852. A total of 351 municipalities reported in this category.

Several recommendations for improvement were made in each phase of the program.

Pavlik pointed out a city's finances sometimes govern whether or not a certain program can be undertaken.

The analysis is prepared free of charge. Pavlik said the inventory for 1958 will be started in November. The analysis will be ready in October 1959.

500 GIs Rooting As Youth Undergoes Heart Operation

BALTIMORE (AP) — Young Klaus Kaemmerer, his mother by his side and some 500 American soldier buddies rooting for him in Germany, was ready today to have his deformed heart repaired.

The 5-year-old curly-headed German boy and his attractive young mother were reunited at Johns Hopkins Hospital late Tuesday.

Today, Klaus goes under the skilled knife of Dr. Alfred Blalock, surgeon-father of the "blue baby" operation Klaus needs. Dr. Blalock will attempt to repair a congenital defect in the youngster's heart.

Klaus was flown here last week from Frankfort, Germany. Hopkins doctors delayed the operation until his mother could be brought here too.

When Mrs. Sigrid Kaemmerer entered the hospital after her arrival by plane, Klaus was busy playing with blocks. He said nothing at first, just looked. But a smile of recognition slowly formed. It widened into a broad grin as his mother took him in her arms.

The Kaemmerers have three other children in Germany and little money. A trip to this country would have been unthinkable without help. But they had plenty of help.

The men of the United States 3rd Missile Battalion, 71st Artillery, stationed in Karlsruhe, have been the family's benefactors.

More than 500 men of the battalion raised some $2,500 to send Klaus here for the operation.

Then they joined townspeople to raise some more to send his mother over.

Wellsville Boy Injured In Fall From Bicycle

A Wellsville boy hurt in a fall from a bicycle was treated Tuesday night at City Hospital where a Chester woman and a New Cumberland area man were treated after separate mishaps yesterday.

Richard Lee Stillwell, 7, son of Mr. and Mrs. Richard Stillwell of 8th St., Wellsville, suffered an injury of the left leg in a fall from a bike.

Henry Myers of New Cumberland R. D. 2 was treated yesterday afternoon for a laceration of the left hand received while splitting wood.

Margie Shultz, 26, of Carolina Ave., Chester, suffered a cut of the left hand when she fell while holding a glass coffee jar which broke.

Columbiana Man Freed In Home Damage Case

LISBON — The misdemeanor indictment against Wilbur Shephard, 42, of Columbiana, for malicious destruction of property, was nolled Tuesday by Common Pleas Judge Raymond S. Buzzard.

Prosecutor G. William Brokaw made the request, citing that costs of the case would exceed the $50 damage estimate and that Shephard claims he is buying the home from his father - in - law, Oscar Leonard, on a land contract but has not been paying regularly.

Shephard was indicted by the September Grand Jury for damaging the house and pleaded not guilty when arraigned Sept. 22.

Goethe said that "architecture is frozen music."

Out Of The Air

By JOHN CROSBY

Small World, Large Subject

In his hard-hitting speech to the Association of Radio and News Directors in Chicago, Edward R. Murrow declared: "If there are any historians 50 or 100 years from now and there should be preserved the kinescopes for one week of all three networks, they will find there recorded in black and white, or color, evidence of decadence, escapism and insulation from the realities of the world in which we live.

John Crosby

"You will find only fleeting and spasmodic references to the fact that this nation is in mortal danger. During the daily peak viewing periods, television in the main insulates us from the realities of the world in which we live."

-:-

MR. MURROW'S latest program, "Small World," is a filmed intercontinental telephone conversation linking some of the great minds of our time in conversation; it is a splendid attempt to tear away some of the insulation and present some of the realities.

In last week's program that magnificent white-thatched 86-year-old philosopher, mathematician and autor, Bertrand Russell, and Dr. Willard F. Libby, science member of the Atomic Energy Commission, casually spoke about the world's exploding population, which is not only one of the grimmest realities but one of the most neglected and hidden and undiscussed.

Why, Libby wanted to know, had there been endless international conferences looking toward control of the hydrogen and atom bomb, peacetime use of atomic energy and other vital questions, and never had there been any attempt to discuss population control?

Said Lord Russell:

"Japan, China, and India are taking steps to control population. The Western nations are more governed by superstitition than the Eastern nations."

-:-

LATER HE ADDED wryly:

"I think the West generally is very much under the influence of people who think that control of population is immoral. English newspapers that say anything about population control cannot be sold in Ireland. The same thing is true in the United States."

Mr. Libby interjected: "We'll see whether Mr. Murrow will cut this out of his tape."

"You'll see," said Mr. Murrow of this very red-hot potato. "It'll be there."

Russell spoke from London, Libby from Washington, Murrow from New York and the fourth member, Homi J. Bhabha, head of India's Atomic Energy Commission, from Paris.

They were linked at varying times by radio land lines, shortwave, trans-Atlantic cable and microwave circuits and each was filmed as he spoke and as he listened, permitting reaction shots while the others were speaking.

-:-

BESIDES population control, they bandied around some other hot potatoes like "clean bombs" which Lord Russell characterized as "humbug," hunger and peacetime uses of atomic energy.

Splendidly separated by oceans and continents, they disagreed with impunity. I particularly relished one clash between Libby and Russell in which Libby said that the dinosaurs had killed each other off, but human beings were different from dinosaurs.

"I see no difference at all," snorted Lord Russell.

"We're smarter than dinosaurs," said Libby.

"I don't think so," said Russell.

Taken all together, it was a fairly horrifying summation of our chances for survival and, curiously enough, very entertaining in a chilly way.

Great minds—especially 86-year-old ones who can speak of the survival of the human race with true detachment—need no props but their tongues, their opinions, their personalities. Their convictions alone carry more drama than "Playhouse 90."

-:-

THE FIRST "Small World" linked Prime Minister Nehru in New Delhi, Aldous Huxley in Italy and Thomas E. Dewey in (of all places) Portland, Maine, with Mr. Murrow again in New York.

Nehru possesses a redoubtable intellect and there is no question but that he's a superb TV personality. But he's also a little intimidating to those of rank less than Prime Minister, which is just about everyone.

He did more than his share of the talking with Dewey finishing second and Huxley (an incisive mind and personality) mostly listening.

But this program, too, had its moments. I liked Dewey's look of alarm when Murrow tossed in Winston Churchill's ironic suggestion that all politicians should spend some time in jail. Dewey pointed out hastily that Hitler wrote "Mein Kampf" in jail, and asked, "where did Nasser write his book?"

"In the British museum," snorted Nehru.

-:-

NEHRU CERTAINLY knows that Nasser never has been to England; what he probably meant was that Nasser had swiped most of his revolutionary ideas from British experience.

That's the kind of talk it was—controversial, important, "an effort to illuminate rather than to agitate," and a worthy successor by the team of Murrow and Red Friendly to "See It Now."

My only suggestion is that the program have regulars or maybe semi-regulars. You don't find minds like Lord Russell's every day and, if he were on every week or every other week, I think he could get a following somewhat like the Brains Trust in its great days in England.

Joseph Marinielli, who is 74, rode a bicycle from Bloomfield, N. J. to Miami, Fa.

Acting Head Named After 2 Are Ousted

SANDUSKY, Ohio (AP)—Chief Clerk Victor Moore is acting commandant of the Ohio Soldiers and Sailors Home here today, following 30 - day suspensions which trustees handed to Maj. John W. Parker, commandant, and Adjutant William K. Adams.

Francis (Pat) O'Hara, board spokesman, said Tuesday night the trustees were following a recommendation by Gov. C. William O'Neill "that we suspend the men and look into the situation during that time with an eye to dismissal."

Parker, who has headed the home since 1952, has said he will "never" resign, and has done "absolutely nothing wrong."

The home, which houses some 800 residents, 169 of them hospital patients, has been a target of criticism from veterans organizations which urged an investigation by the governor.

O'Neill said the State Highway Patrol reported to him that "food belonging to the state has been removed from the home by Trustee (Harold) Skinner and home employes for their personal use," and that "Maj. Parker did solicit money from members in the hospital and that the money was not voluntarily donated as he states."

Skinner of Toledo, a board member since 1947, resigned Tuesday at O'Neill's request.

That makes two vacancies on the five-member board because no successor ever was appointed for Samuel H. Deutsch of Cleveland, who died last month.

Maj. S. B. Radcliffe, deputy patrol superintendent, submitted the patrol's report which said $600 was obtained from four wheelchair residents of the home last August to pay expenses of a convention at which Parker was host.

The money later was returned, he said.

2 Cincinnati TV Stations Showing 'Right Work' Ads

CINCINNATI (AP) — Two Cincinnati television stations are continuing to show filmed spot advertisements by which Ohioans for Right to Work, Inc., are seeking to win support for a proposed constitutional amendment which would regulate labor contracts.

The film ads are those which were rejected by Cleveland television stations and which one station executive called "inflammatory" and in "dreadful taste."

Officials of Cincinnati's stations WKRC-TV and WLW-TV took another look at them Tuesday and decided to continue showing them.

Roger Read, manager of WKRC, said, "They've been running for at least a week and we've had no complaints from any viewer as far as I know."

Thomas A. Bland, vice president of WLW, and Abe Cowan, director of programming, said, "We saw no reason not to carry them."

The films show a mob overturning an automobile, a house being burned and an actor saying, "we'll get you if you vote for right to work."

Springfield Hit By Rash Of Fires, Arson Theorized

SPRINGFIELD, Ohio (AP)—All available policemen and firemen were called to the near South Side of Springfield early today to combat what Fire Chief Willard Compton called a fire bug menace.

Six small fires were touched off in the area between 11:15 Tuesday night and 1:40 this morning.

An auto-body was the most seriously damaged. No estimate was immediately available. Another fire was touched off in a room at Springfield High School and four others in nearby garages. Damage was slight, Compton said. No one was injured.

Compton said the fires were undoubtedly the work of an arsonist or arsonists. He said three other small fires that have occurred in the same general area since last Friday also were probably the work of the same person.

A heavy concentration of policemen patroled the area. Six suspects have been arrested, five of them juveniles, police reported.

The first atomic explosion in history occurred in Tularosa Basin in New Mexico on July 15, 1945.

41 Years After Revolution

Pie Still In Sky For 99% In Russia

By ROY ESSOYAN
Associated Press Staff Writer

Forty-one years after the Russian Revolution the pie is still in the sky for 99 per cent of the Soviet people.

The way the Russians feel about it is illustrated by one of their anecdotes:

One Soviet citizen says things are going to be great—every Russian will have a private jet plane by 1960.

"What do I want a jet for?" a friend asks.

"Don't be a fool," the first man says. "When Pravda reports there are eggs in Vladivostok you jump into your jet and go to Vladivostok."

The Russians have made impressive strides in housing and consumer goods since Stalin died.

Drive into Moscow from any direction and your view is blocked by uninspiring but massive construction projects. And GUM, the biggest department store, has a window full of high-heeled shoes.

But 90 per cent of Moscow's residents haven't a hope of getting a new apartment in the next few years. Most live one family to a room, sharing a four-burner gas stove and bathroom with three or four other families. And it takes months of waiting to buy an ordinary attractive pair of shoes let alone high heels.

On the surface, Moscow looks a great deal better than it did three years ago. There are more goods. Clothes are still shapeless and drab. But last year the government put out a neat raglan-sleeve raincoat in tan and navy blue. It has improved the street appearance of the Soviet male as nothing else in 41 years.

Even Warsaw is a riot of color and revelry compared with Moscow.

Everything's crowded in Moscow. The streets are a sea of gray humanity. It's a fight to get into the stores. The restaurants are nearly always crowded. People hover ouside every theater, movie, opera house and sports stadium cadging tickets. Tickets to most amusements are allotted by party or trade union organization. The public gets the leavings.

There are lines for nearly everything in Moscow, from buses to streetcars to the pop and ice cream vendor on the corner. In the better stocked grocery stores the lines are three deep.

Once at GUM I saw a line of several hundred people. I asked women near the end what they were waiting for. They weren't too sure. It turned out to be cheap Chinese tablecloths. The line starts forming at dawn, two or three hours before the store opens.

There aren't enough stores, theaters or stadiums to go around. As long as the government owns them all, it would be poor business to open more to compete with one another.

A family budget would stagger an American housewife.

Rent runs less than 5 per cent of income, or 30 to 60 rubles. The ruble is worth 10 cents at the tourist rate.

Medical care is free, if you can spend days waiting your turn at a state clinics, or work your way through the cots that line corridors of the average hospital.

Vacations at state sanatoria are free or cut rate if you have a good job, work hard or have influence.

The bulk of the Soviet family budget goes on food. Most Russian families, with everyone working, have noney to spare.

They can't afford to buy anything as luxurious as clothes regularly, so they spend it on amusements, or more food. Every year or so they splurge on a coat for Ivan or a pair of shoes for Galina.

The Soviet Union has produced a generation of cynics, and the most cynical are its youth.

An American in Moscow soon finds that 40 years of hothouse breeding has not created an unthinking robot and stifled human curiosity, skepticism or ideals.

But this may still turn out to be a discouraging discovery.

The cynicism of youth is no direct threat to the regime. It is not of the sort that moves mountains.

Most young Russians have a consuming curiosity about the world outside, especially the United States.

They don't believe most of what they're told—that's propaganda, and they've built up an immunity to propaganda—but they have little to fill the holes.

They pick up the Voice of America—it comes booming out of tenement windows in Moscow, Leningrad and Tiflis—and they buttonhole tourists for scraps of information.

Moscow radio drones out its messages of hate, dressed in words of peace, but Russians you talk to couldn't care less. They're far more interested in the price of shoes in New York.

Unquestionably, many young Russians accept the party line—hook and sinker. They are the 10 per cent or so who end up with the good education and know which side of their bread gets the butter. Others, at the other end of the social spectrum, are too busy earning their bread to think too hard, but not too busy to bear resentment.

Daily Pattern

By ANNE ADAMS

It's marvelous the way a touch of color contrast next to your face compliments your complexion — adds fashion interest! Choose any-season cotton for this stepin that buttons on side.

Printed Pattern 4759: Half Sizes 14½, 16½, 18½, 20½, 22½, 24½. Size 16½ takes 3⅝ yards 35-inch; ¾ yard contrast.

Send 50 cents in coins for this pattern to Anne Adams, in care of the East Liverpool Review, 49 Pattern Dept., 243 W. 17th St., New York 11, N. Y. Print plainly your name, address, size and the style number.

Canton Lawyer Ordered Held On Kidnap Charge

NEW YORK (AP)—A New York magistrate has ordered a Canton, Ohio, lawyer held to the grand jury on kidnaping charges.

The lawyer, Louis Martinez, 34, of (336 Rice Ave.) Canton, is accused of complicity in the kidnaping of Sidney Naubauer, 38, a Farmingdale, N. J., attorney.

Similar charges against a young student follower of Cuban revolutionist Fidel Castro were dismissed Tuesday in Felony Court by Magistrate Joseph Martinis. He is Joaquin Gomez, 24, an architecture student at Pratt Institute and secretary of a pro-Castro club.

Naubauer told police he was abducted at gunpoint Thursday and taken to a Bronx apartment. Last Saturday he managed to escape, Naubauer said, after seizing a revolver while his guards were asleep.

He said Cuban revolutionists, who had contracted to purchase guns and medical supplies from Naubauer's partner, Peter Leblavic, Montclair, N. J., exporter, had accused Leblavic of failing to produce the promised arms after getting a down payment.

Chester VFW Hears District Commander

George Reilly of McMechen, commander of the Veterans of Foreign Wars 1st District, spoke on membership at a meeting of Chester VFW Post 6450 Monday night at the post home.

Plans were discussed for aid for an orphanage program. Willard Enochs, senior vice commander, presided. Lunch was served 16 by William Glover and Calvin Beck.

The next meeting will be Nov. 3.

Short Ignites Grass

SALINEVILLE — A small section of pastureland on the farm of Orvin Carter about two miles west of here was burned off Monday afternoon when a short circuited electric fence ignited grass. Volunteer firemen quelled the blaze, Fire Chief Tony Brandonisio reported.

Equity, the word, is the owner's actual interest in a property after prior claims have been met.

Mutual Planning Aired As Commissions Meet

A general discussion of mutual benefits to be achieved by planning was held at a joint meeting of the planning commissions of Industry and Ohio Townships and Midland borough Monday night in the borough building.

The groups discussed activities involving the state, county and individual communities on roads and bridges in the area.

William Moore, executive secretary of the Beaver County Planning Commission, and Jack Wilson of Morris Knowles, Inc., of Pittsburgh, consulting engineer for the Midland group, attended. Dr. Zanvel Sigal, chairman, presided.

Congress passed the bill repealing laws to exclude Chinese from the United States in 1944.

DiSalle Declares Ohio Could Be Tops In Industry

XENIA, Ohio (AP)—Ohio, now the number two industrial state in the nation, has the potential to become number one industrially, Michael V. DiSalle, Democratic candidate for governor, said here today.

"We must plan now for the means by which we can continue to be attractive to industry, in particular by good government housekeeping, especially in eliminating the so-called crash programs in highway planning, mental health and other services," DiSalle said. "Crash programs are usually ineffecient, expensive and in the long run inadequate."

"Unless state government effects every economy possible, the result is either to take away from necessary programs or to lead to confiscatory taxes," DiSalle added.

"An overall long-range plan is needed now to determine how Ohio is going to fare in the keen competition for industrial growth," DiSalle said. "Having that plan, we must be assured that we have the aggressive, effective leadership to direct it."

Keep In Trim

By IDA JEAN KAIN

30 Overweights Join Reducing Club

For the heavyweights, the hardest part of reducing is to make up your mind to take resolute action. You may deliberate for years before you finally make up your mind that this is it.

Ida Jean Kain

The story of two overweights who needed to lose 100 excess pounds inspired ten women to join the 100-Pounds-Off Club.

The first step is to have a physical check-over by a good physician. The doctor will encourage you to carry through on a healthful reducing plan. From the letters, it appears you will be happier and get along better if you do not ask him to prescribe an appetite depressant pill.

—:—

THE MAGIC IS in taking the right attitude, and the reducing comes from following a scientifically planned, protective low calorie pattern.

To help you have a winning attitude, here is a morale boosting letter from a former overweight who has reduced 130 pounds.

"In one of your columns, I read where a 255-pound reader longs to lose 100 excess pounds. Well, I'd like to give her some encouragement in her battle with overweight, because at one time I weighed 305 pounds."

Before we continue the letter let me give you a surprise— it's from a man. This ex-dieter from Philly, as he calls himself, has written a truly heartening report to spur you on in your efforts. Bless him!

"It took me ten years to make up my mind to reduce. After I started, I had to overcome a lot of obstacles, such as outside influences and people who ridiculed me for dieting. But I stuck to my guns—and now the same people who scoffed have nothing but praise and compliments.

"I was under my doctor's supervision. Of course, will power is a must in dieting. I stayed with a 1,200 calorie a day diet. The doctor recommended low salt in my case.

"Your advice to dieters to visualize yourself slimmer' is wonderfully effective. I kept picturing myself at my lean, healthy weight. I use this plan now to keep the fat off. For the past year and a half I have weighed 175 pounds. I am 100 percent for your protective diet plan—it's the best and safest for health's sake.

—:—

"IN CLOSING, I'll say chalk up another win for your sensible diet and inspiring column. I'm 47 but I feel 20 years younger since I dropped the enormous load and reduced my belt measure from 58 to 38.

"So I say, come on overweights —get started on the calorie counting, protective way of reducing."

Send a long, self-addressed, stamped (8 cents postage) envelope for "Hunger Control Diet," and "Revised Calorie Chart." Address your request to Ida Jean Kain, in care of this new paper. Postcard requests cannot be answered.

Bringing Up A Family

By GARRY C. MEYERS

Worry About The Past Has Mother Upset

Lots of persons make themselves very unhappy by dwelling habitually on what they have said or done that they wish they hadn't. Also, they develop all sorts of anxieties about what may happen in the future. This habit of dwelling with remorse on the past can impair the peace of mind of a parent and thus render her less able to be at her best in the family, especially with the children.

By Garry Meyers

—:—

AN OHIO mother of four children, 5, 4, 2 and 1, writes that she is beset with this "affliction."

"I enjoyed reading your pamphlet on controlling temper. However, I was hoping it would tell me how to control mine.

"Possibly worse than my bad temper is a 'curse' that seems to be upon me that I would be happy to shake off if possible.

"I worry about and regret past events — something I did or said yesterday, last year or even four years ago. Each night I rehash in my mind things that are over and done with. These things range anywhere from 'Why did I lose my temper so fast and spank my two - year - old for such a small thing?' to 'Why didn't I call the doctor a few days sooner? The baby was put through so much unnecessary pain.'

"Is there a chance that I can break this habit?"

This was my reply in part:

It grieves me to learn that you spend so much time going over the mistakes you suppose you have made and the wrong things you think you have said.

There's no use telling you to stop this practice. You have already rebuked yourself for it. Please don't scold yourself for it any more — and don't hope to break the habit all at once.

—:—

WHY NOT try this? Make up your mind that once or several times a day you are going to recall the fine and lovely things you know you have said or done, and the happy times you have had, especially with your children. Recount these happy items in your prayers and thank God for them.

Often tell your husband and others some of these happy memories. I'm sure you have a whole lot of them.

When you find yourself dwelling long on remorseful matters, try to shift to happier thoughts.

With effort and practice, you will gradually break this habit.

My bulletin, "Celebrate Successes," may be had by sending a self - addressed, stamped envelope to me in care of this newspaper.

Central Park Bench Dedicated To Baruch

NEW YORK (AP)—It's official now. The bench in Central Park long used by Bernard M. Baruch as his informal headquarters has been formally dedicated to the 88-year-old adviser to presidents.

The Park Department placed a plaque beneath the bench. It reads "Elder Statesman's Bench — Reserved for Bernard M. Baruch."

Baruch said he will welcome others to his private bench.

They're Lensmen

190 Attend Humorous Lecture At Chester

About 190 Chester area women heard Mrs. Sara Stimmel Rugh of Greensburg, Pa., present a humorous lecture Monday night at the Chester American Legion home.

Hostesses for the event were the Chester Civic Club, Women's Club and Arts Club. Mrs. Donald Smith of Chester sang, accompanied by Mrs. Theodore Martin.

Refreshments followed with Mrs. J. A. Bower, president of the Women's Club, and Miss Sara Thomas, president of the Civic Club, pouring.

Sullivan Plans India Trip For TV Film

NEW YORK (AP)—Ed Sullivan plans to go to India late in January to film a one-hour television program, to be shown on the CBS network.

He will use Indian talent, including dancers, singers and instrumentalists.

The TV producer and host leaves here today for another trip to Alaska, where he is recording a television show for presentation from here Dec. 7.

Summitville

Mrs. Mary Grubbs and Mrs. Anna Copeland are vacationing in Florida.

Mr. and Mrs. Loyal Faloon of Kensington were Sunday dinner guests of Mr. and Mrs. Harold Kenmuir and Mrs. Nora Faloon.

Mrs. Laura Emerick of Louisville visited friends here over the weekend.

Midland Fund Draws Closer To Final Goal

Additional contributions have boosted the united fund campaign of Midland Area Charities to two-thirds of its goal of $29,940, it was announced at a block captains' meeting Monday night at the McGeehan Agency on Midland Ave.

Paul McGeehan and Harvey Sponcer, co-chairmen, reported between $18,000 and $20,000 already has been received, with other reports still awaited.

The block captains reported contributions of some $3,000 in the areas covered to date. Solicitation still must be made in about 20 per cent of the borough, they said.

Reports from some industries on corporate and employe contributions also are awaited, they said.

A meeting to wind up the campaign will be held Monday night.

Squires Circle Plans Post-Halloween Dance

Plans for a post - Halloween dance Nov. 1 at St. Aloysius Parochial School were outlined at a meeting of Columbian Squires Circle 28 Monday night at the Kaycee Hall.

James Clunk will be in charge. Twenty - six were present. Jack Gill, chief squire, conducted business.

The group also made plans for participation in National Youth Week Sunday through Nov. 2. Fr. Anthony Esposito, father prior, gave a spiritual talk.

Preliminary plans were outlined for sponsoring a science essay contest at St. Aloysius School.

Dale Mays, a former Bill Booth award winner, will give a wrestling demonstration at the next meeting Monday night at 7:30.

East End Post Names Christmas Committee

A committee for a Christmas party was appointed by Lewis Krawiec, commander, at the meeting of the American Legion Post 374 at the East End home Monday night.

It includes David O'Hanlon, Robert Poynter, James Wallover and Harry Dawson Jr.

State Highway Patrolman Norman Kanagy of Lisbon was speaker and explained the duties of the auxiliary patrolmen and the recruiting of members for the new class to begin on Nov. 5.

To become an auxiliary patrolman, one must be a Legionnaire in good standing and approved by his post, Kanagy said.

The membership to date is 162. The next meeting will be Monday night.

On Right To Work

Gov. O'Neill Raps Labor's Leaders

COLUMBUS, Ohio (AP) — Gov. C. William O'Neill in a statewide television address Tuesday night accused Ohio labor leaders of using false propaganda and intimidation to try to defeat at the polls the proposed constitutional amendment regulating labor contracts.

O'Neill said the threats included "two central Ohio cities" where "labor bosses threatened to direct their members to boycott the United Appeals because United Appeals leaders were supporting right-to-work."

O'Neill told newsmen he did not reveal the names of the cities because "the people who told me of this are fearful they (labor leaders) would make reprisals against United Appeals for the information having been given out."

Twice during the 30-minute telecast O'Neill exhibited pamphlets he said were being distributed by labor bosses to Ohio workers. One aimed at Negroes tried to link the proposed amendment to the segregation fight in the South. The other warned that adopted of the amendment would mean lower wages and higher unemployment.

O'Neill said the information on these handbills was false and "designed to scare the worker, appeal to his fear, his prejudice and play upon his lack of information."

O'Neill also displayed an advertisement in the Portsmouth Times in which a local merchant disavowed a report that he supported the amendment. O'Neill said the merchant was forced to run the ad to save his business which was being boycotted.

The governor said he favored the proposed amendment because "I want to protect the union member from corrupt labor bosses and give the union member some weapon with which to fight corruption and oppression in his union."

The proposed amendment states "No employer or labor organization shall deny or abridge the right to work by requiring membership or non-membership in, or payment or non-payment of money to, a labor organization as a condition of employment or continued employment in this state."

As an example of what he called corrupt labor bosses, O'Neill singled out the teamsters' leader, James Hoffa and his Ohio lieutenants, William Presser, Babe Triscaro and Joe Blumetti.

"You know and I know," O'Neill said, "this kind of man could never be elected to lead any honest union in an honest election, on a secret ballot. They rule by compulsion and force."

O'Neill said the proposed amendment would give the working man the right to say "I refuse to pay (dues) until we have honest leaders."

"I have faith that with the power to fight and still hold a job, union members will rise. . . and overthrow the gangster and the racketeer," O'Neill added.

Mileage Estimates Revealed For Space Man's Safe Travel

WASHINGTON (AP)—The first space man must cruise within 600 miles of the earth or zoom more than 2,000 miles up to escape a layer of deadly cosmic radiation, a noted rocket scientist said today.

Dr. Ernst Stuhlinger of the Army Ballistic Missile Agency presented those estimates in a speech prepared for a convention of the Association of the U.S. Army.

Above 600 miles, he said, radiation is up to 10,000 times greater than it is nearer the earth, and this area can be penetrated only for limited periods.

The German-born scientist based his estimates on radio reports from the Army's Explorer satellites, none of which exceeded 2,000 miles in orbital height.

He made no mention of this month's Air Force moon rocket, shot to a height of nearly 80,000 miles. Preliminary information from that shot indicates the radiation may increase in intensity to a height of 5,000 or 6,000 miles and begin to diminish about 10,000 miles above the earth. A State University of Iowa scientist said, however, these reports were premature.

Dr. Stuhlinger said that, based on analyses of reports from the American satellites, the radiation belt may peter out at about 2,000 miles altitude.

Delaware was the first state to ratify the U. S. Constitution.

TULSA, Okla. (AP) — A gold bracelet was lost in Tulsa by Mrs. C. C. Rogers who gave up hope of having it returned, but she advertised in a newspaper anyway.

Three days later she received a telephone call from a town 200 miles away. The caller told her she had found the bracelet and had read of its loss in the Tulsa paper.

Court Dismisses Bid To Enjoin Local Of URW

AKRON, Ohio (AP)—A request to enjoin a United Rubber Workers local from questioning one of its members on his stand regarding a proposal to regulate union contracts was dismissed in Summit County Common Pleas Court Tuesday.

In his petition, Samuel H. Orme, of Barberton, charged that URW Local 7 officers had threatened him with expulsion from the union and possible loss of his job if he did not make public his views on the proposed constitutional amendment.

However, he testified in a hearing before Judge Ray B. Watters that no officer or executive committee member had threatened him with loss of either his job or his union membership. Orme is a pipefitter at Firestone Tire & Rubber Co.

The union had charged Orme's suit was filed "for the purpose of creating publicity to support the so-called right - to - work amendment."

Judge Watters ruled that Orme's rights had never been invaded or jeopardized. He dismissed the request, with prejudice — which means it may not be brought back into court. Orme also was directed to pay court costs.

The major deserts of the world are mostly limited to North Africa and Australia.

Eely Exhibit

TOLEDO, Ohio (AP) — A popular exhibit at the Toledo Zoo comprises two lamprey eels feeding on live goldfish. The eels bore through the scales of the fish and eat the flesh inside. About every 10 days, the eels are transferred to other fish so their victims can recover.

James M. Kenney, 501 10th St., Wellsville, is recuperating from pneumonia at City Hospital.

100 To Attend Dinner Of County Constables

About 100 are expected at a dinner meeting of the Columbiana County Constables Association Thursday night at 7 at the Hotel Wick at Lisbon, Alvin K. Johnston of Salineville, president, reported.

Speakers will include Common Pleas Judges Raymond S. Buzzard and Joel H. Sharp, Probate Judge Louis Tobin, Assistant County Prosecutor Warren Bettis and Sheriff Russell VanFossan, along with other officials. Members' wives will be guests.

Beef Committee Plans Feb. 4 Event At Salem

LISBON — Plans for the annual Columbiana-Mahoning County Beef Committee meeting Feb. 4 at Salem were outlined at a meeting of 10 members Tuesday night at Salem.

Production testing and care and management techniques will be among topics at the meeting to be held in the afternoon at a location to be selected.

Roy Kridler of Leetonia R. D., chairman, presided.

Next U.S. Moon May Be Balloon Of Aluminum Foil

WASHINGTON (AP) — An inflated balloon of aluminum foil and plastic film may be the next United States satellite to go into orbit around the earth.

Such a sphere is to be included in the next Army satellite firing attempt, expected in the near future at Cape Canaveral, Fla. It is to be sent aloft in a modified Jupiter-C rocket and inflated automatically with nitrogen hundreds of miles above the earth.

Blown up to a diameter of 12 feet, it could be seen with the naked eye in the reflected sunlight of dawn and dusk.

Similar balloons have been fired aloft—with no attempt to put them into orbit—from the Wallops Island, Va., experiment station now operated by the National Aeronautics and Space Administration.

The final stage of a slightly modified Jupiter-C will be a three-foot cylindrical case carrying the compressed balloon and a two-channel radio transmitter for tracking purposes.

The balloon will not have any instruments aboard, but scientists hope to learn something through visual observation of it.

School Use Granted For Christmas Party

EAST PALESTINE — Permission to use the high school auditorium for a combined Christmas party for youngsters was granted by the Board of Education Tuesday night to five local organizations.

Separate parties have been held in past years by the groups who will sponsor a single celebration Dec. 20. They include the Eagles Lodge, the Veterans of Foreign Wars, the American Legion, the Moose Lodge and the Italian Tripoli Society.

The board granted professional leave to Mrs. Ruth Oakley, Negley teacher, to visit Youngstown schools for a week in November. William Ward was granted permission to attend a state meeting of athletic directors at Columbus Nov. 17.

The board members and Supt. T. R. Hersh will attend a meeting of the Ohio Association of Boards of Education Nov. 11 at Columbus.

Wallace To Take Part In 2 County Rallies

Francis Wallace of Bellaire, Republican candidate for 18th District congressman, was to take part in programs with Sen. Prescott Bush of Connecticut today at East Palestine and Salem.

Republican candidates were to attend a program this afternoon at East Palestine and a dinner tonight sponsored by the Salem Republican Club.

Wallace spoke Monday night at Homeworth and Salem, and Tuesday at Toronto. He will also attend programs Thursday at Salem and East Palestine.

If you have a ladder to sell, and wish to reach these prospective buyers, Dial FU 5-4545, ask for a Want Ad-Taker, have her insert an inexpensive ad for you. Dial your ad by 5:30 p. m. for the next day's paper. Reach these buyers right away while they are still interested.

Wellsville PTA Hears School Superintendent

Supt. S. E. Daw explained the new grading system in the three primary grades at the meeting of the Garfield Parent - Teacher Association Monday night in the Wellsville school.

Earl A. Bake, president of the Board of Education, spoke on the 3-mill levy for teachers' salaries on the Nov. 4 ballot. Mrs. Emma Lewis, member of the school faculty, also spoke on the levy.

The meeting was conducted by William Ferrell, president, and devotions were led by the Rev. George Marsteller of the Evangelical United Brethren Church, who used 2 Tim. 2. Pictures of the pupils will be taken by Cedric Kevan of Canton next Tuesday. It was decided to hold a candy sale at each meeting. The attendance banner was won by the second grade.

Kiwanians Hear Talk On School Situation

Nineteen heard Paul Talbott of Hillcrest speak on the "Yellow Creek School Situation" at a meeting of the Wellsville Kiwanis Club Tuesday night at Meade's Restaurant.

Talbott outlined the beginning of the fight by Hillcrest residents to be merged with the Wellsville school system. It started in 1953. He said the matter is now before the State Board of Education.

He gave various reasons why residents of the district want the merger.

Talbott was introduced by Kenneth Bell, program chairman.

Members will tour the W. C. Bunting Co. pottery at 1925 Clark Ave. next Tuesday night. They will be guests of Atty. Delmar T. O'Hara, owner of the plant and president-elect of the club.

Lunch will be served.

Trucker Posts Bonds In Underpass Accident

Robert Pyne of Warren has posted $65 bonds each on charges of failing to obey an officer's order and driving left of center.

Pyne, 36, a trucker for the Glenn Cartage Co., was cited to Mayor S. H. Fleischer's court at Toronto by the Wintersville State Highway Patrol after wrecking his rig on Route 7 at the Yellow Creek underpass Monday night.

Pyne failed to remain at the scene of the accident when told to do so by an officer.

Trial was scheduled for Tuesday night but it was not held.

Teachers Dinner Set

LISBON — The annual fall dinner meeting of the Columbiana County Education Association will be held Nov. 5 at Salineville High School's new cafeteria, Supt. James McBride announced.

Newell Band Parents Plan Spring Activities

Twenty attended the meeting of the Newell Band Parents Tuesday night in the American Legion Post 114 home when plans were outlined for spring activities.

Events will include the annual party for the Wells High School Band. Reports were presented on proceeds realized from operating a refreshment stand at home football games and a recent rummage sale. Members voted thanks to residents who donated rummage and worked at the sale.

Mrs. Mae Hupp, president, conducted business. A buffet lunch was served. The next meeting will be Nov. 18.

Motorist Fined $50

LISBON—Ronald Gustave May, 19, of R. D. 2 was fined $50 and costs Tuesday by Mayor John Todd for reckless operation. He was cited by the State Highway Patrol.

Actress In Hospital

HOLLYWOOD (AP) — Actress Barbara Stanwyck, suffering a severe congestion and fluid in her lungs, is in a hospital for observation and treatment to prevent pneumonia.

Council Acts For Reserving Of Street Land

Group At Wellsville Orders Legislation Also To Halt Parking

Legislation to reserve a portion of the land fronting the sewage disposal plant for street purposes was ordered by Wellsville City Council Tuesday night. Legislation also was ordered to halt parking on two streets.

The recommendation to reserve approximately 30 feet of the front yard of the sewage plant was made by Councilman J. Frederick Russell, water and sewage committee chairman.

The plant faces on an unamed alley which is about 16 feet wide. By taking a portion of the large yard, parking facilities can be maintained.

He also recommended a gas meter in the front be moved to inside the control building.

The plant, being constructed by the H. F. Hosea Co. of Cincinnati, is about 90 per cent complete. It will be finished late in November.

The sewage lines have been connected to the plant and the raw sewage is going through. Test treatment will begin when the plant is completed.

Council ordered legislation to prohibit parking on both sides of 15th St. from Buckeye Ave. to Commerce St. Residents of the neighborhood previously petitioned Council to study the traffic problem and take moves to correct the situation.

A survey showed the street is heavily traveled. Council also asked for legislation to permit north side parking on Center St. from 12th to 15th Sts.

Councilman Ancel Moore, street and light chairman, reported the widening of the Wells Hollow Rd. has been completed at a cost of $550.

Red dog was applied. It is slippery during wet weather, he said, in asking that slag be spread also.

Moore said weeds have been cut around town, streets are being patched and some oil applied to dirt streets.

He also pointed out the Holtz Transportation Co. plans to raise bus fares 5 cents inside city limits. He was directed to contact Andrew Holtz, owner, about the situation.

Council adopted legislation appropriating from the refuse disposal fund $7,000 for the purchase of garbage packer truck, $4,000 for retirement of eight treasury investment bonds held by the water depreciation fund and $1,457 for the purchase of a new truck.

Legislation then was adopted to retire 8 of 13 $500 bonds held by the water depreciation fund. The bonds were sold by the refuse disposal fund in February.

Council adopted a resolution authorizing Treasurer Charles W. Stewart to purchase a $1,000 Series H government savings bond with cemetery endowment funds.

Councilman Robert Taggart was absent. Councilman Richard Brown gave the invocation and Moore offered the benediction.

Member Drive Cited At Toastmasters Club

Lester Trainer, new president, stressed the current membership drive at the meeting of the Midland Toastmasters Club Tuesday evening at Deramo's Restaurant.

He reminded that the club is a means to "prepare yourself for advancement in life" and warned "the highway of fear is the shortest route to defeat."

Dr. Vern Watson was evaluator and grammarian for talks given by members.

Steve Hazy, Lloyd Murphy and Trainer were speakers and impromptu speakers included Harrell Bomar, William Slusarczyk, Dr. Watson, William Marcum and Robert Kelker.

Slusarczyk was toastmaster. William McComb gave the invocation and was in charge of the table topic.

Next meeting will be Nov. 18 at 6:30 p. m. at Deramo's.

Coast Guard Sights Wing Of Navy Plane

GUAM (AP) — A Coast Guard plane has sighted what appeared to be a wing tip tank from a Navy photo reconnaissance plane.

The Navy said today the sighting was 285 miles west-northwest of Guam. The Gen. Patrick, a military sea transport service ship en route to Guam from Manila, headed for the area.

As the search continued, the Navy disclosed for the first time that smoke flares had been seen in the area Sunday. The plane vanished Saturday.

Girls Present Musical Show For Calcutta

Seven girls from the Beaver Local High School presented a musical program during the meeting of the Calcutta Parent - Teacher Association Monday night at the school.

They are Debbie Ashbaugh, Beverly Rudibaugh, Lois Horger, Becky Thompson, Bonnie Stitler, Linda Bumgarner and Helen Reeder. Miss Carol Pittenger accompanied at the piano.

The songs were "Getting to Know You," "Everybody Got A Home" and "Whistle A Happy Tune."

George Van Horne, executive head of the Beaver Local School district, was guest speaker. He discussed the proposed bond issue and tax levy for the Beaver Local School district.

Harold Williams, Arthur McDevitt and L. H. Foulks, township trustees, spoke briefly on the zoning issue that will be on the ballot Nov. 4.

The president, Paul Pugh, urged members to attend the Beaver Local High School fair Oct. 31 and Nov. 1. He also discussed the Calcutta playground.

The attendance award was presented to Mrs. Mabel Popp's class.

The next meeting will be Nov. 17.

Gets 1-20 Years

TOLEDO, Ohio (AP) — Darrell Harron, 57, a tavern operator, was sentenced to 1 to 20 years in prison Tuesday for manslaughter in the fatal shooting of Robert Sanders, 19, at a night club near Swanton.

4-H Club News

The Columbiana County Junior Leaders 4-H Club will meet at St. George's Parish Hall at Lisbon Thursday at 8:30 p. m. (DST) for the annual Halloween party.

Following brief business, members will take part in games and other entertainment.

Refreshments will be served at 10.

'Work Meeting' Held In Church At Chester

About 16 attended a "Work Night" session of the Men's Fellowship at the Chester First Presbyterian Church Tuesday.

Members installed new beaverboard in the basement and gave it an initial coat of paint. J. J. Berry, president, said members and any volunteers wishing to help will also work tonight.

The next meeting will be Nov. 18.

U.S. May See Sputnik III's Rocket Today

CAMBRIDGE, Mass. (AP)—The rocket of Sputnik III makes a pass over the central part of the country today and will be theoretically visible to virtually the entire United States.

The Smithsonian Astrophysical Observatory points out, however, that cloudy weather and the low angle from the far east and west will make it difficult to spot the Soviet moonlet.

The rocket is due to come out of earth's shadow over North Dakota at 6:13 a.m., (EDT), cross the midwest and south in the next seven minutes and leave the country over western Florida. It will disappear in bright sky over Columbia, South America, at 6:28 a.m., the observatory predicts. The hurtling satellite is theoretically visible to viewers everywhere but Maine and California.

The Smithsonian listed these other passes for the rocket. It will cross the country in a north northwest to south southeast direction about 575 miles high. All times are eastern daylight:

First: 2:59 to 3:14 a.m., over the Atlantic, visible from New England and eastern New York state.

Second: 4:36 to 4:51 a.m., eastern Canada to Alabama, visible to eastern half of nation.

Third: 6:13 a.m. is the pass starting over North Dakota.

Fourth: 7:50 to 8:05 a.m., Washington state to Pacific Ocean off northern part of South America, visible to western half of nation.

Fifth: 9:27 to 9:42 a.m., entirely over Pacific, visible to west coast states only.

Paris subways filter long jets of perfume into their ventilating systems. Carnation is most popular with the underground traveling public, but attar of roses, jasmine and lilac also are used.

12 Contractors, Aides Jailed By Red Czechs

VIENNA (AP) — Communist Czechoslovakia has sent 12 contractors and associates to prison for illegally making the equivalent of $1,400,000 on public construction jobs.

Prague radio said today a court in the capital sentenced the group to terms ranging from 10 months to 15 years. They were accused of forging bills, pocketing illegal commissions and evading taxes.

There are no sales or luxury taxes in South Africa.

New Cumberland Closes Out Football Season Thursday

12 Games Set This Weekend For District

One of the district's 17 high school football teams closes out the season this week as another heavy grid slate unfolds over a three-day period beginning Thursday because of a teachers' meeting in Jefferson County.

Coach Charlie Miller's New Cumberland Raiders bow out of the 1958 campaign Thursday night at Mount Pleasant after setting an early pace and then losing two straight games this month. With a present record of 3-3-1, the Hancock County eleven must come up with a victory over the Jefferson Countians to finish over a .500 average for the season.

Only one other game is scheduled Thursday, Wellsville playing under the lights at Jefferson Union, also in Jefferson County. Wellsville, struggling in another losing season, will be shooting for its second victory against the Jackets and must halt bruising fullback Ray Martin to snap a two-game losing streak.

The weekend schedule includes six games Friday, including an afternoon game, and six more Saturday, all slated to be played in the daytime.

One of the big games Friday finds East Liverpool's Potters meeting Steubenville Central's rampaging Crusaders at Patterson Field and all indications point to another rough night for the home team.

Central, with a 3-3 record, has speed, depth — an 85-member squad — and a potent aerial attack and will be thirsting for revenge. Coach Lou Venditti's charges bounced the Crusaders last year, 21-14, in a bruising encounter at Steubenville. Venditti is counting on the return of several regulars to the lineup following recovery from injuries to produce victory No. 2.

Other night games Friday find Hopewell at Midland, Youngstown East at Salem, Leetonia at Lisbon and Springfield at Columbiana. An afternoon game at 3:30 will find Coach Jack O'Rourke's Beaver Local squad gunning for its second victory of the year over Wayne High from Jefferson County. Wayne has a record as unimpressive as the Beavers and are figured to be in for a rough afternoon.

Midland (4-1-1) will be favored over Hopewell, Lisbon will have an edge over Leetonia although the Devils have lost four straight, Springfield looms too strong for Columbiana and Ohio's seventh ranked team, Youngstown East, will be tough for Salem (4-2) to get by.

The highlight of Saturday's slate finds the district's top team, East Palestine, laying its five straight victories on the line against dangerous Poland. By comparative scores, the game appears to be a toss-up as Palestine and Poland both whipped Lisbon only two points each. Palestine beat the Devils, 16-14, while Poland squeaked by Coach Bud Bucher's club, 22-20.

Chester (3-2-2), meets Powhatan at Chester City Park Saturday afternoon at 2:30, and must bounce back from last week's 13-0 defeat to Follansbee St. Anthony.

Newell High finds itself rated about even against Salineville but must produce an offensive punch to realize victory No. 2. Salineville has dropped two straight games with the injury to quarterback Larry Kessler, but may still have the edge in running power by virtue of halfback Rich Dunlap.

Irondale draws one of the top assignments in the Ohio Valley Saturday afternoon against Brilliant's undefeated eleven at the Brilliant field.

Brilliant is riding high on a six-game winning streak and rolled over Smithfield last week, 54-6, while Irondale was edging Newell, 8-0. South Side hosts Weirton Madonna Saturday afternoon and Marlboro visits United for a game at 2:15.

East Liverpool's reserves will travel to Massillon to meet the Tiger reserves. Coach Bob Hedmond's youngsters will be looking for their third win of the season after rolling over Steubenville Central last week, 52-0. Kickoff time at Massillon is set for 2 p. m.

Michigan State's cross-country team captain is Forddy Kennedy who succeeded his brother Henry in the post.

District Grid Games

Thursday

Wellsville at Jefferson Union
New Cumberland at Mount Pleasant

Friday

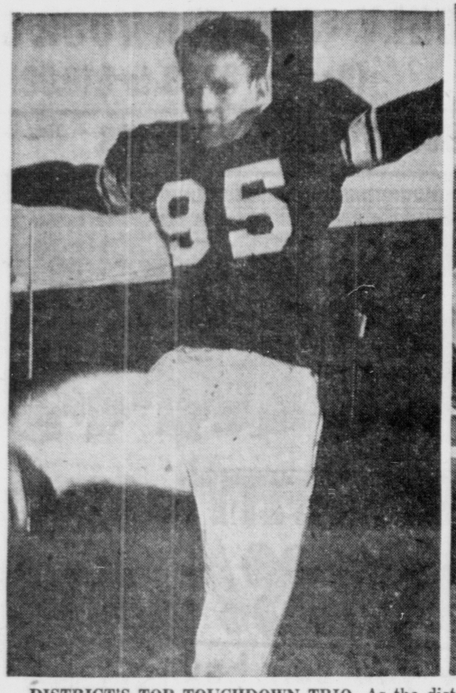

Steubenville Central Catholic at East Liverpool
Wayne at Beaver Local (3:30 EST)
Springfield at Columbiana
Leetonia at Lisbon
Youngstown East at Salem
Hopewell at Midland

Saturday

Powhatan at Chester (2:30)
East Palestine at Poland (2 p. m.)
Newell at Salineville (2:30 EST)
Marlboro at United (2:15 DST)
East Liverpool Reserves at Massillon (2 p. m.)
Weirton Madonna at South Side (2:30 DST)
Irondale at Brilliant (2:30 DST)

The Review Sports

WEDNESDAY, OCTOBER 22, 1958 EAST LIVERPOOL REVIEW PAGE 22

DISTRICT'S TOP TOUCHDOWN TRIO. As the district's 17 high school football teams swing down the home stretch of the 1958 campaign, these three backs head the list of top point producers. Phil Cullen, center, of New Cumberland, ranks first with 10 touchdowns and a running extra points conversion for 62. Right behind him with 55 for the season is Leetonia's Bob Osterling, left, who booted an extra point placement last week and scored a pair of touchdowns as Leetonia knocked off Poland, 15-14. George Morris, right, of East Palestine, is in third place with 48 points on seven touchdowns and three conversions. Cullen and Osterling are both seniors, while Morris will be back next year for East Palestine, being a junior. The two Columbiana County backs may catch Cullen after this week as New Cumberland plays its final game Thursday.

Len Matthews Beats Zulueta

PHILADELPHIA (AP) — You'd hardly guess by listening to young Len Matthews today that the unbeaten lightweight prospect had just successfully passed his most important ring test.

Somewhat dejected despite his unanimous 10-round decision Tuesday night over crafty Orlando Zulueta, Matthews complained, "I never really got a good shot at him. He taught me a lot but I'd like to fight someone who would throw more punches."

Zulueta, 30-year-old Cuban veteran of 110 fights, seemed relieved that he had survived two knockdowns and lasted the distance.

"The kid's got class," Zulueta said.

The bout was the 15th for Matthews, a 19-year-old Philadelphian who only once before had gone 10 rounds. The greater experience of the Cuban showed in early rounds when he held his own strictly on his boxing and counterpunching ability.

He inflicted an inch-and-a-half gash over Matthews' left eyebrow midway through the fourth round.

As Matthews explained it afterwards: "I wanted to get him suddenly, as fast as I could." He said trainer Quenzell McCall warned him against this, cautioning that he might leave himself open.

Matthews, at 133, two pounds less than Zulueta, said he took McCall's advice, but it didn't look it from ringside. He started moving faster and throwing harder and more often, apparently worried that ring physician Alfred Ayella Jr. would stop the fight.

Zulueta, whose record now is 63-36-11, couldn't cope with Matthews after that. He was floored in the sixth for the mandatory eight count when Matthews caught him off balance. Then a left uppercut and a right to the head in the seventh put him down with authority.

The Cuban, who had been knocked down previously only by lightweight champion Joe Brown, was through at this point.

He clinched more and resorted more to using his head at close quarters in a futile attempt to open the cut beyond repair.

Manager Anthony Graziano said Matthews will rest at least two months and then hopes to meet Carlos Ortiz or Johnny Busso.

$10,121 Raised In Cage Tilts For Maurice Stokes

CINCINNATI (AP)—Officials of the Cincinnati Royals of the National Basketball Assn. today were to take a check for $10,121.40 to Maurice Stokes, the team's former star rebounder.

Stokes never has been more than partly conscious since being stricken with a brain disease last March. He has been hospitalized since that time.

Tuesday night four teams of the NBA—the Royals, the St. Louis Hawks, the Boston Celtics and the Detroit Pistons—played a benefit double-header here to help raise money to pay Stokes' mounting hospital and medical bills.

All four teams donated their services and all receipts, less taxes, went to Stokes.

A crowd of 5,511 turned out and saw the Celtics nose out the Hawks, defending NBA champions, 108-106, while the Pistons squeezed past the Royals, 108-103.

Raiders' Phil Cullen Holds Lead In District Point Race

New Cumberland's Phil Cullen, 155-pound fullback who has an eye set on an engineering course next fall at one of West Virginia's colleges, remained atop the pack this week in the district scoring race.

The 5-foot 10-inch senior has scored at least one touchdown in every one of New Cumberland's seven games and at the present is seven points ahead of Leetonia's workhorse fullback, Bob Osterling, with a total of 62 points.

Cullen, with 10 touchdowns and a rushing conversion, saw his lead dwindle a point last week as Osterling moved up from third place by scoring 15 points, including a game-winning extra point boot as Leetonia dumped highly regarded Poland, 15-14.

Osterling, prize pupil of Coach Pat Mancuso, has hurdled his 175 pounds at opposing lines a total of 171 times this year and has been averaging 5.5 yards per carry. His effort last week gave him a total of 55 points for the season.

In third place is East Palestine speedster George Morris, only a junior, who failed to score in Palestine's 46-6 rout over Minerva, and dropped a notch down the ladder. Morris, a 170-pounder, with break-away speed, is in addition strictly a top student, according to new coach Bob Mallory.

Now in his first high school coaching assignment, Mallory has guided the Bulldogs to the top of the district's 17 high school teams with five straight victories. Palestine is presently ranked in a three-way tie for 20th place in Ohio and should breeze the rest of the way to an undefeated season by slipping by Poland this Saturday.

As far as winning the district scoring race goes, it looks like a two-way battle between Morris and Osterling as New Cumberland rings down the curtain on its 1958 schedule Thursday at Mount Pleasant.

Cullen will have to come up with his best effort of the year to hold the scoring lead as both East Palestine and Leetonia have more games to play after this week. Palestine has games left with Louisville, Columbiana and Bellaire St. Johns after this week, while Leetonia must face Sebring and Salem..

In fourth position in individual scoring is Ralph Ehrhart of Salem, who ran wild last week against Wellsville, and vaulted from nowhere to among the leaders. He has 42 points for the season. Teammate Lou Slaby, a giant fullback, is fifth with 38 points.

Rich Dunlap of Salineville and Denny Reese of Lisbon are tied for sixth with 36 points each. Neither scored last week while their teams were being defeated.

Kenny Sayre of Chester and Chuck Brooks of South Side are tied for eighth place with 32 points each, and rounding out the top ten leaders in the district is Schmidt of South Side with 31 points.

With the season rapidly drawing to a close, only half of the district elevens seem capable of finishing with at least a .500 percentage.

Behind Palestine with five victories are Midland and Salem with four each, five other teams with three each, three more with only a pair of wins, and half dozen with only one victory thus far.

Salem's powerhouse leads in total offense with a total of 166 points to 53 scored by its opponents, while Palestine is second with 150, New Cumberland third with 138 and Leetonia fourth with 105.

Coach John Petchel's Midland Leopards, with a 4-1-1 record, have scored 91 points and have limited opponents to a microscopic 39 points. Fairfield-Waterford's team gets the nomination for being the weakest team on defense, with opponents having scored 230 points to 34 by the Rebels.

Newell, with a 1-5 record, is listed at the bottom on total offense, with only 25 points, while Beaver Local has 28 and Irondale 42.

Cardinals Add Spice To NFL

CHICAGO (AP) — This is the year of varied formations and the Chicago Cardinals are adding spice to the already hopped-up National Football League.

Coach Frank Ivy, who took over this season after winning three Grey Cups in four years with Edmonton in the Canadian League, has introduced the double wing-T and triple wing-T in the pro loop.

His success is a matter of record. The Cardinals are tied for second place in the Eastern Division and lead the entire league in total offense. They have lost two of their four games only because of failings on defense.

Ivy's innovations come from Canadian football, which is played with 12 men who toss the ball around as if they were on a basketball court.

These wing formations enable a team to exploit the passing game as attested by the Cardinal record of 63 completions in 119 attempts for 1,023 yards and 8 touchdowns.

"We may sacrifice a little straight power," says Ivy, "but we also have four or five men to pass to quickly. Also our backs are close enough so that they can take the ball and run with it."

In the double wing-T, the Cardinals split their ends as wide as desired. The quarterback and fullback remain in regular T-formation positions. The two halfbacks, however, are a yard behind the line of scrimmage and are directly behind or a step outside the tackles.

This gives the halfbacks an advantage of several yards if they are used as pass receivers. They can also pull back and block for the passer.

In the triple wing-T, the fullback leaves his regular position and moves in between the split end and the halfback. This way the Cardinals have five pass receivers who can move into the secondary quickly.

Bernfield Gets $1,300 Purse At Waterford

F. H. Merrill Jr.'s Bernfield captured Waterford Park's $1,300 Appreciation Day purse Tuesday by clicking off the six furlong distance in a time of 1:10 4-5 — equaling the track record — before 6,842 fans.

Guided by leading jockey Francisco Saumell, Bernfield returned $4.20, $2.60 and $2.20. Dr. Eugene J., with Vic Bovine in the saddle, was second, while Dixie Dudley was third. Bernfield was coupled with Merrill's other entry, Admiral Brush, which finished fifth.

Favorites won the first two races, resulting in a 4-6 daily double worth only $19.60 for a single $2 ticket. Jeep Flyer, winner of the first race, paid $4.40, $3.20 and $2.60, while Rhydare, with Saumell aboard, won the second race and returned $6.80, $3.80 and $3.20.

The highest payoff for a single winner was in the eighth race when Betty Pat came to the wire first in a seven furlong turf event. Betty Pat paid $44.80, $16.20 and $8.80. Tuesday's mutuel handle totaled $378,990.

First Race — Purse $1,000; 3 Y. O. & up; Claimg all $1,500; 6 furlongs. Time 1:13.

FIGHT RESULTS

By The Associated Press

Portland, Ore. —Benny Moyer, 149, Portland, Ore., outpointed Johnny Saxton, 150, New York, 10.

Philadelphia — Len Matthews, 133, Philadelphia, outpointed Orlando Zulueta, 135, New York, 10.

Holyoke, Mass. — Chico Vejar, 161, Stamford, Conn., knocked out Lem Harvey, 160, New York, 2.

Richmond, Calif. — Sixto Rodriguez, 171, San Anselmo, Calif., outpointed Willie Gilbert, 162, Los Angeles, 10.

Fresno, Calif. — Rudy Jordan, 141, Los Angeles, outpointed Teddy Davis, 141, San Jose, 10.

Central's Passing Game Cited By Potters' Coach

Steubenville Central Catholic High's dangerous passing game was cited by East Liverpool football coach Lou Venditti in a talk on Friday night's opponent of the Potters during the meeting of the Blue and White Nonpareil Club Tuesday in the YMCA.

Central's 85-member squad, fresh from trouncing Bellaire St. Johns, 44-16, visits Patterson Field Friday night and will bring along a 3-3 season record.

Venditti pointed out that "Central will be in good shape for the Potters by virtue of last week's easy victory but the Steubenville club hasn't been playing top flight competition and that means an awful lot."

The Potter coach was quick to point out the possibility of Central's strong air game as a threat to the Potters' strong pass defense which hasn't allowed a touchdown pass to be completed in six games.

Venditti also praised Central's flashy halfback George Walkosky, who scored four touchdowns against Mingo this month and added three more in the rout of St. John's Walkosky, a 6-1, 170-pound senior, is being touted as one of Central's finest runners in recent years. He scored on runs of 65 and 60 yards in the Bellaire game, reflecting his vaunted speed, Venditti said, and added that "Walkosky is the outstanding halfback in the Ohio Valley." Polshaw does most of the throwing for the Crusaders and Walkosky, who tries to outdistance the opponent's secondary with his speed is the prime target of the aerials.

In discussion of the East Liverpool-Bellaire game last week which ended in an 8-8 tie, Venditti praised the Potter defense but was quick to add that the offensive team was hurt by a rash of fumbles.

"We didn't move the ball too well," Venditti said, "but our lightweights had trouble moving Bellaire's giant tackles," referring to Ralph Hendershot, 240 pounds, and Joe Bonar, 195 pounds.

However, this week's practice sessions found the Potters really improved in their running attack, Venditti said and added he looked for the team to be nearest its full strength for the Central game than at any time this season.

During business conducted by H. A. Tullis, president, plans were made for "Dads' Night" observance Friday. Fathers of members on the team will don warm-up jerseys for the occasion and will be introduced to fans at halftime.

The Nonpareil Club's officers and Board of Directors will convene at 6:30 a. m. next Tuesday to visit Patterson Field and investigate possibilities of installing a training room there, Tullis announced.

Browns' Foe May Fill Air With Passes

CLEVELAND (AP)—If the Chicago Cardinals operate true to form next Sunday, the Cleveland Browns will spend much of their time defending against passes.

Operating from a unique spread formation, the Cards have fashioned a potent aerial attack around the passing of quarterbacks Lamar McHan and rookie M. C. Reynolds.

The Browns, 6½-point favorites to whip the Cards, defeated them 35-28 two weeks ago at Municipal Stadium. But Reynolds almost pulled the game out of the fire for Chicago with his passing.

McHan started for the Cards and couldn't complete a pass in nine tries. Reynolds came into the game and hit for 11 completions and three touchdowns in 18 tries.

In last week's 23-6 defeat of the New York Giants, McHan tossed two touchdown passes and set up another with a 59-yard pass to Ollie Matson.

"No question about it," Cleveland Coach Paul Brown said of the Cards, "This is a good football team."

"They may be green, but they're growing better every week," Brown added.

If Chicago can slow down the Cleveland offense — Coach Brown says the Cards looked much better defensively last week—the Browns' pass defense may prove the difference between victory and defeat.

The undefeated Browns, leaders in the National Football League's Eastern Division, will be looking for their fifth victory.

Eagles Release Two, Cutting Roster To 33

PHILADELPHIA (AP) — The Philadelphia Eagles have announced release of two players on waivers, cutting their roster to 33.

Dropped from the National Football League club were center John Simerson and offensive end Andy Nacerelli. Simerson, a Purdue graduate, was in his second year with the Eagles. Nacerelli, who played his college ball at Fordham, joined the club this year.

Army Favored Over Pitt, Badgers Picked To Beat Bucks

Oklahoma, Notre Dame Also Choices

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK (AP) — You say they have taken the kicking out of football? Hmmmm? What about these letters? After all, 36 correct guesses in 52 attempts last week isn't too bad, is it?

Here are this weekend's picks:

Army over Pittsburgh: Two of the East's most rugged. Dawkins —if he plays—and Anderson give the Cadets an edge in speed.

Wisconsin over Ohio State: Strictly on a hunch.

Louisiana State over Florida: How can the Tigers be denied. They have a Cannon, Bill that is, while the Gators must counter with 145-pound Jimmy Dunn.

Auburn over Maryland: The Plainsmen don't score heavily but their opponents usually don't score at all.

Oklahoma over Kansas State: The Sooners, now playing in the Big Eight, will have a winning streak of two come Saturday night.

Washington State over Southern California. Have you ever seen so many ups and downs as in the Coast Conference this fall?

Notre Dame over Purdue: All the Irish walking wounded are back in good health. They will need to be to stop the team that spilled Michigan State a week ago.

Princeton over Cornell: Who would have thought two months ago that this one might decide the Ivy League title?

Skipping over the others in a hurry:

FRIDAY

William & Mary over George Washington.

SATURDAY

EAST: Miami over Boston College, Brown over Rhode Island, Buffalo over Columbia, Connecticut over Delaware, Dartmouth over Harvard, Holy Cross over Boston University, Rutgers over Lehigh, Navy over Penn, Penn State over Syracuse, Yale over Colgate, Villanova over Richmond.

SOUTH: Mississippi over Arkansas, Clemson over South Carolina, Duke, Furman over the Citadel, Kentucky over Georgia, Mississippi State over Alabama, North Carolina over Wake Forest, Tennessee over Florida State, Vanderbilt over Virginia, Virginia Tech over West Virginia.

MIDWEST: Iowa over Northwestern, Cincinnati over Oklahoma State, Colorado over Nebraska, Arizona State over Detroit, Bradley over Drake, Michigan State over Illinois, Indiana over Miami (Ohio), Tulane over Kansas College of Pacific over Marquette, Michigan over Minnesota, Missouri over Iowa State.

SOUTHWEST: Rice over Texas, Baylor over Texas A&M, Hardin-Simmons over Wichita, North Texas State over Tulsa, Southern Methodist over Georgia Tech.

FAR WEST: Air Force over Utah, Oregon over California, Idaho over Arizona, Oregon State over Washington, UCLA over Stanford, Colorado State over Utah State, Wyoming over New Mexico.

2 Have Licenses Revoked On Race Horse Dope Count

NEW YORK (AP)—State harness racing commissioner George P. Monaghan has revoked the licenses of Thomas H. Loss, of Swanton, Ohio, and Harry Johnson, of Shelbyville, Ind.

Monaghan took the action Tuesday on the basis of state laboratory tests which showed that a saliva sample taken from the harness race horse Widower Creed showed presence of a drug.

Loss was the owner and Johnson the groom of Widower Creed.

The saliva sample was taken from the horse after the $50,000 Trans-America Pace at Yonkers Raceway at suburban Yonkers, N.Y., Sept. 30.

Monaghan ordered that the trainer and driver, Howard F. Beissinger, of Hamilton, Ohio, be suspended until the end of the New York harness racing season at Yonkers Nov. 25.

Beissinger was cleared of any part in the doping, and was penalized only on the ground of neglect.

Alabama's unbeaten football team of 1930 allowed only 13 points in winning 10 games. Tennessee scored six points and Vanderbilt seven.

FIELD AND STREAM

By R. L. LIDE

Within the last few weeks, 1,464 largemouth bass have been stocked in Guilford Lake, mostly from 2½ to 10 inches in length. There were 152 bass in the lot that ran from 10 to 17 inches.

This was not done as a stocking program, but to replace the bass killed during the process of eliminating many other fish, like carp, gizzard shad, stunted bluegills, sunfish and crappies.

At Zepernick Lake, 1,008 bass have been stocked to replace the ones eliminated during the kill of sunfish around the edges. These were 3½ to 4½ fingerlings.

Some of the larger bass were tagged, and it is hoped the fishermen catching a tagged bass will report it to the nearest game protector.

—:—

DUCK SEASON will open Friday. The Guilford swamps and the Salem reservoir were loaded with ducks. I believe there were more ducks on these areas than ever before.

Four Canadian geese have been sticking around and there is a good chance some hunter will have goose on the menu.

Wild duck stuffed with wild rice is quite an eating treat. But where can wild rice be bought? I also understand duck stuffed with sauerkraut is a Hungarian method of cooking that is very tasty.

Grouse season is in and these birds are spotty. You may hunt some days in grouse territory without seeing a bird and other days you may flush a dozen or more. Bagging one is quite a trick. Even the best shots can miss a grouse about as easy as any wild bird that exists.

—:—

THE BOW and arrow hunters are busy putting in long hours of stalking and slipping around Indian-style hoping to bag a deer. Getting a shot within killing range is one thing and actually bagging a deer is a rarity.

Only one I heard about being taken in this county last season was brought down by a hunter from Findley, Ohio. All I know about that was the newspaper clipping from their local paper that was mailed to me.

I still have a few more chestnuts to be passed out to people who are willing to plant and care for them. When I run out that will be all.

Advice to beginning duck hunters: If you don't know one duck from another, you are running a great risk of violating the game laws. Ask some other hunter what kind of a duck you might shoot and read up on the laws.

Neither the game protector nor anyone else has much time to enlighten the hunters. You are virtually on your own.

If one hunter can identify ducks, then you have the same opportunity, with no excuse for not knowing.

Southeastern Loop's Teams Lead As Spoilers

By JACK CLARY
Associated Press Sports Writer

It used to be that preparing for a Southwest Conference football team was risky business.

Things are different this year. The Southeastern Conference has taken over the spoiler role, with neighboring Atlantic Coast and Southern Conferences right behind.

The SEC has produced 17 upsets compared to seven for the Southern Conference six.

Four teams from the ACC have helped produce three each — win lose or draw — while the SEC's Vanderbilt also has been involved in a trio. Two of the teams — North Caroline State and Duke — meet Saturday, while the other three, Maryland, Wake Forest and Vanderbilt meet teams which have been involved in at least one upset.

Duke's Coach Bill Murray, whose team is a 10-point favorite, is doing his best to guard against a fourth upset, he had his boys under the lights in cold, windy Duke Stadium Tuesday, minus guard Ron Bostian, out with a bruised hip.

NC State's Earle Edwards concentrated on running and pass defense after telling his squad that Duke's offense was designed to "keep them guessing."

Maryland, 14-point underdog to Auburn, will probably have to play without guard Rod Breedlove and Tom Gunderman, who missed Tuesday's hour and a half scrimmage aimed at stopping the Tigers' passing attack. Both were injured last Saturday against North Carolina.

Wake Forest, seven point underdog against North Carolina, held its second consecutive secret practice, working on offense.

Virginia, on the other hand, is taking aim on 13-point favorite Vanderbilt, though it will have to play without quarterback and passer Reece Whitely, out for the second straight week with a bad ankle. The Cavaliers, after hearing of Vandy's great speed, divided their time between offense and defense.

There is upset potential galore in other parts of the nation as teams got down to the bruising work in the week's practice schedule.

Princeton learns today whether star tailback Dan Sachs will be available for Saturday's Ivy League game with Cornell. Sachs was injured against Penn two weeks ago.

Two games in the Big Ten Saturday have upset written all over them. Iowa meets undefeated Northwestern and is a 10-point favorite while undefeated Ohio State entertains Wisconsin, a 6-point underdog. The Hawkeyes were strengthened by the return of fullback and Capt. John Nocera, out with bad knees, while Northwestern went through dummy drills and scheduled its only contact work for today. Tackle Dewitt Hoopes is a doubtful starter Saturday.

The Buckeyes, with halfback Don Clark watching from the sidelines, went through a stiff scrimmage. Clark, suffering from an injured shoulder, is expected to do contact work today. Wisconsin also ran through a stiff contact drill with another slated for today.

Baxter Brothers May Sell Stock In Cleveland Indians

CLEVELAND (AP)—Two members of the Cleveland Indians board of directors—Charles Baxter and his brother, Andy—called a news conference for today amid speculation they may be announcing sale of their stock in the baseball club.

The Baxters and Hank Greenberg, former general manager of the Tribe, reportedly wanted to move the franchise. They control about 35 per cent of the stock.

Last week William R. Daley, chairman of the board, announced the club was staying here. He said it was by unanimous vote in a poll of directors.

Announcement of today's news conference followed a stormy session of the board Tuesday. Daley said the directors touched all bases, but would not comment on a question as to whether there was any discussion of a sale of stock by Greenberg or the Baxters.

Five winners of the McLennan Handicap at Hiahleah Park have gone on to win the $100,000 Widener at the Miami track. They are Many Stings, Armed, El Mono, Coaltown and Spartan Valor.

UCLA Tackle Takes Honors

By The Associated Press

Bill Leeka, UCLA tackle, put on his college football pads for the last time Saturday. He played such a bangup game against Washington that he was named today the Lineman of the Week.

Leeka, a 6-0, 202-pounder, was one of six UCLA seniors who closed out their half-season of eligibility because of Pacific Coast Conference penalties. Leeka and his mates bowed out in style as UCLA surprised by beating the Huskies 20-0 for their first PCC triumph.

"I've never seen tackle played better than Leeka played it against the Huskies," declared Bill Barnes, UCLA coach.

Jeff Langston, Iowa end, and Monty Stickles, Notre Dame end, were high up in the voting by sports writers and broadcasters in the weekly Associated Press poll.

Langston plucked a Wisconsin fumble out of the air and ran 21 yards for what proved to be the winning touchdown in Iowa's 20-9 victory. Stickles scored all of Notre Dame's points in the Irish 9-7 victory over Duke. He first caught a forward pass for a TD, then after the Blue Devils went ahead he booted a 23-yard field goal in the second half for the winning points.

Jim Healy, Holy Cross guard, and Jim Wood, Oklahoma State end, also stood high in the balloting. Healy blocked a Dartmouth field goal try. The ball flew off to one side and was caught by John Esposito, Healy's teammate, who ran 80 yards for the winning touchdown.

Wood's tackling and punting helped Oklahoma State tumble Houston from the unbeaten ranks. He had a total of 11 individual tackles and assisted in nine more as the Cowpokes made on several goal line stands that preserved their 7-0 victory. In addition he punted six times for a 39.8 yard average. One of his kicks went for 56 yards.

Finderson, 21, Named Brandeis U. Cage Coach

WALTHAM, Mass. (AP) —Rudy Finderson, who graduated last June from Brandeis, greets candiates for the university's 1958-59 basketball team today as one of the nation's youngest head coaches.

A native of Cliffside Park, N.J., the 21-year-old Finderson was named head coach of Brandeis basketball Tuesday, succeeding Harry Stein, who moved up to director of physical education and intramural activities.

Finderson established virtually every Brandeis scoring record in four years of varsity play. He scored a total of 1,733 points, averaging 20.6 in 84 games.

Ceremonies Slated

CLEVELAND (AP)— Consecration ceremonies will be held in St. John's Cathedral here Tuesday for bishop-elect Paul T. Hallinan, who will be installed as bishop of Charleston, S. C. on Nov. 25. Archbishop Amleto Giovanni Cicognani, apostolic delegate to the United States, will be the consecrating prelate.

Cleveland's Jim Brown May Set Rush Record

PHILADELPHIA (AP) —Statistics are proving what many opposing football players already accept as fact — that Jim Brown may be the greatest rusher in the history of the National Football League.

Official NFL figures released today show that the bruising fullback of the Eastern Division — leading Cleveland Browns is well on his way to setting a rushing record for one season and also has a good shot at a scoring record.

The former Syracuse star has accounted for 635 yards on 94 running attempts in the Browns' four winning efforts this year. That figures out to a 6.8 yard average per carry and a game average of almost 159 yards. The game figure is about 65 yards more than Steve Van Buren averaged when he set the present NFL league rushing record with 1,146 yards for the Philadelphia Eagles in 1949.

Another big reason for the Browns' success is rookie Bob Mitchell whose season total of 370 yards rushing is second best in the league. Mitchell has averaged 8.8 yards for each of his 42 runs. Tom Wilson of Los Angeles is a distant third with 302 yards by running.

Eddie Lebaron of the Washington Redskins, John Brodie of San Francisco and John Unitas of Baltimore continue to head the passers. Lebaron has the best average gain per pass attempt, 9.70 yards. Brodie has the best completion average, 58.8 per cent in 68 attempts. Unitas' passing has accounted for the most yards, 907.

Brown heads the scoring parade with 10 touchdowns for 60 points in his four games. The league record for TDs in one season is 18 in 10 games by Van Buren.

Willie Galimore of the Chicago Bears has 42 points for second place in the scoring race.

Ray Berry of the Colts has caught the most passes in the 1958 season, 23 good for 361 yards. But Del Shofner of the Los Angeles Rams has gained the most yards, 424 in 19 catches.

Other statistical leaders are Sam Baker of Washington, a 45.7 yard punting average; Billy Wells of Philadelphia, a 14.9 yard average for his punt returns; Don Maynard of the New York Giants, a 31 yard average on kickoff returns, and Jack Butler of Pittsburgh with six pass interceptions.

Girl Killed By Train

AKRON, Ohio (AP) — Racing with a Denmore High School classmate to cross tracks in front of a slow-moving freight train, Diana Mullenix, 13, tripped and fell Tuesday and was killed. The accident occurred in the Pennsylvania Railroad yard near Wilbeth-Road.

16 Still Stay In Senior Golf

PINEHURST, N. C. (AP) —Sixteen survivors moved into the second round of the North and South Seniors Golf Tournament today after a first round marked by upper bracket victories for medalist Thomas Robbins of Pinehurst and venerable Chick Evans.

Robbins, whose three under par 69 gave him the medal Monday, romped past P. J. Farley of Grand Rapids, Mich., 6 and 5, in his first match play test.

Evans, winner of both the U.S. Open and Amateur titles 42 years ago, prevailed by the same score over George Henderson of Pittsburgh.

There was only one 1 up match of the eight in the upper bracket and five failed to go beyond the 13th hole.

But in the lower half there were two 1 up affairs, five by 3 and 2 and a 4 and 3 triumph, turned in by J. Wolcott Brown, Southern Seniors champion from Sea Girt, N. J., over E. F. Quittner of Rydal, Pa.

Eleven men had to play off for the last seven positions and James McAlvin of Lake Forest, Ill., was the only one of the seven survivors to go on and win a match.

Robbins, holder of the U.S. Golf Assn. senior championship, met John McGuire of Martinsville, Ind. and Evans faced Leon Sykes Sr., Palm Beach, Fla., today.

Gillman Claims Rams Didn't Break Rules

LOS ANGELES (AP) — Coach Sid Gillman claims his Los Angeles Rams broke no more rules in their penalty-packed game with the Chicago Bears last Sunday than they do on an average Sunday afternoon.

After viewing films of the game Tuesday, Gillman said:

"We played our normal game in Chicago. There was no more holding and no less than the average for our team, or any pro team. The same goes for clipping and everything else. But look at the difference in the statistics."

Lower Rates Of Insurance Seen Possible

40 Attend Dinner Of Fire Fighters Local; 7 Become Members

City officials and firemen were told Tuesday night there's a possibility of East Liverpool securing a reduction in fire insurance rates if improvements continue in the department. They also heard an official of the state fire fighters organization urge firemen to support retention of the city income tax at the Nov. 4 general election.

Some 40 attended a dinner at Central Fire Station given by Local 24 of the International Association of Fire Fighters at which Joseph Rutter, superintendent of the classification department of the Ohio Inspection Bureau, and Robert M. Lukens, secretary-treasurer of the Ohio Association of Fire Fighters, AFL-CIO, were speakers.

Seven new members of the department, five of whom were addwith funds derived from the income tax, were obligated into Local 24 by John J. O'Doherty of Lorain, trustee of the International Association of Fire Fighters.

Rutter pointed out East Liverpool is in the Class 6 rating at present but has a good chance to drop into Class 5 and even into Class 4 as improvements are made. The bureau has 10 classes with Class 1 receiving the best rate.

If the department had radio equipment in its trucks, the city would come close to qualifying for Class 5 while additional manpower of 18 or 19 firemen on duty at one time, along with the adoption of building and fire prevention codes, probably would enable the city to qualify for Class 4, he said.

A drop into Class 5 would lower the rates approximately 6.3 per cent on brick mercantile buildings and 4 per cent on frame structures along with decreases of 3 and 2 per cent, respectively, on contents, Rutter said.

Another drop into Class 4 would cause a 9 per cent decrease on dwelling rates, plus 6 per cent on contents, along with additional decreases of 5 and 4 per cent on brick and frame mercantile buildings.

The city has fluctuated between Class 6 and Class 7 since the 1920's, Rutter said, but in the last inspection by the bureau in 1950 was well into Class 6.

The main deficiency charged against the city then was a lack of manpower. "The quality was fine, but the numbers were few," he commented.

When the bureau made its report, the first recommendation was for additional manpower, Rutter said, explaining that with an undermanned department equipment must be called to some fires so the manpower can be obtained.

The bureau also recommended the appointment of company officers so that there would be one in each unit on each shift.

It also urged the city to acquire heavy stream equipment and additional hose and create a ladder company along with improvements in the training program, the speaker said.

If the bureau were to make recommendations today, Rutter said it would probably urge the purchase of radio equipment for all trucks, replacement of equipment after 20 years with funds being set aside yearly so the financial burden would not be too great in any one year, maintenance of the fire alarm system so it is dependable and adoption of building and fire prevention codes.

"Most departments now have radios even in rural areas. I can't think of another city this size that doesn't have them. With more than one station, it's almost a necessity," Rutter asserted.

He termed it "unusual" to find a city in East Liverpool's population class without building and fire prevention codes. Model codes are available from the National Board of Fire Underwriters but he cautioned that enforcement is not effective unless tailored to fit the community.

A number of the recommendations have been reiterated by the bureau from year to year.

Rutter declared, "It's gratifying to see the number of improvements that have been made since my last visit in April. The administration is to be commended for making the improvements rather than let them go by the board as was the case for many years. To stand still is to go back."

He explained the bureau is not a part of the state government but a non-profit service organization subscribed to by the major fire insurance companies.

The bureau utilizes the standard rating schedule of the National Board of Fire Underwriters which has been developed during the past 50 years. It is based on population and structural conditions.

Water availability and the fire department are the two major divisions on which deficiencies are charged against cities, the speaker continued. Water availability accounts for 34 per cent and the fire department for 30 per cent in the rating.

In cities in East Liverpool's population, inspections are made every 10 years but the data is kept up to date with supplementary inspections, Rutter said.

In his talk, Lukens said firemen and policemen should work "very hard" for retention of the city income tax. "The city is no better than you are," he commented.

He pointed out some of the benefits achieved in Toledo, one of the first cities in the state to enact an income tax. "The people appreciate the benefits because they have renewed the tax," he said.

Lukens also cited Middletown's experience where City Council imposed an income tax after a levy was defeated and some unions talked of a referendum. However, he said, firemen were active in the central labor organization and went before the group and the proposed referendum never developed.

"In my opinion, the improvements achieved here are directly the result of the income tax. I believe it should be pointed out that East Liverpool is only as good as the people make it," Lukens concluded.

Rutter and Lukens were introduced by Dan Eberhart of Youngstown, state vice president, who commented the improvements have been needed "for many, many years." He pointed out Local 24 was among the first in the nation.

In obligating the new members, O'Doherty said, "A city can't expect to have good fire and police departments unless it offers decent wages and proper equipment. Any city that lets its departments go down, goes down with them."

Sworn in as members of the local were Richard Bissell, Austin Conley Jr., James Curry, Joseph Gebauer, D. J. Hays, Richard Plumley and Ralph Wood.

Mayor Fred P. Lawrence declared the addition of the new men is a "permanent step forward for the department." Discussing the income tax briefly, he said, "I'm convinced it's for the good of the community. I believe the majority want the tax because they realize it is the only way to have the benefits the tax funds provide. No one has suggested an alternative to raise the funds."

Safety - Service Director Dan Maggianetti and Chief Charles Bryan also spoke briefly. The invocation was offered by the Rev. M. Rudolph Miller, pastor of the First Presbyterian Church. Frank Shone, president of Local 24, presided. The dinner was served by wives of the firemen.

NEW FIREMEN. These seven new members of the fire department were obligated into Local 24, International Association of Fire Fighters, during a dinner Tuesday night at Central Fire Station. John J. O'Doherty of Lorain, international trustee, is showing distributing membership cards. The firemen, left to right, are Ralph Wood, Richard Bissell, D. J. Hays, receiving card, James Curry and Austin Conley Jr. In the back row are Richard Plumley and Joseph Gebauer.

FIREFIGHTERS CONFER. John J. O'Doherty of Lorain, international trustee, confers with Frank Shone second from left, president of Local 24, International Association of Fire Fighters, following a dinner Tuesday night at Central Fire Station. At the extreme left is Dan Eberhart of Youngstown, state vice president, and at the right are Robert M. Lukens of Middletown, state secretary-treasurer, and Joseph Rutter, superintendent of the classification department of the Ohio Inspection Bureau, who was principal speaker.

Kaycee Council Plans Commemorative Rites

Plans for the annual commemorative service for deceased members were outlined by Carroll Council 509, Knights of Columbus, at a meeting Tuesday night at the K. of C. Hall.

The service will be held Veterans Day, Tuesday, Nov. 11. Council officers will be in charge.

James Buchheit, grand knight, conducted business. The next meeting will be Tuesday night at 8.

Track Crew Suspends Repairs To Crossing

SALINEVILLE — Improvement of the E. Main St. crossing was suspended Tuesday afternoon by a Pennsylvania Railroad crew which was called for emergency work on tracks elsewhere in the district.

One track has been raised to improve the crossing. A siding track has to be raised, and then the approaches to the crossing will be improved, railroad officials said. The work will be resumed later.

Bricker Takes Re-Election Bid Into Cleveland

CLEVELAND (AP)—U. S. Sen. John W. Bricker brought his campaign for a third term back to Ohio's biggest city today after talks Tuesday in Elyria on foreign policy and in Norwalk on atomci energy.

The former Republican governor is on the Joint Congressional Atomic Energy Committee and if re-elected would be the second-ranking member in seniority. He pledged that he would devote himself to developing the industrial and agricultural potential of the atom.

"The more we use atomic energy for peaceful purposes, the less likely that we'll use it for war," Bricker told the McKinley Club of Huron County at Norwalk Tuesday night.

"I see in this field the possibility of greater agricultural production and the opening of a bright new page in medical history."

Teacher Says Innocent To Disorderly Charge

CLEVELAND (AP) — Roy Englert, 33, a teacher at Summit County High School, pleaded innocent when arraigned Tuesday on a charge of disorderly conduct. Englert was accused of making an obscene telephone call to a 22-year-old woman.

Municipal Judge Andrew J. Kovachy continued the case until Nov. 18.

Englert, who gave a Massillon address, was arrested Friday night by vice squad officers. The vice squad set a trap for a man who telephoned and made a date with the woman.

Four Motorists Fined For Traffic Violations

Four motorists cited by the State Highway Patrol were fined for traffic violations at hearings Monday before Mayor William J. Shoub of Wellsville.

Fined were Roy Post of Lisbon R. D. 2, $10 for not having an operator's permit; Canada Freeman of Glenmoor, $10 and costs for permitting an unlicensed minor to drive; Gene Jarvis, 1012 Railroad St., East Liverpool, $10 for operating a vehicle without mud flaps, and Arthur Broadbent, 805 Wood St., Wellsville, $10 and costs for passing over a yellow line.

96 City Students Take Tests For Scholarships

Ninety - six East Liverpool High School juniors and seniors took the 1958 scholarship qualifying test Tuesday morning.

The two - hour test was administered by Principal George Hargraves and Bert A. Dawson, dean of boys, and Mrs. Ruth Conner, dean of girls.

The scholastic aptitude test is designed for the preliminary selection of candidates for college and sponsored scholarships on a national, regional and local level, and also can be used in the school guidance program. It is under the control of the College Entrance Examination Board, an association of more than 200 colleges and universities and 30 educational associations.

16 Activity Clubs Launch Seasons

Sixteen activity clubs launched their 1958-59 season this morning at East Liverpool High School, Principal George Hargraves announced.

The clubs will hold 35 - minute meetings, with the other dates set for Nov. 5, Nov. 19, Dec. 3, Dec. 17, Jan. 21, Feb. 4, Feb. 18, March 4, March 18, April 8 and April 22.

Students not enrolled in the clubs will have study periods on the days the clubs meet, the principal explained.

The clubs and their sponsors are: Boosters, Harold Bricker; boys' vocal ensemble, E. King Mathews; dance band, Don Allen; drama, Ronald Borris; driving, Austen Moore; forum, John Monasky; French, Miss Hilda Werner, and Future Nurses, Mrs. Edna Jones.

Future Teachers, Miss Helen Capehart and Mrs. Grace Brown; girls' drawing, Harold Ginder; Latin, Miss Mary Anne Lindsey; library, Mrs. Erla Betts; mathematics, Nate Lorah; science, Wilbert Moore and Leslie Jackson; Spanish, Mrs. Ruth Earl, and varsity, Reynold Peduzzi.

No. 16 PTA Will Hear Superintendent's Aide

Lorin Ruff of Lisbon, assistant county superintendent, will be guest speaker at a meeting of the No. 16 School Parent - Teacher Association Friday night at 8 (EST) in the Yellow Creek Township Home.

Ed Serafy, president, will conduct business. Fourth and fifth grade pupils taught by Mrs. Dorothy Price will conduct devotions.

Mrs. Oweeta Rice and Mrs. Ruth Householder will be in charge of lunch.

The ways and means committee will meet at 7.

East Fairfield

Miss Mary Webber and Misses Mary Duffy and Margaret Morrow, both of Columbiana, are vacationing in Florida.

Mr. and Mrs. Ed Esenwein and Mrs. Martha Crook of here and Mr. and Mrs. Fred Williamson of Rogers visited Thursday with Mrs. G. H. Klotz of Malvern.

Mr. and Mrs. Dwain Hawkins and children attended a Guernsey cattle sale Saturday at Clinton, N. J. En route home they visited relatives in Nazareth, Pa.

Mr. and Mrs. Dale Cusick, newlyweds, were feted Saturday night at the Fish and Game Club at New Waterford.

Mr. and Mrs. Lavern Esenwein of Ravenna were Sunday visitors of Mr. and Mrs. Paul Esenwein.

Mr. and Mrs. Chalmer Webber, accompanied by Mr. and Mrs. Robert Young of Woodworth, visited points of interest near New Philadelphia Sunday.

Mr. and Mrs. William Drasdo arrived home Monday from a vacation at Ft. Lauderdale, Fla.

Mr. and Mrs. Charles Crook and family, Mr. and Mrs. Robert Crook and sons, Mrs. Martha Crook and James Crook were Saturday evening dinner guests of Mr. and Mrs. William Crook of Columbiana.

Heckenstuhls may be purchased in the Amish community of Charm, Ohio. A heckestuhl is an old-fashioned rocking chair made from hickory saplings. They are standard equipment in every Amish home.

Rotary Hears Of Gains Made With Tax Help

Warner Discusses Progress As Result Of Fund Increase

The progress being made with funds realized in the last six months from the city income tax was underscored by B. E. Warner, president of City Council, in a talk to the Rotary Club at its noon luncheon Tuesday in the Travelers Hotel.

Warner substituted for George Willshaw, chairman of Council's finance committee, who was called out of the city on business. Seventy attended the meeting.

—:—

WARNER pointed out a long list of improvements made in the city's police and fire departments, the street repair program and other marks of progress since the income tax was passed by Council. He also outlined future improvements that are planned if the tax is retained Nov. 4.

The tax repealer was placed on the ballot at the request of the city's Trades and Labor Council and if upheld by the voters, will remain in effect until 1960, Warner said.

"Most opponents of the income tax plan are against it because they don't like the way Council initiated it," he continued, and then explained that Council was faced with a budget of only $369,000 for all city departments and that "it had to be done that way."

Warner pointed out that as president of Council he could be neutral on the proposal but said he "is thoroughly in favor and always, had been." "The income tax spells progress to me," he said. "East Liverpool can progress along with other major communities in the Ohio Valley if voters pass the issue Nov. 4."

—:—

"THE TAX has enabled the administration to put the Police Department at increased strength, send its officers to training schools, provide funds for purchase of equipment for a crime laboratory and make possible purchase of identical equipment for all policemen," he declared.

Turning to the fire department, Warner said its staff was increased by five men, while Scott Air Packs had been purchased for combatting chemical fires, new foam generators have been bought for use in oil fires and a $4,000 improvement of the doors at the Central Fire Station is now under way.

He further pointed out that since the tax had been passed, four men had been added to the Street Department for oiling and sealing streets, unpaved streets in the city have been oiled, 19 streets sealed and 13 more are now in the progress of being resealed.

Other accomplishments aatibuted to the tax include a 10 per ent raise for city employes, appointment of a restaurant inspector, dog warden, purchase of a dog truck with a two-way radio and Salk polio shots for 1,700 of the city's children. "Money is also available now for free rabies shots," Warner said.

"There has also been an upgrade in city service, and the first step toward a city recreation program has been made," he added.

"When did an administration do so much?" he questioned Rotarians, and pointed out that long-term loans in the past had obligated the city for long-term spending. "Issuing long-term bonds cost the city in progress," he declared, and said that "downtown streets paved in 1948 still have a year to go before being paid for."

—:—

WHEN questioned as to what the administration would do if the income tax measure was not passed next month, Warner said that "council will have to resort to its original budget", resulting in "salary cutbacks, dismissal of several on the city's payroll, including four of the street department, with a resulting drop in morale."

"We can't throw up our hands and say no play if the issue is not passed," Warner said, "but the progress of the city will be hindered."

He cited dismissal of adult school guards as one o fthe steps that would have to be taken if the tax is not passed.

Warner was introduced by Mayor Fred Lawrence, who also introduced Safety-Service Director Dan Maggianetti. Burton Kerr was program chairman. Dean Wilhelm, president, presided.

Rogers WSCS Dinner To Be Held Saturday

ROGERS — A turkey and ham dinner will be served at the Methodist Church Saturday night, not Friday night by the WSCS. It will begin at 5.

Apple butter and pies will also be sold. Proceeds will be used for a new church addition, Mrs. Ruby McMilland, president, said.

Beekeepers To Meet

LISBON—The Columbiana County Beekeepers' committee will meet Thursday at 8 p. m. (DST) in the extension office to plan the annual meeting and next summer's twilight meetings, according to Albert R. Pugh, assistant county agent.

Sherry gets its name from Jerez, the ciyt which is the center of sherry wine production in Spain.

Legal Battle May Test Civil Rights Agency

TUSKEGEE, Ala. (AP) — The Civil Rights Commission's failure to gain access to county voter records may touch off a legal struggle which could forecast effectiveness of the federal agency in the South.

Implications are strong that a state's right to governmental privacy as well as racial discrimination will be prime factors in any federal action over Macon County's closely guarded registration files.

Such a legal fight, some observers believe, might make or break the new Civil Rights Commission.

White supremacy will not be surrendered easily in Macon County, where racial strife long has been commonplace, these observers say. And Atty. Gen. John Patterson, Democratic nominee and thus assured of the next governorship in this Democratic stronghold of the Deep South, has solidly blessed efforts to maintain white reign.

Negroes outnumber white residents about 6-1 in the county, home of famed Tuskegee Institute. At the polls, however, white voters rule by a 2-1 margin and sew up all county and city government posts.

Defiance of any possible change in this pattern came to the fore Monday when county voter registration officials refused to turn over their records of two of the commission's agents from Washington.

Indications that a showdown may be brewing came Tuesday night in a telephone interview between the Montgomery Advertiser and A. H. Rosenfeld, director of the commission's Office of Complaints, Information and Surveys.

"The commission will have to consider some sort of action when it meets in Washington Thursday," Rosenfeld said, "but I don't have the slightest idea what the action will be."

Rosenfeld, reached at Alexandria, Va., said he had not heard from Burton J. Goodyear and O. J. Peterson, the agents who he said "intended to check the voter records as a result of complaints we had received."

Fingerprints Needed To Link Body To Fraud

WARREN, Ohio (AP)—Fingerprint reports were needed today to clinch a tentative identification and link a body fished from a private lake with a $14,645 embezzlement of union funds.

The body found in Cedar Lake, south of here, Tuesday was identified tentatively from a skin graft and a wedding ring as that of Richard Brown, 22, of Mineral Ridge.

There was a bullet hole above the left eye. Coroner Harry Elston Jr. said, "It looks like homicide, not suicide."

Dr. Elston said the tentative identification was made by Brown's wife, Carole, who with her husband was charged two months ago in connection with embezzlement from Carpenters Union Local 17 by appropriating signed blank checks. Mrs. Brown was secretary for the union.

While awaiting grand jury action, the Browns were freed on bond. Brown disappeared about 10 days ago but never was reported missing, authorities said. The couple has two children, age 4 and 1.

Elston and Trumbull County Sheriff T. Herbert Thomas agreed to await the fingerprint report before making a positive identification of the dead man.

Films To Be Shown For Midland Squires

Columbian Squires Circle 611 of Midland will see movies at a meeting tonight at 7:30 at the Knights of Columbus Hall on Midland Ave.

"Steel — Man's Servant" and "Mackinac Bridge Diary" were produced by the U. S. Steel Corp. and are being shown as part of the circle's monthly social project. David Bruno will screen them.

Sunday, Francis Sopko, chief squire, and Martin Schulte presented plaques bearing the 10 commandments and the seven commandments of the church to Sister Margaretta and Fr. Francis E. Paul of the Presentation Catholic Church on behalf of the squires.

Louis Bruno, grand knight of K. of C. Council 2005, and Ralph Bernabie, chief councilor, attended the presentation.

The squires will receive Holy Communion in a group at the 7:30 a. m. Mass Sunday.

Medical Group Hears Speaker On Diabetes

About 50 attended a dinner meeting of the Columbiana County Medical Society Tuesday night at the Hotel Wick at Lisbon at which Dr. P. G. Skillern of Cleveland spoke on diabetes.

On the staff of the Cleveland Clinic's division of endocrinology, Dr. Skillern outlined methods of treatment and detection of diabetes. Dr. R. C. Costello, president, was in charge.

About 40 members of the society are attending a post-graduate assembly of the 6th Counciler district today at Akron at which top-flight medical authorities will speak.

School Bonds Will Cost No Extra Taxes

Residents Of Stanton District Told Power Plant Enables Cut

Jefferson County Auditor Stephen J. Hamrock told Stanton School District residents Tuesday night that property owners will pay no additional taxes by approving a $498,000 bond issue at the Nov. 4 general election.

Hamrock told some 70 at a public meeting at Hammondsville School that due to revaluation of the Stanton District because of construction of the multi-million dollar Ohio Edison Co. plant at Stratton, the tax potential of the school district has been boosted from $5 million to $11 million — doubling funds available for school operating expenses.

Stanton voters will go to the polls Nov. 4 to decide the $498,000 bond issue calling for a new 10-room consolidated building at Empire and a $19,000 inside toilet project at the Hammondsville building.

Hamrock said that while a 5.1 millage rate on each $100 valuation in property was previously asked on the bond plan, the rate will now be decreased to 2.5 mills due to construction of the power plant.

The County Budget commission will then be asked to reduce the school district's current operational levy by an equal amount, or 2.5 mills, offsetting a possible tax increase if the bond issue is approved.

Stanton officials added that because ballots for the election have already been printed to permit absentees to vote, the ballot wording will read 5.1 mills for the bond plan but will actually mean 2.5 mills because of the decrease.

The new school proposal and the inside toilet plan will be coupled together on the ballot, officials said. The Hammondsville school is said to be the only one in the area without inside toilet facilities.

Proponents for the bond issue have organized a citizens' committee and have sent out letters urging support of the project to provide classrooms for students along the riverfront.

The present Stratton and Empire buildings are both in "poor condition and unfit for school purposes," while neither measures up to recently adopted standards of the State Department of Education, according to officials.

The third school in the riverfront area, Port Homer, is to be razed to make way for re-location of State Route 7.

County School Supt. Ray B. Roshon also attended and told the group that "Stanton has all the facilities available to make it one of the best district in the state of Ohio if the plant is operated properly." Don Carson, chief tax deputy of the auditor's office, also attended.

Doctors, Nurses Win Fight To Save Smallest Baby

BELFAST, Northern Ireland (AP) — A team of doctors and nurses has won a fight for the life of a baby claimed to be the smallest ever to survive.

Teresa Toner, nicknamed Penny, weighed only 1 pound 6 ounches when she was born 14 weeks prematurley at a Downpatrick hospital Sept. 11.

She was rushed to the Royal Maternity Hospital in Belfast and placed in an incubator. She has been there ever since.

Today the baby weighs almost two pounds, is 13½ inches long. Doctors hope she'll be home for Christmas.

Penny is the seventh premature child born to Mrs. Rosaleen Toner, 32, wife of a postman. Four of the babies died after birth.

Barents Sea Is Site Of Reds' New A-Tests

STOCKHOLM, Sweden (AP) — Swedish scientists say the current series of Soviet nuclear test explosions is being held in the Barents Sea 1,350 miles north of Moscow.

Markus Bath, an assistant professor at the seismic laboratory at Uppsala wrote today in the newspaper Dagens Nyheter that measurements at four stations in Sweden pin down the tests to the same area where Russia held tests last year and early this year.

The spot is about 40 miles west of the central coast of Novaya Zemlya, an island between the Russian coast and the Arctic Ocean.

15 Concessions Slated For Hillcrest Carnival

Some 15 concessions will be featured at the carnival of the Hillcrest-Fairview Parent-Teacher Assocation Friday night at 7:30 (EST) in the Yellow Creek Township school.

Movies, home baked goods, fish pond, duck pond, penny scramble, a white elephant sale and gift shop are among the concessions. There will be a prize for children.

The ways and means committee, under the direction of Mrs. Dorothy Rardin, is in charge of the fund-raising project for the school.

Oysters chosen to bear cultured pearls require seven years to produce a gem.

Hearings Due On Ohio Bell Rate Hike Bid

COLUMBUS, Ohio (AP) — The Utilities Commission has opened public hearings on Ohio Bell Telephone Co.'s 28 million dollar rate increase request.

At the same time there were indications Ohio Bell and cities fighting the proposed increase may still settle the dispute by negotiation.

At Tuesday's opening hearing Ashley M. Van Duzer, company counsel, told the commission that Ohio Bell earnings are lower than those of other major telephone companies and that expenses have been increasing faster than earnings since the company got a $7,633,750 rate increase Dec. 31, 1954.

Gordon N. Thayer, company vice president in charge of operations, said the company will not be able to expand its services unless it gets more revenue. He said the company has been forced to economize on expenses.

Representatives of the cities fighting the rate increase request mad brief opening remarks in which they agreed that the company is entitled to some increase but not nearly as much as they are requesting.

Ferd Pickins, Columbus utilities director and head of the committee of city representatives, made arrangements with the Utilities Commission to have the hearings continued to a later date if and when the cities and the company resume independent negotiations.

No meeting is scheduled and previous negotiations have been unsuccessful. But Pickins told newsmen he asked for a possible continuance of the utilities hearings "ust to keep my foot in the door."

Company officials interpreted his request as a sign that there will be further negotiations.

How Can I? ? ?

By ANNE ASHLEY

Q. What is the real secret of successful ironing?

A. The efficient laundress will always iron an article until it is thoroughly dry. If this is not done, the garment will dry out later with a rough appearance.

Q. What is the best kind of container, in which to keep potatoes?

A. A wire wastepaper basket is good for this purpose. The air can circulate through it, and it will not attract insects.

Bank Robbery Trial Of Canton Man Due Jury

LOUISVILLE, Ky. (AP) — The bank robbery trial of Charles A. Walker was expected to go to a U. S. District Court Jury today.

Walker, 30, of Canton, Ohio, is accused of helping rob a Louisville branch of nearly $110,000 last Dec. 9. Another Canton resident, Darl Lee Parker, faces trial later on the same armed robbery charge.

Walker and his family, including a 9-year-old daughter, testified Tuesday he was in Canton the day of the bank holdup here.

Kathy, the defendant's daughter, was asked softly by a defense attorney when she took the stand:

"Do you know what happens to little girls who don't tell the truth?"

"They don't go to heaven," Kathy said.

"You wouldn't lie to save your daddy?"

"No," Kathy said.

The testimony by Walker, his wife and mother was that Walker was in Canton the day of the robbery and later drove to Akron, Ohio. The defense produced a Canton drugstore signature book indicating Walker purchased cough medicine there Dec. 9.

Leaves $1,927,923

OMAHA (AP)—Eugene C. Eppley, hotel magnate who died Oct. 14, left bequests totaling $1,972,923 in his will. An executor of his estate said most of his assets were transferred to the Eugene C. Eppley Foundation prior to his death. Eppley was born in Akron, Ohio, and started his business career in Canton, Ohio.

Large Ship Reactor Goes Into Operation

IDAHO FALLS, Idaho (AP) — A large ship reactor designed to prove the effectiveness of atomic propulsion for a cruiser and an aircraft carrier went into operation Tuesday at the nearby National Reactor Testing Station.

Rear Adm. H. G. Rickover, chief of the Navy's nuclear program, was present when the reactor sustained a chain reaction.

Rickover said he feels the large ship reactor will prove as revolutionary as the atomic submarine.

"We may find new, undreamed of uses for big surface ships. These are things that must be tried out before we can fully assess their value," he said.

The prototype power plant is a huge hull with two atomic reactors driving a single shaft. It was designed for two nuclear-powered ships now under construction —the guided missile cruiser Long Beach and the aircraft carrier Enterprise.

Sen. Henry Dworshak (R-Idaho) a member of the Joint Congressional Committee on Atomic Energy, said surface ships powered by the atom could eliminate tankers and big fueling installations ashore.

The prototype power plant was designed and developed by Westinghouse Electric Corp. in cooperation with the AEC. The Newport News Shipbuilding and Drydock Co. built the simulated hull and the installed nuclear and machinery plant components under a subcontract with Westinghouse.

Neighbor Held In Shooting Death Of Piketon Man

WAVERLY, Ohio (AP) — Guy Clark, 48, of near Piketon, was found shot to death on a country road five miles southwest of here Tuesday night.

Sheriff Jesse Foster and Pike County Prosecutor Wray Bevens said they are holding Odd Woodruff, a neighbor, in connection with the shooting. No charges have been filed.

The sheriff said Mrs. Woodruff called him Tuesday night saying her husband had been drinking and had chased her and her five children from the house. Investigating, the sheriff found the body of Clark in the road, and then discovered Woodruff, apparently asleep on the front porch of his home.

Officers said Woodruff, Clark and another man had been drinking together during the evening. An antique .22 caliber revolver was found beside Clark's body, but it was fully loaded and had not been fired. The sheriff said he was searching for a revolver belonging to Woodruff.

In a public opinion poll in Sweden, about 30 percent of those questioned said the United States is the country they would most like to visit.

Real Income
Self-Service
Toy Route Business

We are highly respected toy brokers rated by Dun & Bradstreet, selling toys nationally. Now expanding in your area.

Our distributors' toy reorders are pouring in because our toys are not "average rack merchandise." We have the largest assortment, widest price range, best packaging.

Since there are some choice territories available in this general area, a few sincere individuals will acquire a profitable self-service, "TOY STATION" route in grocery, drug stores, etc., WHICH WE WILL ESTABLISH FOR YOU. Cheap toy racks are rapidly being replaced by the sensational "Tak-A-Toy" merchandising displays. The stores make money. So do you, but this is

NOT A GET-RICH-QUICK SCHEME.

Our representative will arrange appointments soon in your vicinity to present complete details. Must have a car and $590 cash for toys, displays and store accounts. Write fully about yourself, give address, phone number to:

Tak-A-Toy Distributors

Heidi To Be Given Nov. 13

Board Of Women's Clubs Advances Plans For Play

The executive board of the City Federation of Women's Clubs advanced plans for the presentation of a children's play, "Heidi", when it met at the Review conference room Tuesday night.

The three-act play will be given by the Grace Price Children's Theater of Pittsburgh at 2 p. m. Friday, Nov. 15, at Westgate Auditorium as a benefit for the clothing and shoe fund, the federation's project aiding needy district school children.

Mrs. Raymond Akins and Mrs. Howard Treleven, co - chairmen, announced that two tickets will be mailed to each federation member and community leaders who have supported this project in the past.

During the business meeting conducted by the president, Mrs. Richard C. Mayers, plans were announced for the general federation meeting at 8:30 p. m. on Thursday, Nov. 13 at the Mary Patterson.

Mrs. Bee Toner of Pittsburgh, manager-chaperone of the U. S. Olympic women's swimming team, will discuss "Goodwill, Friendship And Understanding Among The Nations Through Olympic Games." Mrs. Everett Chandler, program chairman, will be in charge. Refreshments will be served.

Tuesday night's meeting opened with the reading of the club women's collect by Mrs. Mayers, followed by a silent prayer in memory of the late Miss Agnes Cleland, a member of the executive board for many years.

Roll call by the secretary, Mrs. Bernard Swoger, was answered by 17. Miss Virginia Hamilton, treasurer, gave a report on federation funds and reminded clubs that dues should be sent to her as soon as possible.

Mrs. Mayers introduced Miss Ora McElroy as the new Senior Citizens chairman, replacing Mrs. Glen Donaldson, resigned. Miss McElroy is a member of the Garden Club.

The board agreed to sponsor a fall amateur art show in cooperation with the Carnegie Public Library.

Quartet Group Will Entertain 60 Barbers

Sixty district barbers will be guests at a "Barbers' Night" program to be held Monday at 8 by the East Liverpool Chapter of SPEBSQSA, Inc.

Invitations have been extended to barbers in East Liverpool, East Palestine, Salineville, Chester Newell, Wellsville and Lisbon. The barbershoppers will sing and refreshments will be served.

The chapter met Monday night. William E. Brooks, vice president, said the barbershop quartet music originated in and around barber shops and the move was made to set aside one night a year as "Barber Night."

Guests were James Ferguson and Philip A. Fuhrer. Glenn A. Woods, president and chorus director, announced an executive meeting will be held Friday night at the home of Harold Putt of Armstrong Ln. The committee includes Dean Manning, Fred L. Kane, Howard Claypool, Gerald Jividen, Robert Blatchford, Wilbur Newman, Brooks, Putt and Woods.

Rehearsals have been started for the "Parade of Quartets" to be held in March at Westgate Auditorium. The chorus will have new uniforms for the show. The Confederates of Memphis, Tenn., will be the feature attraction.

More than twice as many males as females are killed each year in accidents, according to the National Safety Council.

2 New Voting Places Picked

4-A, 4-D Changed For Wellsville Vote

Wellsville voters residing in Precincts A and D of the Fourth Ward will cast ballots at different locations at the Nov. 4 election, Auditor E. S. Davidson said today.

The polling place of 4-A will be Vernon's Used Car garage at 17th and Commerce Sts. instead of the Baptized Holiness Church, 1617 Main St.

The 4-D place will be in the Morgan Williams home, 1754 Clark Ave., instead of the Mrs. Josephine Cain home at 1761 Maple Ave.

The Baptized Holiness Church served as a voting place for only a year as the booths previously were located at Vernon's.

The voting places are:

Ward 1 — Precinct A, LaScola home, 210 3rd St., and Precinct B, City Hall, 5th and Main Sts.

Ward 2 — Precinct A, Smith Heating, 715 Main St., and Precinct B, fire station, 9th and Main Sts.

Ward 3 — Precinct A, Central Methodist Church, 10th and Main Sts., and Precinct B, John Prezzia Store, 1323 Main St.

Ward 4 — Precinct A, Vernon's Used Car garage, 17th and Commerce Sts.; Precinct B, Harry Hammond Store, Aten and Clark Aves.; Precinct C, West End Garage, 1829 Clark Ave.; Precinct D, Morgan Williams home, 1754 Clark Ave., and Precinct E, Mrs. George Williams home, 113 18th St.

Ohio Director Cited

ASHVILLE, N. C. (AP)—Herbert B. Eagon, director of the Ohio Department of Natural Resources, has been elected an honorary member of the Soil Conservation Society of America. The society at its 13th annual meeting Tuesday night also elected Lloyd L. Harrold, project supervisor, soil and conservation research service at Coshocton, Ohio, to fellowship in the society.

Strikers Vote Today

DAYTON, Ohio (AP)—Members of Local 755 of the International Union of Electrical Workers will vote this afternoon on whether to accept a settlement of their grievances and end a 20-day-old strike against Delco Products Division of General Motors. Negotiators for the union and the company announced a tentative settlement Tuesday night. Seniority provisions is the principal issue that has kept the workers out since Oct. 2.

WHAT EVERY WOMAN SHOULD Tell her husband!
There has never been a better time to buy bedroom furniture than NOW!
It's true. Today's economic conditions make it possible for you to buy at greatly reduced prices — yet today's modern manufacturing methods give you furniture quality never equalled before. This simply means that today you can buy better furniture at less cost than ever before. For example — look at the lovely bedroom suite below, then look at the price. It makes sense to buy now and save.
Broyhill BETTER STYLED FOR BETTER LIVING
You can own this beautiful bedroom for only
• DOUBLE DRESSER
• BOOKCASE BED
• CHEST
$179.95
$2 PER WEEK SMALL DOWN PAYMENT
This is the kind of furniture that always wins compliments, because you can see the quality at a glance. Dresser and chest are fully dustproof, dovetail construction drawers are center guided for smooth movement, mirror is genuine plate glass, and there are other quality features that make this a truly unusual value. It cannot be illustrated to show its true beauty — come in and see the actual furniture.

VOTE DEMOCRATIC

COUNTY DEMOCRATS ADOPT PLATFORM

1. We believe the commissioners should accept surplus food for our county's needy. We condemn the present commissioners for not acting on this program, and we pledge — after electing two Democratic commissioners—to put this program into effect.
2. We believe all automobile dealers should have the right to bid on cars purchased for the county. We do not agree with the present system of the commissioners in asking only a select few dealers to bid. We pledge that if R. Max Gard and Frank Wilson are elected commissioners, all dealers will be asked to bid every time an automobile is to be bought by the county.
3. WE DO NOT think the county's taxpayers should have to pay $180,000 for a reappraisal of the county's real estate. We feel if the present county auditor would do his own work, he could save the county thousands of dollars. We pledge, with the election of Kenneth Bell as auditor, the appraisal will be handled by the auditor's office and local people will be hired to aid Bell in the appraisal. This will also provide more employment on the local basis.
4. We also condemn the county auditor for not publishing a financial statement every year. We feel every citizen of Columbiana County has a right to know what condition our county's finances are in. We pledge Mr. Bell will publish a statement annually according to law.
5. The Democratic party of the county frowns upon the way present commissioners purchase gasoline and tires for county equipment. We do not think only friends of the commissioners should be able to sell to the county, but that every businessman in the county should have the opportunity to bid. We feel thousands of dollars can be saved by taking bids, and we pledge that Mr. Gard and Mr. Wilson, if elected will purchase items bid.
6. IT IS our belief the county is not receiving its fair share of modern highways, considering the county is among the top 15 largest of Ohio's 88 counties. We have only four miles of four-lane highway, and we feel our tax dollars are being spent elsewhere. We pledge John F. Kelly will work in the State Legislature to get more modern highways for the county, thus helping attract new industries.
7. We pledge that Attorney Robert S. Hartford will hold Common Pleas Court sessions from 9 a. m. until 4 p. m. and as a working judge, will help bring the court dockets up to date. We feel the present judge, seeking re - election, is not doing this and our dockets are filling up with court cases.
8. We pledge Carl L. Stacey will give prompt and efficient service in the title and legal departments five and a half days a week when elected clerk of courts.

VOTE DEMOCRATIC FOR A CHANGE
